July, 1994

Dear Reader,

Were you one of the fortunate party goers attending the Barrington Chapter of Lyric Opera of Chicago's "Phantom of the Opera?" It was thrilling! The music was truly unique, the food great and the hospitality of Mr. and Mrs. Jasper San Filippo was so warm and gracious. The co-chairs of the gala, Judith Meils and Raynette Seger, both of Barrington Hills, and their committee are to be complimented on an outstanding job!

Don't miss the Barrington Horse Show July 19-24. Riders will be competing for \$100,000 prizes/awards. This show features some of the U.S.'s finest breed horses and expert riders. (Hunter, Jumper, Carriage and Pony divisions.) The Barrington Horse Show was awarded "The Best Show" in the state by the Illinois Hunter Jumper Association. The show benefits The Hospice Program of Northeastern Illinois and Barrington Youth Services.

Enjoy the season! Until next time, may all your thoughts be sunny!

With warm regards,

## About Our Cover

From the Jean-Louis Scherrer Boutique, Paris by Emmanuel Chaussade. As part of the Spring-Summer Collection 1994: White guipure jacket, white crepe trousers and strapless.

**"Barrington's Phantom of the Opera"  
A Night To Remember**

Guest artist organist Lyn Larsen, from Arizona, gave members and guests of the Barrington Chamber of Lyric Opera of Chicago a thrilling concert. Introducing Lyn were co-chairs of the gala, Raynette Seger and Judith Meils.

Scott Teasdale, Crystal Lake, with Marian San Filippo and Raynette Seger. Scott donated a signed and numbered limited edition lithograph, "Love's Pursuit" by Bradley J. Parrish as part of the silent auction.

There to enjoy the spectacular evening were Tressa Borkon and Helen Berndtson, both past presidents of BCL. With them is "Barrington Phantom" Todd Sholeen, of Barrington Hills, also a member.

Jim and Wanda Hollensteiner, of Barrington (with the "Phantom"), were there to enjoy a gourmet feast followed by the superb concert which was played on the largest theatre pipe organ in the world! Wanda is immediate past president of the Barrington Chapter of Lyric Opera.

Front row are Marian San Filippo, and co-chairs Raynette Seger and Judith Meils. Back row: Jasper San Filippo and the "Barrington Phantom," all of Barrington Hills. The San Filippos very generously opened their beautiful home for this extraordinary spring occasion.

Top row: Michael Sullivan, the "Phantom," and Bob Owens, with Louise Sullivan and Kay Owens. The Sullivans, of Barrington Hills, had guests attending from Denver — Kay is Michael's sister.

## Bon Jour Mes Amis

The month of July brings us the celebration of Bastille Day, on Thursday the 14th. This is a great time and, even though I am no historian, I look at this holiday as a symbol of the continuous, if sometimes challenged, solid relationships between two beautiful countries: two peoples that cherish freedom, independence, democracy.

This year, especially, brings an added meaning, since 1994 also is the 50th anniversary of "D" Day: a colossal enterprise, the technical and moral magnitude of which remains beyond comparison. Thank you to all those heroes: thank you America. Let us not forget, let us celebrate together on Thursday, July 14th.

## The Perfect Place For Celebrations

*Once a 1915 train station, it now lives on as the dining room and bar of Chessie's Restaurant. Adjoining the old station is a 1927 vintage Illinois Central railroad car and a skylit atrium that overlooks the lovely shops of the Barrington Ice House.*

There always seems to be a special occasion on the horizon. Maybe it's an anniversary, birthday or engagement. Or maybe one of life's little triumphs happened . . . a Little League homerun or returning from summer camp. Whatever the occasion, come and discover why every occasion at **Chessie's** is special.

You'll love the uniqueness of having a choice of atmosphere: a charming old Chesapeake and Ohio dining car with its rich carved-wood ceiling and wonderful cluster chandeliers; or the old 1915 railroad station, now a trendy pub-like lounge and dining room or the airy atrium room

which overlooks some of the lovely shops of the Barrington Ice House.

For bowling banquets, rehearsal dinners, or any party between 25 and 80 guests, **Chessie's** has a lovely private room downstairs. Be sure to inquire.

And ladies, every Wednesday and Friday afternoons between noon and 1:30 p.m., fashion shows are held, showing the latest in trendy and chic styles from the fashion boutiques in the Barrington Ice House Mall.

Turn that special happening into wonderful memories . . . at **Chessie's**, located in the Barrington Ice House Mall.

## AT THE BARRINGTON ICE HOUSE

### Fun Summer Events At The Ice House

Come celebrate 90 years of history at the **Barrington Ice House Village Shops and Restaurant** during July! To kick off the activities, an Antique and Collectible Show will be held July 15-17 (Friday and Saturday 9:30-5:30 and Sunday, Noon to 4:00 p.m.). Many selected dealers from the Midwest will fill the halls with treasures and special deals. In addition, Mary Lou's Crystal Repair will be featured.

The Ice House is hosting a birthday celebration on Saturday, July 23rd. Highlighting the day will be a Civil War re-enactment, complete with actual cannons and a women's social gathering, all in authentic costumes. In addition, a deejay will be playing music from "way back when" and tasty treats such as ice cream, popcorn, snow cones and caramel apples will also be available. (Please refer to the additional editorial found elsewhere in this magazine for details). Bring the family! This day promises to be one you will not want to

miss!

In addition, you will want to take the time to wander through the new Sundance Design space which is now located by the north entrance, across from Village Cobbler Shoes. Two new additions, Gourmet Faire and She and I Nail & Hair Design have or will be opening soon. Be sure to come visit the **Ice House** to see our latest changes and additions!

The Ice House, built in 1904, now houses nearly twenty specialty shops where you can find something for everyone. In addition to shopping, you can relax and enjoy an award winning meal at Chessie's Restaurant which is located within the Ice House.

The Ice House is located in downtown Barrington off Harrison which is two blocks west of the intersection of Route 59 (Hough Street) and Lake Cook (Main Street). For further information please call (708) 381-6661.

everyone involved. Instructor trainers will be certifying that instructors know how to use specialized techniques and equipment to make canoesport more accessible to people with physical disabilities. People with physical disabilities will be introduced to the joy of paddling with equipment that is adapted for optimum comfort and performance.

NISRA and the ACA are excited about the quality of the workshop. Janet Zeller, founder of the Disabled Paddlers Committee, will travel from New Hampshire to the Chicago area. Randy Carlson, an ACA Adaptive Paddling Instructor Trainer and equipment specialist from Minnesota, will also travel to Chicago. As a team we will explore the rewards of paddling, as well as share our knowledge and experience

with each other.

The workshop will provide learning experiences in a classroom, pool, and inland lake setting.

A maximum of eight students who are physically disabled will be allowed to participate in the workshop and receive instruction *free of charge*. The workshop schedule for students is Saturday, July 30 from 9:00 a.m. to 4:00 p.m. at the Dundee Township Recreation Center, and Sunday, July 31 from 10:00 a.m. to 3:00 p.m. at Twin Lake Park.

If you have a physical disability and are interested in learning how to paddle, call NISRA Workshop Coordinator Colleen Fitzgerald at (815) 459-0737 for more information.

## Barrington Sidewalk Days Reservation Time

The sidewalks of Barrington will come alive August 4-5-6 for the Barrington Area Chamber of Commerce's annual Sidewalk Days.

The Chamber invites area clubs and organizations to participate in the event. Residents who might wish to sell handcraft or homemade items are also welcome to register. The Chamber's retail committee will reserve space on a first-come basis. Reservations must be made at the Chamber office, 325 North Hough Street, beginning July 5th.

Deadline for reservations and payment of the \$30 fee per 8-foot space is July 31st. The fee covers insurance, security, promotion and administrative costs. Participants

must agree to keep their space in order and remove all materials at the close of each business day. Participants must park away from the central business district so downtown parking space may be used by shoppers.

Nearly 100 local organizations, residents, and businesses participated in the event last year. This year's chairs of the Chamber Retail Committee are Beth Hammond-Johanson representing the Ice House Mall; Debořah Nejdľ and Gail Andrews, downtown; and Chris Rusch, Northwest Highway retailers. Additional information may be obtained by calling the Chamber of Commerce office, 381-2525.

## The On-Going Controversy. Natural Tooth Colored Fillings versus Silver?

by Anna M. Pelak, DDS

Before

After

For years now, people have pondered what is the better filling material? Do the natural tooth colored fillings last as long; are they as strong as the traditional silver? Is the mercury toxicity of silver a true threat to our general health?

Recently, Clinical Research Associates, a group of volunteer dentists and research scientists dedicated to improving dental care have reported scientific evidence that certain tooth colored fillings are as equally strong if not better *long term* than silver.

Studies of 5, 7 and 10 year durations have been done. The studies have shown that when silver fillings begin to corrode and develop leaky margins, white fillings have remained intact. The tooth colored fillings also have *no* mercury and are more esthetic.

However, one must also remember that

tooth colored *fillings* are very *technique* sensitive. Therefore they require more time in the dental chair and *are* more costly.

*There are some contradictions* to tooth colored fillings. Your dentist should be familiar with the restrictions.

**FUTURE PREDICTION:** Tooth colored fillings are becoming more popular; silver is the "dinosaur of the past."

### Office Update

"A picture is worth a thousand words." How true! This summer our office brings this cliché to life via the Intra Oral Camera. This camera will enable us to *see* on a video screen, your dental health. Why do you need that crown, that filling, etc.? Has the post-treatment work been worth all that time and effort? TAKE A LOOK!

## Electrolysis Is The Answer

Anyone who is interested in good grooming and an attractive appearance is likely to read about electrolysis. It is the *only method* which will remove your unwanted hair permanently, and it is not a new technique. Successful results have been reported and discussed favorably in the medical journals since 1875, more than a century ago.

Nowadays thousands of women make appointments every week with their electrologists, but very few openly tell their friends or relatives about the positive results. Most people are too embarrassed to mention facial or body hairs, and so the facts about permanent removal must often be learned from responsible beauty editors or medical columnists.

Fortunately, there is a skilled electrologist at **Clear Reflections** in the Barrington Commons who can remove those tell-tale hairs quickly and conveniently in the privacy of a professional office.

Now past its 100th anniversary, electrolysis is a boon to mankind which goes on making converts every day. The reason is obvious—success and permanence make an unbeatable combination. Take away those unwanted hairs and what you have left is confidence in your own charm and attractive appearance. Phone **Clear Reflections** at **381-9020** for your appointment.

**Clear Reflections** has provided 18 years of service at the same location.

## Facial Plastic Surgery, Looking Your Best

*Dr. Churchill specializes in plastic and reconstructive surgery of the face and neck. He has an office and private surgical suite in Barrington, and is one of a handful of physicians in the country to complete extensive subspecialty training through a fellowship with the prestigious American Academy of Facial Plastic and Reconstructive Surgery. Dr. Churchill is board certified and on staff at a number of local hospitals and surgery centers. The following is an excerpt from an upcoming newsletter.*

### Focus On Laser Surgery

This is truly an exciting time in the field of plastic surgery. Many advances have been made in the last few years. One of the most exciting new advances in technology is the introduction of lasers to treat skin lesions that were previously difficult to treat. These lesions include both pigmented spots as well as vascular growths. With the newest lasers these type of lesions can be treated quickly and effectively with little discomfort and much less risk of scarring.

### What Is A Laser?

Laser stands for "light amplification by the stimulated emission of radiation." What this means is that light is created in a laser which is very intense and all at the exact same wavelength or color. The fact that all the light coming from a laser is the same wavelength allows it to be used for specific purposes. For instance, a laser whose wavelength is absorbed by the red blood cells, but not the skin can be used to treat vascular lesions without damaging the overlying skin. As the laser light passes through the skin very little of the energy is absorbed. The red blood vessels beneath the skin however absorb the light and the heat generated by this will coagulate the vessels. Similarly pigment beneath the skin's surface can be broken down by a laser. A laser with the ideal wavelength of light to treat both vascular and pigmented lesions is the KTP 532 laser. This used a potassium-titanyl-phosphate crystal to generate a 532 nm wavelength of light. This wavelength is absorbed preferentially by both red blood and melanin pigment.

### How Is The Treatment Done?

There is a computerized delivery system called the Hexascan system that was developed in the last year to control the amount and location of the laser light delivered to a lesion. The Hexascan is a computer controlled handpiece that is pro-

grammed to deliver the laser light in a hexagonal pattern ranging in size from 1 mm to 1 cm. This allows the surgeon to accurately treat lesions with a very precisely controlled and consistent amount of laser light. This takes some of the guesswork out of laser treatment minimizing any risk of overtreating or undertreating a lesion. The hexagonal pattern allows large areas to be treated more easily by fitting the hexagons side by side.

### Where Can These Treatments Be Done?

There are a number of KTP lasers in use at area hospitals. The Hexascan Delivery System however is not generally available. Our office has installed the first office based KTP 532 laser and first Hexascan Delivery System in the entire Chicago area. The advantage of having this system in an office is in the affordability and ease of treatment for the patient. Treatments generally take 15 minutes and require no anesthesia. The pulse dye laser which has been used to treat vascular lesions in the past leaves dark purple spots for 10 to 14 days at each spot treated. The KTP laser does not create any of these and patients can go back to work following a treatment. There is more to discuss about this exciting technology but it will have to wait until next month. We are now taking appointments for laser treatments and would be happy to provide you with information about the laser.

## Child Care At Its Best

Openings are still available for Montessori summer camp at **The Barrington Community Child Care Center**.

**Session II**—Monday, July 11 through Friday, July 29.

**Session III**—Monday, August 1 through Friday, August 19.

Our summer camp program offers field trips, picnic lunches, and swimming on Tuesday and Friday, and fun art and cooking projects.

Please call the **Barrington Community Child Care Center** for more details and applications. **381-0272**. Make your child's summer full of wonderful memories.

There are Fall Montessori pre-school spaces still available for a.m. and p.m., ages 3-6.

Day care, ages 2-6 with flexible scheduling, is also available.

The amenities are many: computer class

available, haircuts by John Charles are offered every six weeks, daily communication between teacher and parents, flexible scheduling, catered lunches, nutritious snacks and much more.

**The Barrington Community Child Care Center** has recently introduced Kidnastics to the curriculum. The primary purpose of the Kidnastics program is to teach gymnastics skills that will enhance physical and social development—build confidence and self-esteem.

Owners Bob and Terri Blanke invite you to come for a visit. No appointment is necessary. **The Barrington Community Child Care Center** is open 7 a.m. to 6:30 p.m. Monday through Friday except major holidays. They are conveniently located at 560 Carl Avenue in Barrington (one block west of Burger King off Northwest Highway).

## Why a Reading Specialist?

Some people, many of them adults, cannot read this article.

For them, the world seems to operate with a secret code. They haven't learned that code well enough to gain admittance to good colleges or decent-paying jobs.

Jean Comeaux, director of **Reading Enriches All Dimensions Inc.** in Rolling Meadows, has worked in the field for many years.

"We offer a dedicated team effort to restore any person, regardless of age or orientation, to his rightful place as an effective reader and student. When you think about it, the one common denominator of successful people is probably the ability to read effectively," she said.

Consider Tim, a sixteen-year-old high school junior. Because of his very high intelligence and compensatory talents, he coped quite ably in school until the end of junior high school. At that time, however, scholastic demands began to strain his skills (which he later learned were at only sixth-grade level) to the breaking point. He could no longer compensate; his once high grades became mediocre, then poor. Although Tim had worked with a tutor, the situation did not improve. Tim's parents discovered at **R.E.A.D., Inc.**, that tutoring does not effect a permanent solution. Diagnosis and remediation, on the other hand, by an experienced reading specialist at **R.E.A.D., Inc.**, restored Tim to his rightful place as a top-notch student.

ist at **R.E.A.D., Inc.**, restored Tim to his rightful place as a top-notch student.

**R.E.A.D., Inc.** now boasts a 21-year history. It offers specifically designed programs for each person, based on a diagnostic evaluation.

All written language and communication skills are taught concurrently at **R.E.A.D., Inc.**: basic skills, study skills, functional writing skills, and test-taking skills.

Clientele seeking help from the clinic and center are made up of various types of people from all age groups: from those who have never learned to read, to accelerated students with poor test-taking skills or inappropriate reading speed to corporate employees who need individual or group instruction.

According to Comeaux, factors contributing to reading disability include frequent illness and absences during the primary grades, emotional family trauma, such as a death or divorce, during the first three grades and a weak auditory or visual memory.

Comeaux said staff instructors are long-tenured specialists in reading, learning disabilities, and Attention Deficit Disorder. They know how to work with students to build skills and confidence, she said.

## Traveling ... With Carlson Travel

### Steamboating

St. Louis to St. Paul is America's Heartland. The Mississippi River fingers its way through verdant forests around majestic islands, past breathtaking high bluffs, endless stretches of perfectly manicured farmland, land rich with wildlife. Enjoy the northernmost stretch of the River traveling from St. Louis to St. Paul.

The locks and dams begin at the Falls of St. Anthony at Minneapolis/St. Paul, the head of navigation on the northern Mississippi. The river without locks and dams, was subject to a huge rise and fall of waters in this stretch, and posed a treacherous plague to upriver traffic. At times, the river would overflow its banks; at other times, it would run nearly bone-dry. Even a steamboat that only drew a

foot of water was lucky not to be landlocked.

So the Army Corps of Engineers built the intricate lock and dam system, and now the Mississippi holds at a reasonably steady level. Not only does river traffic move better, but the countryside is actually far more beautiful than before the system.

Where the flood plains were once baked mud flats in the summer sun, they're now lush wetlands, filled with waterfowl and other game. Stop by our office to receive your color brochure on the Mississippi or Delta Queen Itineraries from St. Paul to New Orleans.

## Hypnoanalyst Has Program For Overweight

"Overeating is a symptom, not the main problem," says **Sandra J. Buzan, a Hypnoanalyst**, who has had success with her program.

Overeating is how some people deal with problems. It is a clear sign that something is not going right in their life and they turn to food pushing down their feelings.

Diets don't work because they address the symptoms, not the cause of excess weight. "I have found that most people know what they should be eating, but cannot consistently maintain a program," says Sandra.

It's not about willpower. It is about un-

resolved issues.

With hypnoanalysis, the underlying issues can surface and be resolved. With hypnosis you can learn to relax. With analysis you can resolve the issues which trigger your overeating. Only then will a healthy eating and exercise program work.

**Sandra J. Buzan, M.A.**, combines 15 years of healing the mind and body using hypnoanalysis and psychotherapy. She is in private practice at 421 North Hough Street, Barrington, Illinois. She works with individuals, families and groups. For details, call (708) 382-0930.

## Believe it Or Not, There Is Still Hair In The Scalp Inside The Follicles

Now you may have hair you never dreamed of. No, this new product doesn't claim to grow hair, it claims the hair is already there in the follicles. Dr. Burch Stewart of Applied Consumer Research Labs says in part, "After a couple of treatments, I was amazed to find that many hairs are indeed trapped under the scalp and can emerge after the cleaning process is used."

"For three partially bald individuals—tested for 3 months—a considerable number of hairs appeared. The results were very pleasing for these, and three other individuals, who now have *normal mature hair* on formerly thinning areas. The full treatment normally requires six to twelve months.

"The inventor of this hair system is Ms. Jacqueline Sabal, who developed the process and the herbal product a few years ago. Based on our testing, I know the system does clean out the follicles and allows hair from the follicles to appear

fuller and thicker.

"I believe that this system is much safer than any other methods such as Rogaine (Minoxidil), or hair transplanting."

The product is called "**Foli-Kleen 2000 Formulas**", consisting of herbs, formulas and a shampoo.

The nice thing about this stuff is that you don't have to use it forever like Rogaine (Minoxidil). Once you get the hair you want, you quit . . . period. And you only have to use it once a day—at night—and rinse it off in the morning. Some people can, and do use it twice a day, but it's not mandatory. It depends on how fast the client wants their hair to return.

"**Foli-Kleen 2000 Formulas**" is available at **Numero Uno** in the Palatine Plaza Center on Northwest Highway.

**No rush guaranteed satisfaction.** If you have not seen fuller, thicker, healthier looking hair within 30 days of receipt of your first order, you may return unused portion of product to receive your refund.

## BWC Community Services

Barrington Woman's Club has been of service to the community since 1914. The 1993-94 year was again very successful, thanks to the support of Club members and friends. Because of the generosity and support of the Barrington Community in participating in the Club's three fund raising projects—1) Card Party, 2) Fashion Show and Silent Auction, and 3) the annual Golf Outing—the Barrington Woman's Club Scholarship and Philanthropic Committee proudly announce the following:

Scholarships: Erika Henrikson, 4 year recipient currently in 3rd year; Elizabeth

Marie Vonau, new 4 year recipient; and Mary Eileen Morrison, 1 year scholarship.

Philanthropy: Barrington Library, Barrington Historical Society, Barrington Youth Services, Family Service of South Lake County, Citizens for Conservation, Elgin Community Crisis Center, Food Pantry, Home of the Sparrow, Senior Citizens and Barrington Suzuki Strings.

For information about the Barrington Woman's Club Scholarship and Philanthropic Fund and the Club's plans for their 1994-1995 fund raising events, contact Carole Lynam, President, 381-8272.

## "The Art Around Us" BAAC Summer Presentation

The late Ruth Appledorn Mead will be featured artist at the Barrington Area Arts Council's (BAAC) first annual member show, July 8 through August 31. The exhibit, entitled "The Art Around Us," features two- and three-dimensional artwork by 30 BAAC members. The opening reception will be held on Saturday, July 16, from 7:00-9:00 p.m. at the BAAC Gallery, 207 Park Avenue, Barrington.

Ruth Appledorn Mead was a prolific painter and printmaker right up until her passing earlier this year at the age of 100. Her acrylic and watercolor creations cover a wide range of subjects, such as flowers, rural scenes and seascapes of Martha's Vineyard, where she and her family summered for over half a century.

Mrs. Mead attended the University of Western Michigan, the Art Institute of Chicago and earned a master's degree from the University of Chicago. She taught

art for 30 years in public schools in Barrington, McHenry, Fox River Grove and Cary. As recently as three years ago, Mrs. Mead was creating 20-30 paintings per year.

A retrospective of her styles and mediums from 1930-1990 will be featured at the BAAC exhibit.

Other exhibiting artists are: Ed Armstrong, Dena Bellows, Ana Maria Bennet, Dorothy Burgess, Ruth Cournoyer, B. Lee Cripe, Jean Fraher, Barbara Fuhr, Christine Fusco, Gerry Howard, P.J. Howard, R. Emile Huber, Jeanne Kramer, Sherry Lee, Betty McGee, Pat Mead, Warren Mellin, Monica Miller, Bebe Overheu, Bruce Peterson, Veronic Potter, Dolores Preston, Nancy Ridgeway, Ellen Rose, Pat Rotello, Roger Ruhlin, Imelda Simek, Susan Spak and Priscilla Tuttle.

For further information, call the BAAC Gallery at 382-5626.

## Barrington Residents Attend the Zebra Ball

On Saturday, April 30, the 13th Annual Brookfield Zoo Whirl—The Zebra Ball—offered business and community leaders a rare find: animals in art as well as animals in the park.

For the first time in the history of this black-tie benefit, the Whirl was open with an art exhibition, "Animals in Art," which featured internationally-renowned artists who specialize in wildlife paintings and sculpture. All art was on sale and 35 percent of the proceeds benefit the renovation of Brookfield Zoo's Primate House, which has been closed to the public since 1984. When the renovation is complete in 1995, the former Primate House will be home to a new naturalistic exhibit highlighting North American wetlands.

Additional proceeds from the Whirl also will benefit the Primate House renovation.

The Zebra Ball began with cocktails in the zoo's Discovery Center for viewing of the art exhibition. Dinner and dancing immediately followed with music provided by the Rob Parton Orchestra.

(Brookfield Zoo is located at First Avenue and 31st Street in Brookfield, Illinois, just 14 miles west of downtown Chicago. The zoo is accessible via the

President Emeritus is Flo Bash and Executive Director is Sarah Ware.

## Casual Dining In An Elegant Atmosphere

Jovan's Grill continues to maintain its reputation as *the* place to meet in Barrington, offering casual dining in an elegant atmosphere.

New chef, Jean-Marie Viriot, is adding some exciting touches, especially to the daily specials. With his creativity, the dishes are as pleasing to the eye as they are to the palate. The Chicken Dijon and Salmon Roulade, both on the special menus, are truly a delight. Of course, there is always an array of tempting appetizers and homemade desserts to add just the right touch to your meal.

Also new for summer is the *Express Lunch*, guaranteed within 40 minutes or less. This is especially convenient for business people or others on a tight schedule. Any item from the lunch menu

can be prepared quickly to get you back to the office or on your way to the shopping mall in 40 minutes. **Please mention the Express Lunch when ordering.**

The atmosphere remains the same—white-topped, candlelit tables overlooking downtown Barrington from the second floor dining room and the spacious, wood-trimmed bar on the main level.

Jovan's Grill is now serving lunch Monday - Friday, 11:30 a.m. - 4:30 p.m., and dinner Monday - Saturday, 4:30 - 10:30 p.m. Reservations are recommended, especially for weekends, by calling (708) 381-4422. Offering a full range of services from a quiet dinner for two to a large celebration, from attentive service to an extensive wine list, you'll enjoy the new menu offerings at Jovan's Grill.

### Presents Bev Doolittle's New Release "When the Wind Had Wings"

© 1994 The Greenwich Workshop, Inc. All rights reserved.

Beauty. Mystery. Artistry. See what emerges when you look carefully at Artist Bev Doolittle's new visual poem. The print is accompanied by a poem of the same title that can be displayed separately or framed with the print. The finished work is a deft and

delicate piece that, along with the poem, flows from left to right. The pinto ponies that cross this image mingle together to form a native American spirit before they take the shape of a flock of soaring birds. In addition to being a beautiful

work of art, "When the Wind Had Wings" is all the more important because it may well be one of the last prints Bev does for awhile. She announced her sabbatical earlier this year to explore other artist horizons. It's one of her best, and like all Bev's

work must be seen to be fully appreciated. Please visit our gallery to see this exciting new work and place your order for late summer delivery. Order now. \$325.

"An English Cottage", Paul Landry.

Collectors of Paul Landry's work know and love his beautiful scenes of sea and shore, flags and flowers, new England, and now also Merry Olde England. He enjoys wandering the back roads to discover roadside farms and seaside gardens in America to bring you the simple pleasures in life.

What happens when he visits England? He paints beauty and serenity in "An English Cottage," inspired by the dwelling of Anne Hathaway, the wife of William Shakespeare.

This month, we will be featuring a large selection of Paul Landry's lovely

scenes, both framed and unframed, notecards and a special "Christmas in July" display. Please stop for a relaxing visit on our porch and inside our gallery to enjoy a peaceful moment in time.

As always **Marcene's** staff is available to frame your very special works of art, from the least expensive to the finest in conservation custom framing. **Marcene's** is located at 117 West Main Street, Barrington.

## LINK Goes For The Green With Golf Benefit

Hearing Loss Link ("LINK"), a newly formed, Chicago-based non-profit organization that provides assistive services to adults who experience hearing loss, will hold a golf outing/fundraiser on Monday, August 8. Site of the event is the scenic Cary Country Club in Cary, Illinois. The entry fee of \$75 includes 18 holes of golf, electric cart, breakfast and lunch buffet, and a chance at numerous prizes.

LINK serves people who have suffered a significant or complete hearing loss after having functioned as normal hearing persons during the earlier part of their lives. Until now, people with adult-onset hearing loss have been largely unserved by social service agencies nationwide. LINK was established as a model project to begin addressing the unique concerns of this population.

In its first year of operation, LINK has been overwhelmed by requests for information and services related to adult hearing loss. The golf outing/fundraiser will help provide funding for staff salaries; for community-based programs, such as monthly informational seminars and sign

language and speechreading classes, for the establishment and maintenance of self-help support groups, and for outreach.

"We need a bigger staff to handle the demand for services," says LINK executive director Bill Graham. "We've received requests from throughout the country to help people set up a LINK where they live. But we need to get the program fully developed in the Chicago area before we branch out. The golf outing will help build our funding base and increase public awareness of LINK's programs. It's also going to be a lot of fun. Bad golfers and non-golfers are very welcome because I don't want to finish last."

LINK seeks sponsorships for the golf outing from corporations, foundations, service and consumer organizations, and individuals. ## For An Adventure of A Lifetime ... Africa

by Eleanor Nelson & Sally Howard, Travel House

Jambo! Coffee Anyone? Let's climb into our jeeps at dawn and head to the launch site. Then we'll scramble into the baskets and quietly glide into the morning sky over the Serengeti National Park to view hundreds of wildebeest and zebras that sound like bees from above. We will view trees filled with vultures, hyenas creating a safety circle among the migrating animals, and we'll have breakfast served on fine china with silver tea service near a kopje called Simba. What a morning!

Hi! I'm Shyrl Gagnon, the office manager of **Travel House** and I have just described three hours of the most fantastic ten day trip I just had to Kenya and Tanzania.

Ngorongoro Crater also located in Tanzania, is the largest intact crater in the world. As you descend 2000 feet from the rim onto the floor of the crater, you will view an astonishing variety of wildlife. You are almost assured of seeing Rhinos, Elephants, Lions, Zebras and more Wildebeest. Accommodations on the crater rim feature an incredible view of the African sunset.

I'd love to talk about my trip to Africa

and show you some of my thousands of pictures. Stop by **Travel House** anytime and I will cheerfully tell you more about this African safari as well as give you tips on all aspects of planning such an incredible trip. It was truly an adventure of a lifetime!

## PROTECT YOURSELF

### YOUR BODY IS CONSTANTLY UNDER ATTACK

Air pollution, cigarette smoke, exercise, infection, radiation, alcohol, certain medications, and even processes in our bodies create harmful substances called free radicals. Uncontrolled, free radicals can seriously damage body cells.

### HELP YOUR BODY FIGHT BACK

Vitamins A, C, E, and the mineral Selenium neutralize free radicals, preventing further cell damage. These nutrients, called antioxidants, are nature's most effective protectors against harmful free radicals.

## Students Can Learn to Pay Attention

The ability to focus attention may seem simple to you. But paying attention is a skill that must be learned. Many students cannot control their attention because they have never learned how to direct their thoughts and energies.

Dr. Raymond Huntington, founder and President of the Huntington Learning Center, says that parents can help children improve their ability to concentrate. The following are three methods Dr. Huntington recommends in helping your children improve their attention:

**1. Using positive self-talk and positive images.** At sporting events you often see one player standing alone, muttering to himself, "OK, you can do it! Keep your eye on the ball." This is "self-talk," an important tool for controlling attention. Children can be taught to use it.

People also improve their attention span by controlling the images they see in their mind's eye. When a runner is half-way through the race, she may picture herself crossing the finish line; or a dieter may imagine his new appearance when tempted by an ice cream cone. These images help keep attention focused, and increase motivation to complete the task.

**2. Asking questions about the work.** Another way to direct attention is to ask

questions while studying. Some general instructions are: "What is this paragraph about? What is the evidence that supports the central idea? Is this argument true or false? Why?" Asking themselves questions helps students bring their attention back to the task at hand.

**3. Setting specific study goals.** One way to improve is for children to work toward specific goals as they study. You might want them to study until they can tell you the main point of the paragraph, or until they can solve a specific math problem. Together set reasonable goals, and discuss each goal with your children. Remember that many small goals are better than a single large one.

At the **Huntington Learning Center**, study skills are integrated into specially designed tutoring and enrichment programs. With centers nationwide, **Huntington** is a recognized leader in the field of diagnostic testing and evaluation to pinpoint a student's weak study areas. Programs are offered in reading, writing and math, as well as college SAT/ACT prep courses.

Parents who have questions or who wish to discuss specific problems should contact the **Huntington Learning Center** in Barrington at **(708) 382-3655**.

## Celebrity Golf Outing

Ed Belfour of the Chicago Blackhawks and John Paxson of the Chicago Bulls will host the Make-A-Wish Foundation of Northern Illinois' Second Annual Celebrity Golf Outing, Monday, July 25, at Cantigny Golf and Tennis in Wheaton, Illinois. The outing is sponsored by Mobil and Nissan Motor Corporation.

The Second Annual Make-A-Wish Cele-

brity Golf Outing begins at 10 a.m. with brunch followed by a noon shotgun/scramble tee off. After the course is played, guests will enjoy a cocktail reception and silent auction followed by an awards presentation beginning at 7 p.m. The participation fee is \$400 per person. Call (312) 943-8956 for participation or sponsorship information.

## Bacchus Wine Club

Dear Wine Lover,

In the world of wines, the choices are endless. Red or white? American or Imported? These are easy questions. After they are answered, in which direction do you turn and what price do you pay? At Armanetti Wine & Liquors we have the solution . . . the exciting and exclusive Bacchus Wine Club. By joining our Bacchus Wine Club, you will discover the world of fine wines, at wholesale prices.

Here's how the Bacchus Wine Club works. Each month you will receive an informative newsletter. Included in the newsletter will be tasting notes of sixteen wines being offered that month, specially selected by our wine consultants. These wines will be available for "Member Only" tasting for the entire month, from the hours of 9 a.m. to 10 p.m., Monday through Saturday, and 11 a.m. to 6 p.m. on Sunday. You'll never buy a wine without first tasting it ever again, and you'll never pay retail prices again!! Remember, all monthly selections will be offered at wholesale prices to Bacchus Wine Club members only.

As a Bacchus Wine Club member, we will also exclusively offer to you Wine Futures. Wine futures give you the ability to buy select wines before they are even off the vines at up to 50% savings from their release date prices. As a Bacchus Wine Club member, we will be offering exclusively to you Direct Import Offerings. This allows us to order directly from select wineries their wines at 1000-case wholesale purchase prices, but you can order bottles and get the same great prices because you are a Bacchus Wine Club member.

Also offered exclusively to Bacchus Wine Club members will be invitations to limited seating, gourmet dinners accompanied by old, hard-to-find vintages and guest wine makers. As a member, you are also eligible to partake in our Annual Bacchus Wine Country Vacation Tours. A great opportunity to vacation and visit wineries in Europe and California, with wineries subsidizing the prices of accommodations and the benefit of low-group rates.

Lastly, because you are a Bacchus Wine Club member you will receive a 10% discount on all regular priced liquors and wines at Armanetti Wine & Liquors, where you will find unmatched selection and competitive prices.

How can you go wrong? Join today and become a member of the Wine Club everyone will be talking about tomorrow!!

Sincerely,

VINCE BUFALINO, Owner

## What's New At Armanetti's?

In Rolling Meadows, the combination of personal service, selection and great prices can be found at Armanetti Liquors located at 4001 Algonquin Road.

It is there that owner Vince Bufalino has created a one-stop liquor store to which loyal customers come for fine wines, spirits and over 250 different brands of beer.

In business for over 20 years, Armanetti's prides itself on its extensive selection of both imported and domestic wines, single-malt scotches, rare cognacs and armagnacs and exotic, hard-to-find bourbons. Everyday table wines, spirits and barrel beer are also offered.

The newest wrinkle, however, at Armanetti's is the Bacchus Wine Club. A yearly membership fee of \$19.95 allows club members to come into the store during normal store hours and sample any of sixteen different wines being offered that month. The prices of the featured wines along with a detailed description of each wine is neatly packaged in a newsletter which every member receives at the beginning of the month. All club wines are offered at substantial savings along with a 10% discount on any other wine or spirit not already on sale. It is no wonder membership has swelled to over 650 since

the club was started in April, 1993.

Through the Bacchus Wine Club, the store takes a very individual approach to selling wine. "Entering into a conversation with our club members on a one-to-one basis develops a relationship which makes them comfortable shopping in our store and asking for help, and allows us to give them the service they desire," said Bufalino.

Stop in and see for yourself. Armanetti Liquors is located at 4001 Algonquin Road, 1 block west of Route 53 in the Meadow Square Shopping Center. Phone (708) 397-7373.

## How Good Is Your Kitchen?

In today's kitchen, well-made cabinetry is important, but careful attention to design and equipment is essential. How is work flow, traffic patterns and accessibility to other parts of the home and how does it fit your lifestyle?

James R. Walker, certified kitchen designer at **Barrington Homeworks** suggests you take an interesting test and rate your kitchen. Mark a number down on a sheet of paper indicating your degree of satisfaction regarding various elements of your kitchen. No. 1 is very poor to No. 6, very good or any degree in between. Then, we'll total (A) Storage Space: Enough? Is it accessible? are you using corners? (B) Work Space: Enough countertop space? Is it near the refrigerator and sink and is there safety area near the stove? (C) Lighting: Is it adequate? Your chores are less tiresome with good task lighting and good lighting is also cheerful! (D) Up to Date Appliances: Saves time, energy and eliminates many unpleasant chores. Microwaves, self-cleaning ovens, conduction cook tops, energy efficient refrigerators, compactors, waste disposers and dishwashers. (E) Ventilation: Keep

your kitchen crisp and fresh by preventing grease deposits on cabinets, walls and windows, while removing odor, heat and moisture.

If your total is (4-10) you are working under a severe handicap, (11-15) many serious shortcomings, (16-20) not serious, but you'd benefit greatly by improved design and equipment, (21-25) you have specific problems, (26-30) you have sound design. Consult **Barrington Homeworks**, the kitchen specialists. The solution may be less difficult than you think. If it does not fit your family's lifestyle, **Barrington Homeworks** can suggest design revisions or adaptations.

Unless your kitchen scores 26 or higher you are missing advantages. You may be working under conditions that require tiresome bending and reaching, miles of needless walking and an unnecessary waste of your time.

Why put up with an inadequate kitchen any longer? Let the specialists at **Barrington Homeworks** show you how you can have a beautiful, functional, affordable new kitchen, designed to fit your lifestyle.

## Summer Safety Tips

The American Trauma Society and EHS Good Shepherd Hospital's Emergency Medicine Department have issued a checklist of safety tips for children to follow when playing outside this summer.

- Biking:** Always wear a properly fitted bike helmet. When riding in the street, obey traffic signals. Stop and look both ways before entering a road. Avoid dashing into the street from behind or in front of parked cars.
- Riding in a car:** Always wear a seat-belt, and check that everyone else does, too.
- Walking:** Use sidewalks whenever possible. When there are no sidewalks, keep to the left and walk facing traffic. Look both ways before crossing a street or intersection. Avoid darting out into the street.

**4. Playing ball:** If your ball or other equipment goes into the street, make sure no cars are coming before retrieving it.

**5. Swimming:** Always swim with someone else, never alone. Only swim in supervised bodies of water. Avoid diving head first into water you haven't swum in before. Stay out of the water during electrical storms.

**6. Playing on the playground:** Avoid running, pushing or shoving while you're near or on playground equipment. Stay clear of moving swings. Avoid using broken or damaged equipment. Use garbage receptacles—do not throw trash, especially glass, on the playground.

EHS Good Shepherd Hospital, which is part of EHS Health Care, is located north of Barrington on Highway 22, two miles west of Route 59.

## Barrington Youth Services Elects New Officers and Board Members

At its annual meeting on May 24, officers and board members of Barrington Youth Services were elected as follows: president, John Pender; vice-presidents, David Thompson and Chris Pepper; secretary, Nancy Nadig; treasurer, Edward Puls. Newly elected to the board of directors are G. Timothy Lee and Joanne Mitchell. Other board members include Valerie Chryniwsky, Elisabeth Dietrich, Leigh Furda, George Gill, Robert Heaton, Judith John, Sue Major, Jay Pearson, Pam Stewart and immediate past president, Faith Semla.

Before assuming the presidency, John Pender was heavily involved in fund development and has devoted many hours to learning about the agency's goals, programs, financial and space needs. "The work of Barrington Youth Services is of

vital importance to our youth and their families. My goal is to continue to build a broad base of community support so that agency programs continue to be available."

Retiring board members Kedric Chamberlin, Patti Cross, William Kennedy, Don Ritter and Bob Woodsome were recognized for their many years of commitment and service to BYS.

A highlight of the evening was the presentation of \$50,000 toward the 1994-1995 fiscal year program budget and special agency needs by Leigh Furda, president of the newly formed BYS Auxiliary.

Certificates of recognition and thanks were given to Rainbows program coordinator, Marilyn Witt and her group leaders Bette Bilton, Cher Engle, Nancy Maud, Michelle Phillips, Susan Russo, Peggy Spiros and Savannah Walters. Marilyn and Meg Crowther will share coordinating the

Fall sessions and work to broaden the Rainbows service to more middle school age children. Rainbows offers time-limited support for children who have suffered a loss by death or divorce and is the only BYS program in which a volunteer has contact with children.

Clerical and building services were performed by volunteers Jack Boberg, Anna Bruce, Donna Lindberg, Richard Meinhard, Grace Peterson, Pat Ritter, Sue Seagroatt, Don Semla and Judith Stone.

Recognition was given by IMAGES coordinator Jennifer Stickeny to Middle School Peer Leaders who were selected by school staff members to receive training in communication and leader skills. Participants in Session I were: Tony Caruso, Courtney Emery, Corey Ingold, Emily Mensik, Marissa Modesto, David Saxon, Christina Schaffer, Drake Warren.

Students in Session II were: Josiah Barber, Cheryl Eng, Liz Felice, Natalie Gewargis, Jim Leflar, Matthew Moore, Jon Rennels, Marguerita Rollins, Maureen Smithe, Devan Spinelli, Lisa Voegel, Sheilia Walsh, Jenne Weldon.

Executive Director Rochelle Schulman

commented on the increase in number and intensity of the counseling caseload, noting that Barrington's youth and families are coping with the same problems heard about across the nation. "Because problems such as sex abuse, suicide ideation, self-mutilization, depression and total lack of self-esteem are so severe, clinical work requires more session, more involvement with other family members, and more supervision. Our clinical hours are always full."

The 1993-94 fiscal year report shows that BYS provided 3,699 clinical hours and 2,492 hours in many prevention programs to residents of its service area, the geographic area of School District 220. There were 380 ongoing cases open at the beginning of the fiscal year, March 1, 1993; 220 new ones were opened, 187 closed. BYS clinical staff trained and closely supervised graduate interns from the University of Illinois Jane Adams School of Social Work, Loyola University School of Social Work, Northwestern University, and Elgin Community College/Addiction Counseling Certification Program.

### Managing Lawns Throughout Drought Conditions

Much of northern Illinois has experienced drought conditions this season. Among the concerns of homeowners is how the lawn will survive the dry weather. Many homeowners have been watering to keep their lawns green, while others have let the lawn turn brown. What is the best thing to do?

"Ideally, water your lawn infrequently, but deeply, so the water goes down several inches into the soil," says Bruce Spangenberg, Extension Horticulture Educator, with the University of Illinois Cooperative Extension Service Center in Grayslake. "Watering should start when the lawn shows sign of drought stress, such as wilting, darkening color, and footprints remaining after walking across the lawn, rather than after the lawn is brown."

Once lawns have gone dormant, it's best to provide some water to keep the lawn alive but not necessarily green it up again. Applying 1/4 to 1/2 inch of water every

2 to 4 weeks should be enough to maintain moisture in the stems and roots so lawns survive and resume growing when conditions improve. The lawn should resume growing when wetter weather returns, along with cool temperatures.

In addition to watering, Spangenberg suggests mowing lawns higher for the summer, in particularly dry seasons like this one. A height of 2.5 to 3 inches is suggested for most lawns in our area. As always, mowing should be on a frequent basis so that no more than one-third of the leaf blade is removed in any one cutting.

Spangenberg suggests waiting until the early September period for fertilizing your lawn again, or to do any seeding practices.

"Summer is not a time for active growth for lawn grasses in northern Illinois. Grasses respond by slowing down or going dormant and reviving themselves when conditions improve," added Spangenberg.

**The Prudential**  
Preferred Properties

Walking your own acreage on a soft summer day, admiring the rainbow of colors in the flower beds, and breathing in the fragrance of roses and lilies is certainly one of life's great joys. And so is orchestrating all that beauty. Coaxing the shrubs. Nurturing the lawn. And for some people, it will always be a joy.

But for many others, it eventually becomes a burden. Especially if the house is large and—however charming—old enough to require a lot of attention. There is a breaking point. Have you reached it? If the answer is "Yes!", it's time for a lifestyle review.

Do you want to stay in a single family home—only smaller and newer? Would you like the exterior maintenance to be the responsibility of a homeowners association?

Do you golf? Play tennis? Swim for fun or fitness? Perhaps a townhome in a golf

community with a clubhouse and a whole menu of amenities would make your life a delight again.

Are you a "water person"? Would a body of water sparkling in the sun and lapping at the shore be the location of your dreams? Does a lakeside (or oceanside) condo sound idyllic? Here? In California? Florida? Mexico? Or beyond?

In our Barrington office of **The Prudential Preferred Properties** we have information in all these categories that we will happily share—and we have experienced Realtors who are able to discuss the pros and cons of the alternatives and help you arrive at the right decision for you.

Call us at 382-3600 to make an appointment—or just drop by. You owe it to yourself to explore your options now. With us. At Dream House Headquarters.

## From Contemporary To Traditional Say It With Style

Are you interested in having a home that is beautiful as well as comfortable with all of the finishing touches your lifestyle demands? If so, you must visit **Interiors by Bruce**.

As you walk through the doors you will feel right at home in their new design showroom. You will be greeted by one of their friendly, professional interior designers. They will listen to your wants and needs and assist you in those important buying decisions.

**Interiors by Bruce** offers a complete in-home design service. With the first hand knowledge they command, they can put together an environment that reflects your personal tastes. There is something for everyone. They offer furniture from the finest manufacturers, a broad selection of fabrics, wallpaper and carpeting, as well as important details such as custom silk floral arrangements.

Although they're somewhat new to this area, they're certainly not newcomers to the home furnishing and design industry. Previously located in Park Ridge for 38 years, they have established an excellent reputation. No job is too big or too small. They can start at ground level by working from your blueprints and designing the entire home, or work with your existing pieces and coordinate a new look.

Like most people, I have always assumed that if you're working with an interior designer, you would expect to pay premium prices for goods and services. Not so at **Interiors by Bruce**. Instead, they represent quality goods at substantial savings. Furthermore, they offer their clients the luxury of assistance from knowledgeable designers, not just salespeople.

Also, **Interiors by Bruce** is the only store I know of in the Chicagoland area that operates their own drapery workroom, re-upholstering and refinishing shops on the premises. They employ their own installers and delivery men who have the expertise to insure quality and care in the finished product without hidden delivery or set-up charges. What this means to you is saving money by eliminating the middleman or subcontractor, which inflates the price. This gives them the winning combination and a competitive edge, being a service oriented team of professionals, they can assure all their clients complete satisfaction — their personal guarantee.

Call **Interiors by Bruce** for an appointment at (708) 382-2003, or stop by their showroom between Kelsey Road and Route 22 on Northwest Highway in Lake Barrington.

## Joan Esposito Named Honorary Chair of Infant Welfare 1994 "Dices & Pisces"

The Near North Auxiliary Chapter of The Infant Welfare Society of Chicago is pleased to announce Joan Esposito as honorary chair of its 1994 "Dices & Pisces" gala.

Esposito is best known as NBC's award-winning Channel 5 News co-anchor. In addition, Esposito is also the station's medical reporter, examining today's health problems and concerns.

"As a new mother and a journalist with interests in health care, the cause is very close to me," said Esposito. "There are a lot of people in Chicago who don't have medical benefits or public assistance, and through organizations like Infant Welfare they can get the basic child care and prenatal care that is essential for life."

The 29th annual "Dices & Pisces" fundraiser will take place Saturday, October 22. Through this event, the Near North Chapter is expected to raise in excess of \$75,000 for the Infant Welfare Society Clinic.

The benefit's name reflects one of its featured activities, the casino (Dices), and its location, the John G. Shedd Aquarium (Pisces).

*Joan Esposito, Honorary Chair for 1994 "Dices & Pisces"*

In 1993, over 65,000 visits were provided to 13,000 children and mothers at the Infant Welfare Society Clinic. More than 70 percent of those served by the clinic lack insurance coverage or public aid. Visits cost \$5, and medications are provided free or at cost, though no one is denied care because of inability to pay.

## Saddle-Up For Lyric Opera

Lyric's Barrington and Northwest Chapters are invited to join Near North Chapter members, guests, and other opera enthusiasts on Saturday, July 30, for a wonderful day of "horsing around" at Arlington International Racecourse to benefit Lyric Opera of Chicago.

The benefit days begins when the gates open at 11:00 a.m. and lasts as long as the horses do (usually 5:30 p.m.). A gourmet luncheon will be served in the elegant Million Room which offers a beautiful view of racing from comfortable dining room seating. Lyric supporters will be offered a private tour which includes the Winners' Circle and Arlington's European-style paddock where some of the finest horses in thoroughbred racing are saddled and paraded before each race.

"This unusual benefit will be a great time for young and old fun-lovers alike:

A beautiful view, fabulous lunch, thrilling races, and wonderful company," said Chapter Board President Julie Benson. "And, I'm not just pitching hay."

Tickets for this fabulous day are only \$65 per person, and each includes entrance fees, racing programs, luncheon, tour of the racecourse facility, "2nd Chance Bowl," prizes, photograph opportunities with the winning jockey, owner or trainer, and so very much more.

Near North Lyric Chapter Event Chairwoman Andrea Brands welcomes all Lyric Chapter members and guests to join in their very first day at the races. Call Andrea (312) 587-8480 or Northwest Lyric Chapter Immediate Past President Pat Stelzer, Inverness (708) 991-5746 or Barrington Lyric's Catherine Mura (708) 381-5745.

## Art Auction A Great Success

## Major Kitchen Remodel—An Investment?

"Yes, indeed!" says Star Norini, CKD, owner of **Distinctive Kitchen Designs** in Wauconda. "A major kitchen overhaul can be a great investment. I've seen remodeled kitchens bring from a 100 percent to a 150 percent return if the job is done right."

Sales agents not only agree about the value of a major kitchen remodeling, they estimate a 94 percent payback nationally. In the Chicago area an average \$20,533 kitchen remodeling job can bring a \$20,175 return—or 98 percent.

However, Norini cautions, "don't proceed with a remodeling job until you've done the footwork. Throwing money away on inferior work and products is not the way to a positive investment." Norini offers the following suggestions:

- Use a professional. Find a designer who is willing to work with you in designing a kitchen to meet your lifestyle, your

style preference and, of course, your budget. **Distinctive Kitchen Designs** has built its reputation on giving their clients personalized designed service.

- Select products that are not only good quality, but versatile, convenient and easy to maintain. The Brookhaven line of cabinetry offered at **Distinctive Kitchen Designs** offers a well-boasted reputation for expert craftsmanship, beautiful styling and unmatched attention to detail.

- Get the right contractor. Look for a contractor with an established business in your area and ask for references.

- Stop in the showroom located at 203 South Main Street, Wauconda and meet one of the professional designers. See the beauty and custom-built quality of Brookhaven cabinetry.

## CPR Training Course Offered in July at EHS Good Shepherd

EHS Good Shepherd Hospital's Health Evaluation Lifestyle Programs (HELP) department will sponsor cardiopulmonary resuscitation (CPR) classes from 6 to 10 p.m. Thursday, July 14.

The four-hour course, taught by certified American Heart Association instructors, includes a lecture, film and hand-on experience in administering artificial breathing and blood circulation. There is a \$25 fee.

The CPR class also can be offered as an on-site employee education program at area businesses and industries.

For more information or to register, call EHS Good Shepherd's HELP department at (708) 381-5282.

EHS Good Shepherd Hospital, which is part of EHS Health Care, is located north of Barrington on Highway 22, two miles west of Route 59.

## Carlson Travel (Continued from Page 10)

eliminating first class in favor of an enhanced business class product, Swissair is not only retaining its first class service, but improving it. First Class passengers departing from Zurich or Geneva will now be met by a concierge at check-in, where their boarding passes and bag checks will already be waiting. Passengers arriving at these airports will have their luggage brought directly to their hotel free of charge. In the air, passengers sleep in "beds" made up with sheets, comforters and extra large pillows. Sounds wonderful doesn't it?

### Buyer Beware

Warning: When buying anything in a foreign country, but especially when the currency is unfamiliar to you, keep your charge card receipts until you receive your monthly statement. There have been incidents of dishonest vendors moving decimal points and adding zeroes (10,000 lire suddenly becomes 100,000). Your credit card company will not stand by you unless you've retained the original charge slip, and there's not much else you can do from thousands of miles away.

### Travel Advisories By Fax

The U.S. State Department will fax you travel warnings and consular information

sheets for any one of 196 countries, as well as valuable publications as the *Your Trip Abroad* brochure. The service is available 24 hours a day. Call (202) 647-3000 to access. The regular State Department advisory number is (202) 647-5225.

### Buckingham Palace Open Again

Did you miss your chance to visit Queen Elizabeth II's London home last year? Well, opportunity is knocking twice. Last year, over \$3 million in entrance fees were raised (all of which will be used to restore the fire-damaged Windsor Castle).

This summer, the Palace will reopen from August 7-October 2. Cost: approximately \$12 for adults, \$6 for those under 17. For information, call the British Tourist Authority at 800-GO2-BRITAIN.

### Rent A Car, Call Home Free

Kemwel car rental is giving away free overseas phone calls when you rent one of its cars in Europe this year. Specifically, you'll get an MCI phone card with \$10 worth of long distance service if you book a car between May 9 and December 31, 1994.

Rates range from \$15 to \$23 per day, excluding insurance and tax, but including unlimited mileage, based on a three-day rental in most European countries.

## Consider Enlightened Landscape Design

The value of a good landscape design is priceless. Plants should not only beautify a landscape but should be functional as well. They can be used to provide privacy, to frame beautiful views and hide unsightly ones, to direct traffic, and to provide many other functions. The location of areas for entertaining, storing, play areas, gardening and other activities should be conveniently located and accessible, depending on their specific use and the frequency of their use. Plant elements must be selected not only for their functions, but also for the suitability of the location with respect to sunlight, moisture, drainage and maintenance needs.

Careful consideration and planning will prevent the costly mistake of having to replace plants that failed to thrive in the location they were placed, or that became a nuisance because of their litter, competition with other plants, overgrowth or care they require. Even more costly are the problems of having to move patios, decks, or fences, because they were too inconvenient where they were originally placed.

Enlightened Landscape Design can

help you explore the possibilities of your residential property to fulfill your needs and your tastes. We design the most environmentally responsible solution to provide the atmosphere and utility you need for your home. We consider the initial cost of your landscape as well as the costs in time, energy, and money to maintain it with respect to your interest and your budget.

## Volunteers Assist Turning Point

The GECAT (GE Community Action Team), a group of GE employees from Barrington that have developed a corporate volunteering program supported by Auto Financial Services, adopted Turning Point in the months of April and May by paying an employee to volunteer for a week and by donating profits raised from their 2nd Annual Benefit Auction.

✓ Terri Miller (pictured), a supervisor in the Auto Financial Services Division, was paid by G.E. Capital to volunteer 40 hours in their Fellowship Program for the week of April 4th. "It was wonderful having Terri's great energy to help us settle in since we had just moved into our 14 acre property that week," said Kathy Pfister, Resource Development Director. Terri helped to unpack boxes, organize storage areas, provide clerical support to staff, and clean, clean, clean. "We definitely miss her."

In addition to the Fellowship Program, the GECAT's held an auction specifically to raise money for three not-for-profit groups. The Auction was held on May 11. Turning Point received about \$2200. The GECAT's targeted local area businesses to donate items for their silent and live auction. Over 140 items were auctioned off. Turning Point would like to thank all the businesses that supported this auction and would like to send special thanks to G.E. Capital and the GECAT's for all their hard

work and commitment to community. Together we all *do* make a difference.

## Medicare, Diabetic Counseling Services and Screenings

Medicare and diabetic counseling services along with blood glucose screenings will be offered by EHS Good Shepherd Hospital Thursday, July 14, at the Algonquin Fire Protection Building, 302 North Harrison, Algonquin.

The blood glucose screenings for diabetes will be available free for members of EHS Good Shepherd's Senior/Health Passport programs from 8:30 to 10:30 a.m. Others who want to have the test will be charged \$5. Blood pressure checks also will be given during this time.

✓ Diabetic counseling, provided by Kathryn Torrey, R.N., a certified diabetes educator at EHS Good Shepherd's Health Evaluation Lifestyle Programs (HELP) department, has been scheduled for the same date. Appointments for diabetic counseling sessions can be made by call-

ing (708) 381-9353.

## DLI Exhibit At Woodstock Opera House

Daniel and Leslie Goodman, owners of **D.L.I. Photography**, will be exhibiting their work at a special gallery presentation at the Woodstock Opera House. The exhibit, scheduled to run from July 1 through July 31 will display a variety of photographic artwork from picturesque landscapes to unique infrared photographic images.

"Many people are taking a different look at photography," states co-owner Daniel

Goodman. "They used to consider professional photography only for capturing the special moments of their lives, such as weddings or graduations. People are now using photography as a design element in their homes and offices."

Daniel and Leslie Goodman are graduates of the prestigious Brooks Institute of Photography in Santa Barbara, California. They hold degrees in Industrial Scientific, Commercial Photography and Color Technology. Their recently expanded studio now includes an attractive Gallery area overlooking the historic Woodstock Square. Here, people are able to browse and purchase the photography created by **D.L.I.** In addition, ready made and custom framing is available. **D.L.I. ## For Our Children ... Our Nation's Future

The **Kumon Mathematics Method**, while still unfamiliar in parts of Illinois, has some 2 million students in 23 countries worldwide and is the largest after school mathematics program in the world. **Kumon** has been featured in *Time*, *Newsweek* and *The Wall Street Journal* for its outstanding results.

Crystal Lake's **Kumon** instructor, Jeri Hagiwara says, "I came upon the **Kumon** mathematics program while researching mathematics programs in France and Japan. These countries produce the top result in math achievement at the elementary level. I was looking for a math program that best resembled the key qualities of programs found in Japan and France. It had to have meaningful math exercises in which math concepts were introduced in an orderly and systematic fashion, and ensured mastery of the basic math facts. I found all of this, and much more in the **Kumon Mathematics Method**. As a former business instructor at the University of Hawaii, I know **Kumon** is valuable. I have seen the doors of opportunities close on very young lives because of a lack of math knowledge, or because of math anxiety. Parents and students need to recognize that math is key to their future."

At the start of the 1990s Christ Episcopal School in Texas in the United States successfully incorporated the Kumon method into its math program. When the Hawaii Department of Education Task Force wanted to improve Hawaii's math scores they also recognized the value of the **Kumon Math Method**. Mrs. Judy Fujishijie, elementary teacher at Waiakea Waena Elementary School, and a member

Christina Dykun, Tuesday Hagiwara, Stephen Dykun enjoying Kumon Math.

of this Task Force opened her **Kumon Center** in 1992. She says, "**Kumon's** success is undeniable. Every child has the best opportunity to develop to his fullest potential. Parents must understand that **Kumon** is a long term commitment that produces *definite* results, and not a quick fix program. **Kumon** is an excellent supplement for any school's math program."

"I agree with Judy," says Ms. Hagiwara, "the **Kumon** method is great. My young students are getting an early start. They will not have math anxiety that cripples many youngsters and adults. **Kumon** students not only improve their math skills, but they also learn to be self-disciplined, self-motivated, and self-confident! I'm looking forward to seeing these **Kumon** students become the next generation of business leaders, engineers, and doctors. Twenty years from now when our youth will be competing in the global marketplace I know these kids will be ready. It is extremely rewarding to be able to make this program available to our children ... our nation's future!"

Barrington Horse Show,  
July 19-24. Riders  
Compete for \$100,000  
Prizes/Awards

Barrington Horse Show will host a week long event featuring a Hunter, Jumper, Carriage, Pony, Local and Special Class Competitions. These events will feature some of the U.S.'s finest breed horses and expert riders competing for prizes and awards exceeding \$100,000.

The Barrington Horse Show is a not-for-profit organization that evolved from local neighborhood shows in the 1930's. Today, the five day event attracts participants and spectators from across the U.S. One of the premier events in the equestrian world, the show has received top honors by the

Illinois Hunter Jumper Association as "The Best Show" in the state.

Social events include: Wednesday, July 10, a Barn Tour of some of the most beautiful barns in Barrington Hills. \$20 per person for tour, hors d'oeuvres and wine; Friday, July 22, Saddle Sore BBQ, \$20 adults and \$10 children under 10; Saturday, July 23, the \$7,500 Jumper Classic co-sponsored by Good Shepherd and Northwest Community Hospitals, cocktails compliments of Bill Jacobs Land Rover; and The Greatest Gatsby Gala, dinner dance and silent auction, \$100 per person.

open bar.

The event is also used as a fund raiser to benefit two not-for-profit organizations—The Hospice Program of Northeastern Illinois and Barrington Youth Services. Proceeds will benefit both charities.

The Barrington Horse Show will be held at The Barrington Hills Riding Center on Bateman Road. Admission to the horse show is free. For further information on any of the events call (708) 304-5209.

## From A Woman's Point of View

by Gail Wickstrom, Wickstrom Ford

It is one of the extra bonuses in business when one of your customers becomes a friend. Fred and Pat LaCock were one of our first customers and Fred had remained a good friend to my husband, Tim.

Fred was in visiting a couple weeks ago, as he usually does, and small world that it is. Fred knows one of our newest salespeople, Michelle Goss. Fred knows Michelle's mom, Carol, from church and Carol was bragging to Fred about how well her daughter is doing at her new job. Well, I can confirm that she wasn't bragging. Michelle has done very well from the first week she started working here in late January.

This was a very tough winter to get your first taste of the automobile business. Michelle made it through one of the worst winters we have had in years.

Michelle has a natural rapport with people and has done a good job acquiring product knowledge and therefore presents herself very well.

Michelle said that it is harder in some ways than she thought it would be until she realized that all it really came down to was listening and helping people find what it is they really need.

After she got over the initial fear of rejection, she learned to handle the occa-

sional man who isn't comfortable buying from a woman, which doesn't happen very often anymore. And on the other side, there are many women out there who are very happy to find another woman on the other side of the desk.

She learned not to take adverse situations personally and enjoy the larger percentage of nice working relationships she encounters. We all consider Michelle an asset to our organization.

## Too Busy To Read? Listen.

Heard a good book lately? Many people don't realize that almost every new book published is available on a cassette tape, too. New books and old favorites are read by a famous actor or actress. Hear a book while exercising or mowing the lawn. If you're bored commuting to work, taking a long car trip or chauffeuring kids around town, put on a tape. "Some days I'm in the car running errands for three or four hours," says owner of **Jordan Temple Book Center** Elizabeth Temple, mother of 3 boys. "It's so frustrating and tedious! I put a good mystery into the cassette player. Suddenly I'm glued to the

driver's seat! It makes my day."

Anytime your hands or eyes are occupied, you can still enjoy a book. The cassettes work on all standard tape players, walkmen, portable tape players and car tape players. "I listen to them on airplanes," adds Elizabeth. "It really cuts my stress during take off, landing and turbulence."

**Jordan Temple** has the best selection of books on tape in McHenry County. Maximize your downtime with books on tape.

## The Perfect Setting For A Day of Antiques Shopping

The **Racine Antiques Fair** is the perfect setting for a day of antiques shopping in the country. From 8 a.m. to 4 p.m. on Sundays, July 17 and August 28, over 100 dealers from throughout the Midwest will gather at the Racine County Fairgrounds to display their quality-American country, Victorian and other period pieces in pine, oak, walnut and mahogany; beautiful, turn-of-the-century glass and jewelry; Tiffany collectibles, primitives, porcelains and much, much more. Two thirds of the dealers set up inside fairground buildings, the rest are outside. And the show goes on rain or shine.

The fairgrounds are about 45 minutes from Barrington just west of the junction of U.S. 45 and Wis. 11, five miles west of I-94 in Union Grove, Wisconsin. Parking is free and refreshments, including the popular Racine kringle, are available. Admission is \$3 per person. For more in-

formation, call (708) 540-7750.

*Boulder Ridge*  
COUNTRY CLUB

## SCENIC VIEWS

### The ever-changing vistas of Boulder Ridge

Each season brings new beauty to the idyllic setting of Chicagoland's most sought-after country club community. Dotted with twelve lakes and over 2,000 trees, here is an environment with everything in place for luxurious carefree living... award-winning homes, a fully equipped clubhouse, championship 18-hole golf course, luxurious pool complex, tennis courts and dining facilities.

The Fairway Homes were designed with beautiful vistas and comfort in mind. Masonry fireplaces, whirlpool baths and 9-foot basement ceilings are but a few of the many standard offerings. Three-car garages and walk-out or English basements are also available in these spacious, maintenance-free, single family homes.

**Fairway Single Family Homes from the upper \$240's**  
**Estate Homes from the upper \$300's - \$500's**  
**Fully Improved Homesites from the \$70's - \$170's**

Located just south of Crystal Lake on Algonquin Road (Rte. 62). 1 mile west of Randall Road. Models open daily 10-6. (708) 854-3008.

Prices and availability subject to change without notice.

\*We are pledged to the letter and spirit of U.S. policy for the achievement of equal housing opportunity throughout the nation. We encourage and support an affirmative advertising and marketing program in which there are no barriers to obtaining housing because of race, color, religion, sex, handicap, familial status, or national origin.\*

**Boulder Ridge Country Club** is a prestigious, private-access community located just south of Crystal Lake in the quiet village of Lake In The Hills. It consists of 510 acres of slightly rolling former farmland transformed into a magnificent golf course and three distinct housing areas. Two of these areas, the Estate Homes/Estate Lots, and the Fairway Homes, are available now for your consideration. The Greens of Boulder Ridge, two-story single family homes ranging from 2260-2800 square feet will be opening later this summer.

The semi-custom Estate Homes are offered on 1/3 to 3/4 acre lots and range in price from the upper \$300's to the low \$500's.

The maintenance-free detached single family Fairway Homes are available in seven floorplans, according to John Curtis, sales manager. New models have been built for the Fairway Homes. The floorplans have been improved by redesigning the master baths, and incorporating new features that have recently come out in the home building industry. Two entirely new floorplans have been introduced this spring, one 2387 square foot ranch, and a 2819 square foot two-story with a first floor master bedroom. These floorplans really round out the Fairway Homes floorplans by offering family rooms and living rooms on the first floor while the other floorplans offer great rooms. Some models can incorporate English basements and with our 9 foot ceilings, they are excellent for converting into finished living space. Excellent lot selection is still available. The Fairway Homes range in price from \$248,900 to \$328,900. The NEW models are open for your viewing daily.

The Estate Lots, ranging from 1/3 to 3/4 acres are available for building your custom home. These lots are priced from \$70,000 to \$175,000.

The homes of **Boulder Ridge** are situated on high ground, the ridge, which extends along the western edge and across the southern part of the property. Both Estate and Fairway Homes, which border the golf course, enjoy panoramic views of the magnificent 7000 yard course designed by PGA golfer Fuzzy Zoeller in conjunction with Lohmann Golf Designs, Inc.

This challenging par 72 layout with almost 21 acres of ponds and streams is truly one of the areas most beautiful golf courses. The view from the flagpole at the end of the club parking lot will almost take your breath away.

A stunning new multi-million dollar clubhouse overlooks the majority of the course. Inside the exclusive facility is a formal dining room, mixed grill, banquet room, lobby, card room, men's and women's locker rooms and bar. It also has an outdoor deck and patio. A practice green and croquet court are nearby. **Boulder Ridge's** swim and tennis club features a 25 yard outdoor pool, wading pool, tennis courts and grill for member's enjoyment, Golf, social, dining and corporate memberships are currently available for residents and non-residents alike.

The Chicago and Northwestern train station in Crystal Lake or I-90 are only a 10 minute drive from **Boulder Ridge** providing convenient access to Chicago or the northwest suburbs.

To reach **Boulder Ridge**, take I-90 to Randall Road and exit north to Algonquin Road, turn west on Algonquin Road, 1 mile to the landmark community of **Boulder Ridge**.
