Public Service Company Will Increase Force of Men Under N.R.A.

The Public Service company of Northern Illinois last week signed the N.R.A. code for gas and electric utilities and the Edison Electric Institute and approved by the N.R.A. at Washington, according to a statement issued from the company's general offices.

The statement says that this move will add substantially to the expenses of the company but that increased work will be given to present part-time employes and former employes will be recalled as rapidly as may be needed. Inasmuch as the company operates 24 hours a day and requires highly skilled men, the adjustment of hours presents many difficult problems which are now being worked out by the company organization.

In a statement issued earlier this week, the company's vice chairman, George A. Ranney said: "The Public Service company is in full sympathy and accord with President Roosevelt's program for industrial recovery."

54-Ride Commuter's Ticket to Go Into Effect September 1

A new commutation ticket, cutting the monthly costs 10 per cent for good suburbanites, will go into effect on the Chicago & North Western railway September 1, when a 54-ride individual monthly ticket, priced 10 per cent lower than its 60-ride brother, is added to the North Western's ticket family, R. Thomson, passenger traffic manager of the road, announced last Thursday.

"We feel that the new 54-ride ticket will fill a long-felt need," Mr. Thomson stated. "Our new tickets for this quarter will be available for distribution August 25.

"Our recent experiment of offering a free round-trip bus ride to A Century of Progress grounds from our Madison street station with all round-trip shoppers' tickets of 50 cents or more has proven very popular. Many of our patrons have said that this is the most convenient way to get to the world's fair."

Quotation Not in Bible

"The time will come when you cannot tell summer from winter except by the putting forth of the buds and the falling of the leaves." This quotation is not in the Bible, and its origin is not known. Genesis 8:22 seems to express a contrary idea: "While the earth remaineth, seed time and harvest, and cold and heat, and summer and winter, and day and night shall not cease." The quotation probably was suggested by misconstruction of the words attributed to Jesus in relating the parable of the fig tree, Matthew 24: 32, 33. "Now learn a parable of the fig tree; When his branch is yet tender, and putteth forth leaves, ye know that summer is nigh."—Indianapolis News.

Trap Shooters at Vandalia

Barrington is represented at the Grand American trap shooting meet at Vandalia this week with J. A. McFeister, Walter Winteringham and William Stumpf participating. Each of the men is a member of the Northern Illinois league championship team from this village. The preliminary handicap was scheduled for Thursday and the Grand American handicap for Friday.

Arts Reflect Life

The arts reflect life and its changes with peculiar freedom and directness.
