

TRAIN WRECK ON UNION PACIFIC

Accident Is Due to Spreading Rails Causing Coaches to Leave Track.

PULLMAN CAR IS ROLLED OVER

Turns Three Times in Jumping Fifteen-Foot Embankment, Six of the Passengers Being Seriously Hurt—Other Accidents.

Junction City, Kan., dispatch: The west-bound Atlantic express on the Union Pacific was wrecked six miles west of here shortly after 1 o'clock Monday afternoon. The accident was caused by the rails spreading. The train was traveling about forty miles an hour. Three Pullman cars left the track, and the one at the rear of the train rolled over a fifteen-foot embankment, turning three times.

There were thirty-two persons in this car. Six of them were seriously injured and the rest received slight injuries. The seriously injured are: Fred S. Coburn, Woomersick, R. I.; overcome by gas and broken head. A. Johnson, Providence, R. I.; cut about neck and head; may prove fatal. George Engle, Colorado, Pullman porter; badly crushed about foot. Mrs. H. W. Rice, Providence, R. I.; bruised hip; serious.

The injured were brought to this city. The last two cars of the train were occupied by baggage and mail, mandery, K. T. No. 1, and Calvary commandery, K. T. No. 13, both of Providence, R. I. The members were returning home from the San Francisco conference.

Trains Collide on Cincinnati, Toledo, Ohio, dispatch: Cincinnati, Hamilton & Detroit express, Nos. 2 and 5, making their first trips over the lines of the Terminal company, collided near Ironville and twenty persons were injured, some of them seriously. Both engines were demolished and several coaches were smashed.

It is claimed that the north-bound engineer diverged from the track and did not take a siding at Conasalet street for the south-bound train to pass. The accident occurred on a trestle and the engines were telescoped in such a peculiar manner that none of the cars left the track. If the cars had gone over at that point there would have been a frightful loss of life.

Among the most seriously injured are: C. C. Wheeler, Cincinnati; seriously injured. W. J. Stieringer, Cincinnati; right arm fractured.

Mr. and Mrs. A. E. Ferguson, Gibsonburg, Ohio, scalped; both taken to the hospital. Mrs. T. J. Ramsey, Eufaula, Ala.; head injured. Emmet J. Dwyer, Detroit; chest injured.

I. B. Coombs, Sidney, O.; face cut. Norman Pugh, Swanton, O.; left leg broken and back injured. Mr. Frank Snyder, Piqua, O.; left arm and side injured.

One Killed and Seven Hurt. St. Joseph, Mo., dispatch: The collision of a Mokane street car with an ice wagon at Thirtieth and Edmond streets was followed by a second collision, in which a north bound car on Thirtieth street crashed into the wreck, resulting in eight persons being injured, one fatally, Mrs. J. E. Pierpont, wife of a physician of Eldimore, Mo., in attempting to leap from the second car, falling thirty feet to the pavement and sustaining a fractured skull. She died at the Ensworth hospital.

Caring for Baby in Zuni Land. The Zuni child spends his early days in a cradle. But a cradle in Zuni Land does not mean down pillows, silken coverlets and fluffy lace; it is only a flat board, just the length of the baby, with a hood like a doll's bonnet top over the head.

Upon this hard bed the baby is bound like a mummy, and the coverings are wound round and round him until the little fellow cannot move except to open his mouth and eyes. Sometimes he is unrolled and looks out into the bare white-washed room, blinks at the fire burning on the hearth and sees his eyes earnestly on the wolf and cougar skins that serve as chairs and beds and carpets in the Zuni home.

By the time he is two or three years old he has grown into a lump little bronze creature with the straightest of coarse black hair and the biggest and roughest of black eyes. He is now out of the cradle and frolics about the house and village. When the weather is bad he wears a small coarse shirt, and always a necklace of beads or turquoise.—St. Nicholas.

The Reason Why. Drummmond, Wis., Sept. 19 (Special)—Whole families in Bayfield County are singing the praises of Dodd's Kidney Pills and the reason why is given in experiences such as that of Mr. T. T. Wold, a well-known citizen here. "I had such pains in my back that I did not know what to do," says Mr. Wold, "and as I came across an advertisement of Dodd's Kidney Pills I sent for a box. That one box relieved me of all my pains. My wife also used them and found them just what she needed. I recommend Dodd's Kidney Pills as a sure cure for Backache and other Kidney Troubles."

Backache is one of the earliest symptoms of Kidney Disease. Dodd's Kidney Pills cure it promptly and permanently and prevent it developing into Rheumatism, Dropsy, Diabetes or Bright's Disease.

Inspiration Came in Sleep. Goethe often declared that much of his best work had really been done in his sleep. "The objects," he said, "which had occupied my attention during the day often reappeared at night in connected chains. On awakening, a new composition, or a portion of one I had already commenced presented itself to my mind. In the morning I was anxious to record my ideas on paper." And Tartini's famous "Devil's Sonata" was, he always declared, an exact reproduction of a melody which had been played to him during his sleep.

Brotherly Affection. Here is a little incident which a commentator on Dean Ransay's "Religious Insensibilities of Scottish Life and Character" thinks is worthy of a place in that volume: A Mr. Baird, who was one of those who had made his fortune in the iron industry in Scotland, having risen from a laborer to be worth about \$10,000,000, was once dining with the duke of Hamilton. His grace said that he had not had his pleasure of meeting any of his brothers. He replied, "And nae great loss, my lord; they're all brutes but me."

Insist on Getting It. Some grocers say they don't keep Defiance Starch, but they do use it. Have a stock on hand of other brands containing it. It is in packages which they were not able to sell first, because Defiance contains 10c. for the same amount. Do you want it or, instead of 10c. for the same money? Then buy Defiance Starch. Requires no cooking.

Cure an Old One. In view of the fact that a Vienna physician has become famous for curing rheumatism by the external application of bee stings, an American physician rises to say that the internal absorption of the virus of the honey bee has effected 500 times 500 cures.

DIPLOMAT AND LEGISLATOR

Great Name Now Centers in Seven-Year-Old Son of the Dead Man—Elopement a Romantic Incident in Life of the Prince.

Friedrichsberg cablegram: Prince Herbert Bismarck, son of the great chancellor, and head of his house, died Sunday morning. His malady was abdominal cancer and the end was painless. He was born in 1849.

Prince Herbert Bismarck was a statesman not of the capacity of his iron father, to be sure, but of better parts than many whom the Kaiser of this day has exalted above him. And he was fatal, which should cover a multitude of sins. His affection for his grim old father amounted to a mania. It was not to paraphrase a school book epigram—that he loved

Qualifications for Office.

Some amusing replies were given by candidates for a vacant relieving officership at Chorley. Asked if he was married, one replied, "No, but if that is the only objection I will overcome it in two months." Another aspirant, questioned as to his physical strength, and asked if he could put any of the members of the board of guardians out of the room without assistance, replied, diplomatically: "I wouldn't like to throw out a challenge of that sort." "But," he was asked, "could you manage a rough lunatic?" "Well," he replied, amid laughter, "I have been a footballer for fifteen years."—London News.
