VOL. 19. NO. 36.

BARRINGTON ILLINOIS, FRIDAY, SEPTEMBER 9, 1904.

\$1.50 A YEAR IN ADVANCE.

## THE BIG STRIKE ENDED

### Butchers Desert Their Union—Packers' Victory Complete.

The great strike began by Union butchers at the Stock Yards in Chicago July 12, and which extended to all other centers of the country, has ended, the workmen making complete surrenders.

The estimated number of employees who went out at call of unions, 22,000. The estimated loss to strikers in wages is \$4,000,000, while the packers estimate their loss at \$7,000,000.

The great contest between the packers and unions has been fought closely by the friends of labor throughout the country and the defeat of the men has administered a severe blow to unionism.

It is predicted that the cause of unionism has received a set-back from which it will never recover. It has demonstrated that the owners of great industries will conduct their own business in the future without the dictation of walking delegates and district organizers.

While the blow to the unions is a severe one, the public, always chief sufferer in such cases, is benefited.

## FIRE LADDIES LOSE

### A Hotly Contested Game of Ball Played With Bowman Dairy Company's Employees.

Heise's field was the scene of a ball game last Saturday afternoon. There has been base ball contests fought out on that field before but none afforded so much genuine amusement as the game we now tell about. The battle was not engaged in by drilled handiers of the horse hide covered sphere but by amateurs picked from the membership of the volunteer fire department and employees of the Bowman Dairy company's plant.

The gentlemen who extinguish fires and when occasion requires run the hose on newspaper reporters got an idea from somewhere that they could put out something, so they invited Manager Heise of the bottling works to trot his milk handlers out on the green sward and have them scientifically slaughtered.

The populace went out to witness the fun which was furnished in huge chunks without charge. The Ladies' band furnished the music that added much to the enjoyment of the event and encourage the contestants who were laboring under great mental anxiety.

At 3:20 there was a blare of cornets and Will Kirby, wearing a suit of galvanized iron underclothing, walked to the center of the diamond and in deep crooked bowled "Play ball!"

Boy Waietman, official scorer, announced the following line up:

Bowman's—Jencks, c.f.; Witt, r.f.; Volker, c.; Frick, 3rd b.; Wooding, l.f.; Magee 2nd b.; Heise, 1st b.; McGowan, p.; Rohlmeier, c.

Fire Department—S. Landwer, c.f.; Donles, r.f.; A. Landwer, c.; Harnden, r.; Stiefenhofer, 3rd b.; S. Homuth, 1st b.; W. Homuth, 2nd b.; Kirnase, 1st b.; McKay, p.

McKay took the stick for the fire laddies and swiped the ball good and proper but Heise was at 1st, and Jim went out. Kase was fortunate and was given time on called balls. A. Landwer hit the ball square and brought Kirnase home and by stealing to 3rd managed to reach home himself while Will Homuth was running to 1st. John Donles started to demonstrate his ability as a ball player and by much exertion got 3rd, and that is as near as he came to making a score during the game.

The Bowman nine then went to bat and were presented with three large, freshly-laid goose eggs. The firemen braced up for a second hold, but the milk handlers were soon and returned the goose eggs.

In the third inning McGowan scored for the Bowman contingent and the firemen brought in 4. It began to look dubious for Heise's nine, the score being 6 to 2.

In the first half of the 5th Will Homuth saved the firemen from a shutout. The milk handlers failed to get a man to home.

The 6th started out favorably for the fire fighters but Heise had coached his men well. Wooding, greatly to his surprise, secured a sky-scraper out in center. Rohlmeier followed suit and Volker did good service as backstop. More goose eggs for Jimmy McKay's nine. Then Rohlmeier made a bit for the Bowman's and scored. The score sheet showed Bowman 3, Fire Dept. 7. Heise cautioned his men about the

7th inning, but the firemen run in 4.

The band played a Filipino two step, the Bowman's were to bat and sent in a 4-11 alarm which threw the firemen into a panic. Jencks hit the ball and every batter called to the plate caught the fever. They knocked the ball all over the field and scored 5 runs. The score was now tied.

The 8th inning opened with the band playing and firemen thirsting for revenge. They run in Stiefenhofer and Sam Homuth then they went on a fly batted by Sam Landwer. The milk handlers followed and scored 3 when the fire fighters laid down their bats and seemed satisfied.

Score 14 to 13 in favor of the Bowman Dairy employees. Time of game 2 hours, half of which was taken up in chasing the ball through neighboring corn fields.

Features of the game—Music of the right kind and at the right time by the Ladies' band. Heise's work at 1st and with the stick. Rohlmeier's two base hit; Donles's base running; Sam Homuth's home run; McGowan's three base hit; Wooding's high fly to center; Stiefenhofer's sensational catch and battery work of McKay and Lanwer and McGowan and Volker.

Will Chase the "Evasive Dollar."

M. C. Clutosh has tendered his resignation as secretary of the Parker and Davis campaign club, and closes his letter of resignation as follows: "I do not desire to withdraw from the club and give as my reason for resigning the office that I shall be too busily engaged in chasing the elusive gold standard dollar to permit my taking the duties of the office."

Not An Unusual Instance.

It has long been the opinion of many students of social questions that the practical way to deal with the divorce problem is to attack it at the marriage end. In other words, the greatest cause of divorce is the badly permitting hasty and ill advised marriages. There are no such safeguards thrown about matrimony in the United States as there are in England and many of the older nations, and divorces are much more frequent. That wedlock is entered into with too much ease and too little consideration is shown by a recent case in New York. A man on being arrested for bigamy admitted the charge and said he "clean forgot" that he had one wife when he married another. He was sent to a place where he will have time to improve his memory. The story of his second wife is peculiarly illuminative. She said:

I met that man in Central park, July 7 I was sitting on a bench, and he came and sat by me and began to talk. He had uniform on and seemed nice. We visited while, and then he asked me to marry him. I was engaged to another man and didn't think I ought to, but he teased and threatened me and said words. We were married that night and lived to tell the tale. He was a big fellow, didn't like him, anyway, and only married him for fear he would kill me.

This is not an unusual instance. How can we wonder that there are frequent divorces when such marriages are possible?

Here is the latest conundrum—what reports to be the latest. It may be the revival of a very ancient one: If two snakes of the same size and length should begin swallowing each other's tail at the same moment and continue swallowing at the same speed, what would be the result? Would they keep swallowing till both snakes vanished, or would they wind up in the predicament of Bill Nye's dog that swallowed several yards of wallpaper only to find the other end tied to a stake? At any rate, it is safe to say that the snakes would soon get as much mixed as the man will who tries to work out the problem.

Village Board Proceedings.

The board of trustees met at the village hall Wednesday evening pursuant to adjournment with President Laney in the chair and all members present.

Minutes of previous meeting were read and approved.

Treasurer's report for the month of August showed a balance on hand of all funds September 1st of \$1,929.41.

The report was accepted and adopted. Bills were audited amounting to \$1,345.19.

John C. Plager, chairman of the committee on streets, reported that work on the improvement of streets had been completed so far as planned for this year.

The ordinance for permanent walks was taken up and discussed, but final action was deferred to a later meeting. The proposition of the village park and the cost of walks constructed hereafter was discussed and there seems to be a sentiment in its favor.

Board adjourned until the next regular meeting.

The cemetery association is calling for the annual dues for 1904, for the purpose of keeping the cemetery in good condition. The annual tax is only \$1.00 and this is certainly a cheap way to keep the place in a first-class condition. Any person who has not enough pride and respect to pay this small sum are not doing justice to those who wish to see their loved ones resting amid beautiful surroundings. Send in your dollar to the treasurer.

The village board met at regular session Monday evening. The treasurer's report showed a balance on hand of \$413.14. Henry Law reported that licenses had been issued for forty dogs. The bond of Peter Knowe, contractor for the reservoir, was accepted. Bid of C. H. Patten for the bonds amounting to \$3,300 for construction of the water works reservoir was accepted at a premium of \$30. Bills to the amount of \$416.30 were ordered paid.

The Chicago papers have been trying to unravel a mysterious case in Chicago, a young man claiming to be Jesse Betts and sister, Mabel registered at the Briga's house last week. Mabel was taken to a hospital by her brother from which he told the police she had disappeared. The next day Saturday the young man disappeared leaving his belongings at the hotel. Betts said they were on their way to visit friends at Palatine. Who is Betts?

The Palatine school opened with very bright prospects last Monday. More pupils are enrolled than in several years and more room has been provided for their accommodation. The high school well attended their classes, a number from outside in attendance. Barrington sends one and Arlington Heights will have several coming here. Prof. Smyser has started in to make the best that is possible of the school and we hope

nothing, but favorable reports from his pupils. If the parents will do their part toward making the school a success the teachers can be depended upon to do theirs.

Must Have Yellow Slip.

County clerks throughout the state are being notified that they must account for every one of the blank hunters' licenses that are commissions and swear to it. Some clerks have issued licenses this year upon presentation of old blue licenses taken out last season. This is contrary to law and works hardship to other clerks in the same neighborhood.

When licenses are lost, they cannot be renewed at the clerk's office, but applicants and applicants must be filed with the state game commissioner at Springfield.

"Every applicant for hunters license must sign the regular application and swear to it." Some clerks have issued licenses this year upon presentation of old licenses taken out last season. This is contrary to law and works hardship to other clerks in the same neighborhood.

Candidates Get Rebate.

Under new rules recently adopted by the Lake County Republican Committee each candidate for office was assessed \$50 to cover the expense of printing ballots and conducting of primaries.

Some candidates paid in their \$50, making a total of \$350 collected. It has been found that \$175 will cover all the expenses so each of the candidates will receive a rebate of \$25.

What is His?

In the last nobody knows, but we do know that it is under strict law. Abuse that law even slightly, pain results. Irregular living means derangement of the organs, resulting in Constipation, Headache or Liver trouble. Dr. King's New Life Pills give a number from outside in attendance. Barrington sends one and Arlington Heights will have several coming here. Prof. Smyser has started in to make the best that is possible of the school and we hope

nothing, but favorable reports from his pupils. If the parents will do their part toward making the school a success the teachers can be depended upon to do theirs.

Ten Years Ago This Date.

The Chicago Tribune, in its "Do You Remember That—" column, this morning says: "Ten years ago today a fatal wreck on the Chicago & North-western line near Harrington, Ill., was caused by a cyclone blowing freight cars into the main line over which a passenger train was passing." Yes, we do remember, and also "that" it was the St. Paul limited train north bound, that Fireman James McMahon was so badly injured that he died soon after being taken from under the engine, and a large number of passengers and several employes badly injured.

ATTEND THE RACES.

The Libertyville Trotting Association Offers Fine Races.

The new and finely equipped racing track of the Libertyville Trotting association is located one-quarter of a mile from the business center of Libertyville, on the Chicago, Milwaukee & St. Paul R. R., and Chicago & Milwaukee Electric R. R. A large sum of money has been expended on the grounds and buildings with a view of making this the best racing park and training grounds in the north-west.

The stables for the accommodation of

of speed horses are models of perfection and will compare favorably with those of any other grounds in the West. They are unsurpassed for convenience and safety.

The new mile track, which was completed July 1, is a thing of beauty, full regulation quarter turns and stretches, fine black soil, perfectly graded, tiled and fenced, and in the best possible condition. Races being up for the coming meeting, \$7,500.

The association is especially anxious to make the first meeting, September 13, 14, 15 and 16, a banner one and will insure all of its patrons fair and generous treatment.

The big meeting opens next Tuesday with three races as follows: 2:30 trot, \$500. 2:25 pace, \$500. 2:15 trot, \$1,000.

Does Nothing For People.

A good deal has been said about the purpose of the government to come to the aid of the people, as against the packers' extortion, but there is little hope of it. The stockmen and cattle growers as well as consumers are beginning to discover that the beef trust is a tough proposition to run up against, especially when it has a strike on its hands. Beef goes up, cattle go down and the trust wins both ways, and the government does nothing at all.—Danville News.

GIBBONS CHOSEN

By Eighth District Democrats as Nominee for Minority Representative—Lake Wins.

The Democrats of the Eighth senatorial district, comprising the counties of Boone, Lake and McHenry, met in adjourned convention at Harvard, broke the deadlock following the session held at Belvidere two weeks ago, and after 118 ballots and stubborn fight, nominated Dennis E. Gibbons of Highland Park, Lake county, for minority representative over William Desmond of Hartland, McHenry county, present incumbent.

Genl. Geo. C. Rogers of Wauegan was nominated for state senator.

Lake county democrats are jubilant over their victory, and have just cause for rejoicing, as it is the first time in sixteen years that they have been recognized by the district.

Boone county presented a candidate and McHenry asked the return of Rogers and McHenry who had given excellent satisfaction to the people, but Lake's 22 delegates stood firm and demanded that the promises so often made to their county be redeemed.

TRIGGS MUST PAY

Mrs. McIntyre \$2,500 For the Death of Her Husband.

The circuit court's decision in the case of McIntyre vs. Triggs and Anderly has been sustained by the appellate court.

This will be remembered as the case wherein Mrs. McIntyre, widow of the man who was founed in a lumber shed at Libertyville some 18 months ago and whose death was declared by the coroner's jury to be due to alcoholism, brought suit against R. H. Anderly, then proprietor of the Lib cityville hotel, and her where it was proven McIntyre obtained liquor the night of his death, and James Triggs, owner of the building rented by Anderly.

Mrs. McIntyre was given \$2,500 damages in the circuit court, and Mrs. Triggs appealed the case. It is 11 decisions that is now sustained by the appellate court.

According to this decision it is not a safe proposition, says the Libertyville Independent, to rent a building to a saloon keeper. Mr. Anderly has moved out of the state and is not good for the amount of the damages and Mr. Triggs will have to bear the burden or appeal to a still higher court.

Elijah Two Times Hits Cupid.

Dan Cupid has been hogged about with new difficulties in Zion City. According to the rules promulgated by John Alexander Dowle, courtier of his young followers will be burdened by severe restriction. A girl under 18 years old will not be allowed to speak to a young man on the street. If she is a young woman 18 or over she may speak to a young man only by the consent of both his or her parents.

Elijah will have a fine old time enforcing this new order. He may court his followers into paying exorbitant collections but he cannot instruct the young Dowlettes how to carry on their courting. The rules for that art were invented long years before Elijah appeared on earth and will be very many years after that self-appointed disciple has turned in his checks.
