

Approved 3/9/64.

MEETING OF PRESIDENT & BOARD OF TRUSTEES OF VILLAGE OF BARRINGTON
HELD MONDAY, FEBRUARY 24, 1964 at 8PM.

Meeting called to order by President John H. D. Blanke. At roll call Trustees present: David R. Capulli, Robert J. Long, Paul J. Shultz, J. Frank Wyatt. Also present: May L. Pinkerman, Village Clerk; B.J. Zelsdorf, Treasurer; B.S. Matthews, Attorney.

MINUTES 2-10-64: President suggested letter be sent to Engineers requesting they send plan of proposed waterworks improvements to Park Board notifying them improvement is to be constructed. Page 3 Par.5 after "The Kendall Co." add "& Park District" in lines 1 & 3. MOTION by Trustee Capulli, second by Trustee Shultz that minutes be approved with additions. Ayes.

INQUIRIES FROM AUDIENCE INVITED: Owner of Alladin Recreations asked to await item 14 on agenda. Agreed.

BARRINGTON HIGH SCHOOL GERMAN CLASS: thru Miss K. Baer, Teacher, request permission to sell brooms in Village from 9 AM to 2 PM on 2-29-64. MOTION by Trustee Capulli to grant permission, second by Trustee Wyatt. Ayes. Village Clerk to notify Miss Baer.

LEAGUE OF WOMEN VOTERS: President displayed/charts he used in his recent address to group showing source and distributions for Lake & Cook Counties. It was suggested that perhaps these charts could be ~~reduced~~ tax in size for distribution. MOTION by Trustee Capulli that cost of reducing and printing of this data be determined, seconded by Trustee Wyatt. Ayes.

SALES TAX-NOVEMBER 1963: Net to Village reported at \$8032.30. (1962 - \$8471.)

JEWEL PARK ELM RD. SUPPLEMENTAL CONTRACT FOR ORNAMENTAL LIGHTS: received. MOTION by Trustee Capulli that extras amounting to \$520. on Jewel Park Elm Rd. Street lighting project under contract with Cuba Electric Co. covered by this supplemental contract be approved. Second by Trustee Wyatt. Roll call-Ayes: Capulli, Long, Shultz, Wyatt. GLOBE REPLACEMENTS: Supt. Johansen reported he had ordered parts for this job.

MUNICIPAL CAR BIDS: MOTION by Trustee Capulli that Village Clerk open & read bids, 2nd by Trustee Long. Ayes. BIDS RECEIVED FROM: Grant Motor Sales \$2245.; Yount Ford Sales \$2250.; Morrice & Heyse Motors Inc. \$2102.75; Dans Royal Motors \$2668.09. MOTION by Trustee Wyatt that bids be referred to Building Committee for study during recess, second by Trustee Long. Ayes.

MFT RESOLUTIONS: MOTION by Trustee Wyatt that this Resolution covering Traffic Lights for 1964 maintenance in amount of \$1050. be adopted and Village Clerk be authorized to conclude as necessary, second by Trustee Long. Roll call-Ayes: Capulli, Long, Shultz, Wyatt, Blanke.

MAINTENANCE ARTERIAL STREETS: MOTION by Trustee Wyatt that this Resolution, covering MFT maintenance for Arterial Streets for 1964 in amount of \$9857.57 be adopted and Village Clerk be instructed to complete as necessary. Second by Trustee Long. Roll call-Ayes: Capulli, Long, Shultz, Wyatt, Blanke.

LAKE CTY REG. PLANNING COMM. annual mtg. 2-27=64. Copies "Planning Notes" distributed.

ALLADIN RECREATIONS: President briefed on case: Defendant found guilty for gambling on premises - Fine \$100. plus costs - reduced to \$50. & \$5. costs. Mr. Henley invited to address Trustees; he asked if Board might reconsider recently passed ordinance changing age to 21 yrs., claiming it brought hardship to him, citing his observations in other areas as to hours and age. Discussion had with Trustees who advised the Board would discuss this in Committee and he would be advised of decision of Board.

1964 MFT PROGRAM: Trustee Wyatt briefed on letter from Engineers offering to be of assistance in setting up program. MOTION by Trustee Wyatt that Village Engineers (Myer Engler) be authorized to consult with Village to aid in working out program of MFT construction &/or maintenance work for 1964, seconded by Trustee Capulli. Roll call-Ayes: Capulli, Long, Shultz, Wyatt.

WELL #3: Certificate of compliance sent to State Water Board by Village Engineers with copy to Village. No report received as yet on test. President reported well delivered 1M GPM at 8' drawdown, is 148' deep and 48° temperature.

BURNED OUT MOTEL: Statement received from Attorney for cost & expenses in this connection; to go on next list of bills. (\$283.); case still pending. Attorney stated property still listed in name of Cummings but several others report interest in it & it has been intimated property may be rehabilitated.

SUBURBAN BLDG. OFFICIALS TRAINING INST. March 5-12-19 & 26. MOTION by Trustee Capulli that Building Commissioner be authorized to attend classes at Village Expense. Second by Trustee Shultz. Roll call-Ayes: Capulli, Long, Shultz, Wyatt.

CENTENNIAL COMMITTEE-SPECIAL POLICE: President reported no quorum at recent meeting of Centennial Committee therefore no action taken on Village invoice.

CHICAGO FED. AGED & ADULT CHARITIES: Barrington Area United Fund Drive Committee recommended this group be urged to join the local group. MOTION by Trustee Long that permission not be granted and they be invited to apply for membership in the BAUFD - WITHDRAWN. MOTION by Trustee Long that Village Clerk notify them of the B.A.U.F.D. and suggest they contact this group for membership. Second By Trustee Capulli. Ayes.

AMERICAN CANCER FUND DRIVE IN BARRINGTON: MOTION by Trustee Long that Village Clerk be authorized to write this Association inviting them to join the Barrington Area United Fund Drive group in this Village and apply for membership, seconded by Trustee Wyatt. Ayes.

ST. JUDE RESEARCH HOSPITAL CHGO.OFFICE: Request to conduct a Teen-Age March against Leukemia on 5-3-64 referred to BAUFD Committee for comment & recommendation on MOTION by Trustee Capulli seconded by Trustee Long. Ayes.

PAVEMENT MARKING FOR CAR PARKING STALLS: President opened discussion on marking curbs vs pavement, noting certain sections of ordinances, suggesting pavement be marked where not in conflict with other laws. Public Works Supt. and Police Dept. to check out.

BILLS: Barton bill for \$870.26, under Street Fund, to be divided equally between Street & Water Funds. With this adjustment made, MOTION by Trustee Long that bills be paid from Funds indicated, seconded by Trustee Capulli. Roll call-Ayes: Capulli, Long, Shultz, Wyatt.

RECESS.

MUNICIPAL CAR PURCHASE: Trustee Shultz reported Morrice & Heyse Motors Inc. lowest bidders at \$2102.75, making MOTION that Village accept bid of Morrice=Heyse Motors, Inc. for purchase of one 4-dr. Station Wagon, according to specs, delivery to be made as soon as possible. Second by Trustee Capulli. Roll call-Ayes: Capulli, Long, Shultz, Wyatt.

DECALS: Sketches to be submitted by Vernon & Son for study; decals for use on Police vehicles, Municipal car & Public Works vehicles, being considered.

LAKE COUNTY MUN. LEAGUE dinner meeting at Biltmore Country Club 3-19-64 8 PM.

NW MUN. LEAGUE meeting was held last week. Directory of Municipal Officers prepared & copies distributed to Trustees with populations & % of increases from 1960 to 1963; noted that if populations increase 10% a special census is possible and for every additional person \$5. is available under MFT. Robert DeJonge to speak at meeting 3-19.

PREVAILING WAGE RATE ORDINANCE: Repassing of this checked out with Attorney who discussed recent hearings and ruling in Monmouth case. Proposed Resolution read; Attorney advised adoption at this time especially a/c pending bond issue for waterworks improvements. MOTION by Trustee Wyatt for adoption of Resolution #196, seconded by Trustee Shultz. Roll call-Capulli No; Long, Shultz, Wyatt, Blanke - Ayes.

COOK COUNTY POLLING PLACE #5-110 E. Station St. Fire Station: MOTION by Trustee Long that permission be granted for use of this location 4-14; 10-6; 11-3-64 for Primary-Registration and Gen. Election. Second by Trustee Capulli. Roll call-Ayes: Capulli, Long, Shultz, Wyatt.

SEWERS: President commented on letter from Trustee Voss (section read) who had heard from Engineers, letter dated 2-18-64, in which they outlined program for setting up weirs in sewers; also suggesting that one of their personnel supervise installation of same with rate of pay per their contract with Village. Wet and dry weather measurements discussed with reference to infiltration. Trustee Capulli suggested that after installation our men could do work after instructions. Supt. Johanesen has logbook with data on smoke testing program done to date. Trustee Shultz feels our own Dept. has lot of data and why duplicate this work? After further discussion it was thought matter should be taken up with Trustee Voss upon his return and studied further. SPRAY WATER SYSTEM FOR HOLDING DOWN DETERGENTS: Balance of letter from Trustee Voss read, recommending purchase of pump at cost of about \$700. President noted he had discussed matter with Supt. Hager who stated detergents are due to be changed nationally and foam is now less than formerly. MOTION by Trustee Wyatt that we authorize installation of spray pump at approximate cost of \$700. Second by Trustee Shultz. Roll call-Ayes: Capulli, Long, Shultz, Wyatt.

CIVIL DEFENSE: Copies of letter from Coordinator Joswick to President distributed to Trustees and read by Trustee Shultz re amount of time spent by Mr. Joswick for C.D. Matter to be studied further.

WATERWORKS OPERATORS SHORT COURSE by State to be held in Springfield 3-2 thru 3-5-64 noted-Supt. Johanesen prefers to pass this one in favor of one coming up later.

WELL #3: J.P. Miller Artesian Well Co. in letter to C.T&A. re use of Village help during emergencies noted they will reimburse Village for labor & equipment used. Village to bill contractor at MFT rates, etc. Supt. of Public Works to prepare same with Chairman to check out & copy to go to Engineers. Agreed.

DUNDEE AVE. IMPROVEMENTS: Chairman reported he has made contacts on this and will meet with County and State representatives - letter to be forwarded was read.

PICKWICK PLACE - BROUGH: Letter received tonight from Attorney Braithwaite and President briefed on a recent discussion he had with Mr. Braithwaite. Committee of Whole meeting suggested for 3-14-64. President briefed on Engineers letter covering plans & specs that have been worked out between engineers for Mr. Brough and CT&A, Village Engineers. (1 set only received) President noted type of manholes should be concentric & not eccentric - Mr. Hodel to change. Trustee Wyatt requested Village Clerk to send copies of CT&A letter of 2-18-64 to Village to Trustees who did not already receive same. Trustee Shultz suggested Committee meeting be held 2-29-64 rather than 3-14 & be held at 9.30 AM at Public Works Bldg. with Attorney and Mr. Hodel present. Agreed.

REFORESTATION RESOLUTION: Trustee Wyatt noted copy of suggested Resolution was sent to Public Service Co. for comment; their letter with suggestions was taken up with Village Forestry Committee and members were in agreement. Certain changes to be made by adding: "sewers & utility lines" under program notes #3 under A-Survey & Care of Trees. Eliminate from list of trees - soft or silver Maples, all species of Ash; Hackberry; Plane Tree or Sycamore; Sweetgum. With these modifications, MOTION by Trustee Wyatt to adopt Resolution, previously submitted, with respect to tree reforestation. Second by Trustee Long. Ayes; Capulli, Long, Shultz, Wyatt. MOTION by Trustee Wyatt that this be set up in final form and 100 copies prepared for distribution to those interested thru the Village Hall office. Second by Trustee Long. Roll call-Ayes: Capulli, Long, Shultz, Wyatt.

LIST OF ORGANIZATIONS: Trustee Wyatt suggested this be given consideration.

OLD SHEDS RAZED: Trustee Shultz complimented Supt. Johanesen and crew for good job done on this; light yet to be installed and fence to be taken care of; bumpers to be installed after gravel put in.

BUILDING PERMITS: St. Anne's & Community Church have each requested permits for improvements. Building Commissioner and Trustee Capulli consulted with Attorney on interpretations for setbacks. Decision by Attorney, after discussion, that formal hearings should be held before Zoning Board of Appeals. Fees to be paid and any unused portion would be refunded. MOTION by Trustee Capulli to authorize President to pass formal petitions on to Zoning Board of Appeals upon receipt from Petitioners, seconded by Trustee Shultz. Roll call-Ayes: Capulli, Long, Shultz, Wyatt.

GRAVEL TAX IN CUBA TWSHP. LAKE COUNTY: MOTION by Trustee Long that letter be directed to Village Attorney to investigate gravel tax with particular reference to the allocation of the proceeds in Lake County. Second by Trustee Wyatt. Ayes.

MEETING ADJOURNED at 10.45 PM on MOTION by Trustee Capulli, second by Trustee Long. Ayes.

Respectfully submitted,

May L. Pinkerman
Village Clerk

February 28, 1964.

Mr. R. H. Golterman, District Engineer
State of Illinois Division of Highways
595 S. State Street
Elgin, Illinois.

DUNDEE AVENUE IMPROVEMENT

Dear Sir:

The President and Board of Trustees of the Village of Barrington would like to have you consider an improvement of Dundee Avenue. The concrete pavement is breaking off along the edges. The shoulders are in need of downgrading, upgrading or swaling, depending on location. The storm water is draining off into private property in many areas along the way. Traffic volume is increasing month after month, in particular traffic to and from schools and industrial plants. Movement of motor vehicles along the route is often hazardous due to condition of the off-sides of the pavement. A serious bottleneck exists the entire distance from Lake Street intersection to Lake-Cook road. The pavement in this area is off-center from the pavement southerly. The radius of curves at Lake-Cook road connection is too small, causing many vehicles, in particular the school buses to ride over the curb. A need for an improved roadway seems imminent.

It need not be stressed that Dundee Ave. is a 66 feet wide right-of-way from Hillside Road to Lake Street. From Lake Street to Lake-Cook Road Dundee Ave. is 33 feet wide from centerline to the west line of the right-of-way; however, from the centerline to the east line of the right-of-way it is only 16 feet wide.

The President and Board of Trustees of the Village of Barrington would like to have you give your immediate attention, if possible, to consideration of an improvement of Dundee Ave. I shall be looking forward to an appointment in your office at your convenience, at which time further comments concerning our road problem will be forthcoming.

Sincerely,

John H. D. Blanke, President.

cc Village Clerk
cc J.F. Wyatt, Chairman Street Comm. ✓

"The National Arborist Association and the National Shade Tree Conference have worked out a system of shade-tree evaluation applicable to all kinds of trees in all parts of the country. It recognizes seven regions of the United States and Canada and 50 or more shade trees suitable for each area. It also establishes five classes of trees, based on "quality" or "desirability" and on rate of growth, for each region.

Class 1 represents trees of highest quality and/or slowest rate of growth; Class 2, trees rated at 80 per cent of Class 1 value; Class 3, 60 per cent; Class 4, 40 per cent; Class 5, lowest quality and fastest growing, 20 per cent.

To allow for the physical condition of a tree (symmetrical growth, health, injury, etc.), the system adopts five percentage classes, ranging from 100 per cent for a perfect specimen, through 80 per cent, 60 per cent and 40 per cent, to 20 per cent for a tree in poor condition but still an asset rather than a liability.

As a basis of evaluation, the system assigns a value of \$6 per square inch of trunk cross-section at 4½' above ground for a Class 1 tree in perfect condition.

Here's how it works: To find the square inches of trunk cross-section, make a king-size gauge or caliper and take a true measurement, in inches, of the trunk diameter at 4½' above ground. Square this figure, that is, multiply it by itself. Multiply the result by 0.7854 to get the square inches of trunk cross-section. Multiply by \$6 to get the value of a Class 1 tree in perfect condition.

Example: Say you find the trunk diameter to be exactly 20". Squaring this you get 400. Multiplying this by 0.7854, you get 314.2. Disregarding ".2" and multiplying 314 by \$6, you get \$1884.

If the tree is in Class 3 (say a sycamore or weeping willow) rather than in Class 1 (such as an oak or a hemlock), you find 60 per cent of \$1884 — that is, multiply it by 0.60 — which turns out to be \$1130.

If the tree is not as well shaped as it should be, but otherwise is in excellent condition, so that you estimate it to be about 80 per cent of perfection, you multiply \$1130 by 0.80 and get \$904. Certainly a tree worth saving if at all possible!

In general, Class 1 trees for most regions include: the oaks, hard maples, beech, sweet gum, honey locust, little-leaf linden, ginkgo, hemlock, hollies, and some pines.

Class 2 trees for most regions include: birch, hickory, pecan, ash, walnut, tulip tree, hackberry, tupelo, eucalyptus, some maples, some pines, and spruces.

Class 3 trees: willow, sycamore, poplar, American linden, sassafras, horse chestnut, buckeye, redbud, and some kinds of pine, spruce, and false cypress.

Class 4 trees: wild cherry, black locust, mulberry, American elm (in disease areas), boxelder, catalpa, some maples, some poplars.

Class 5 trees: tree-of-heaven, butternut, pitch pine, silver maple, Siberian elm, Osage orange, chinaberry.

From the foregoing information you can get a reasonably good idea of what your trees are worth. But if you want a really accurate evaluation — say for a legal action or for an appraisal — you'll of course have to know how the species are rated for your region and how the trees' "percentage of perfection" rates in the judgment of a qualified authority.

A recognized tree expert in your area, who is a member of the Arborist Association, can give you this information. If he is not a member, ask him for an opinion on your trees' percentage of perfection and send \$1 to the National Arborist Association, Wooster, Ohio, for a copy of "Shade Tree Evaluation."

February 24, 1964

Dr. Dale Norris
Dept. of Entomology
University of Wisconsin
Madison 6, Wis.

Dear Dr. Norris

Enclosed is a summary of my observations of the 50 parkway elms on Elm Road, Jewel Park, Barrington, which were injected with experimental SD 3562.

The elms were injected on May 15, 1963. We followed the method of procedure and the determination of dosage as recommended by you. I reduced the dosage to half the amount previously given in those trees which showed phytotoxicity in 1962.

I made weekly inspections of the 50 injected trees and the 50 control trees. None of the injected trees nor control trees contracted Dutch Elm Disease.

Of those trees which showed phytotoxicity this year, six of them (numbers 4, 5, 6, 7, 8, and 30) were set back sufficiently to warrant the remedial measures of fertilizing (and watering if necessary) in 1964.

Very truly yours,

Rowland F. Roth

Memo to Trustee Wyatt:

Dear Trustee Wyatt:

In connection with the Resolution passed last evening re reforestation, I am wondering if you have a more legible copy of Exhibit A - the Tree List. If so, would appreciate having it for our work in reproducing same, also, would you kindly mark the exact trees to be deleted - we notice, for instance, ash trees appear on both sheets and several maples, including a planetree maple, and oriental & London planetree. Thank you.

Cordially,

May L. Pinkerman

The Honorable John H. D. Blanke
Barrington
Illinois

Dear Sir:

Pursuant to our phone conversation of last week I wish to comment regarding your inquiry concerning the amount of time I spend conducting the Civil Defense duties for the Village of Barrington.

It is difficult to ascertain the exact number of hours that are spent because a great deal of the time is spent during the normal course of business. In addition, during the summer months last year, I spent as much as three days a week solely on C.D. matters. It is evident that there will be weeks to come during which period as much or more time will be required. It is therefore virtually impossible for me to give you any accurate idea of my hours for C.D.

Very truly yours,

Jerry Joswick
Director

February 18, 1964

Mr. John Blanke, President
Board of Trustees
Village of Barrington
Barrington, Illinois

Dear Mr. Blanke:

As you know I shall be out of town at the time of the next two Board meetings.

There are two matters that should receive Board action before I get back.

One matter is the proposed spray pump for the sewage disposal plant. As you know we are currently using potable water to wash down the detergent foam. While it is difficult to determine the cost, to the Village, of this spray water, it is probably in the neighborhood of \$40.00/month. The cost of installing the proposed spray pump is approximately \$700.00. On this basis it would take the better part of two years to pay out. In the meantime soft detergents may eliminate the necessity of such a spray system. From a conservation standpoint, however, the system is desirable. It is my recommendation that we proceed with the installation of the system. ✓

The second matter is that of determining the sources of the storm water that floods our Sanitary Sewer System. We have smoke generating equipment to check our sewer system, but this is a long process. I have asked Consoer, Townsend & Associates for their thoughts on isolating the worst sections of our sewer system for smoke testing first. You have a copy of their letter regarding the installation of weirs to determine the increase in flow during heavy run-off periods. I recommend that the Board authorize this study. ✓
defined

Yours very truly,

F. J. Voss
