The Diamond Cure.

The latest news from Paris is that
they have discovered a diamond cure
for consumption. If you fear con-
sumption or pneumonia it will, how-

great remedy mentioned by W. T. McKee...

Best Her Double.

doctors I could get, I was bent double

The Greenwood postoffice in Lake
county has been discontinued.

The directors of the First National
Bank of Dundee have declared a divi-
dend of 3 per cent and added a sub-
stantial sum to the surplus fund.

A well 2,000 feet deep is to be sunk
on the naval school site north of
Lake Bluff, at a cost of about \$5,000.
Bids are now being received on it.

Last Monday Waukegan township
voted to build a new township High
school under a law passed at the last
session of the legislature. The propo-
sition was carried by a vote of 264
to 33.

Miss Hubbard of Grayslake last
week returned from missionary work
among the negroes and poor white of
North Carolina. Miss Hubbard has
also worked among the Indians and
Sunday night she described this in-
teresting and valuable work at the
Methodist church in Grayslake, her
home town.

The Modern Woodman of Genoa
Junction have a way of punishing
members who stay away from lodge
and of helping the churches as well.
Recently one of their delinquent
members was required to deposit \$1.10
in the contributions box at Sunday
morning services; the amount being
fines that had accumulated for a year
past.

Wauconda Leader: The surveyors
of the Illinois & Wisconsin Construc-
tion Co. are here taking levels and
there is talk that the company con-
templates building the road sooner
than was promised. Let us hope
that such may be the case, and give
any encouragement we may be able
to give to the company to hasten the
work.

Woodstock Sentinel: The county
treasurer of Boone county, J. W.
Hardy, is holding down a job as street
car conductor on one of the city lines
of the Rockford & Interurban com-
pany in Belvidere. Mr. Hardy has
not resigned his office, but has a
deputy who looks after that business,
and in the meantime is making a dol-
lar or two on the side, as it were, by
ringing up fares on the street cars.

The Lake County Board of Review
now has its full quota of members.
Judge Jones having appointed J. C.
Hiddleton, of Waukegan, in place of
Charles Brown of Grunee, the latter
gentleman being unable to serve ow-
ing to business reasons. Later the
board in a preliminary session select-
ed M. C. Decker, principal of the
Deerfield high school to act as its
clerk and chairman Miles announced
the body had the first of its regular
sessions last Monday. Anyone desir-
ing to secure a readjustment of their
assessment must file complaint with
the clerk of the board in writing on
or before the first Monday in August.

According to the report of the Good
Roads Commission the people of Illi-
nois have spent approximately \$75-
900,000 on their wagon roads during
the last twenty-five years and yet
these roads are in little better con-
dition now than they were twenty-
five years ago. Obviously there has
been a great waste, which is ascribed
to the makeshift methods and a lack
of a scientific study of the road
problem. The old Romans knew how
to make roads "for keeps," and some
of those constructed by them two
thousand years ago, are still in good
condition.

Jap-a-Lac

Lamey & Co. have added to their
stock of paints a complete line of
Jap-a-Lac. It is made in the follow-
ing colors: oak, walnut, mahogany,
cherry, malachite green, ox-blood red,
brilliant black, dead black, natural
ground, gloss white, flat white, empire
blue. It is sold in any quantity from
one-half pint to a gallon.

Jap-a-Lac stains and varnishes by
one application, and is the most dur-
able floor finish on the market; also
the best possible finish for all kinds of
interior wood-work, where extreme
durability is required.

and constipation. 25c at Geo. C. Rob-

Yesterday and Today.

The Chicago & North-Western Rail-
way has issued a valuable and inter-
esting compilation of railway history

sippi up to the present day. Over a
hundred pages of historic matter con-
cerning the various roads forming
what is known as The North-Western
Line, will be printed in strong paper
covers, postpaid for ten cents. W. B.

Demand for Free Delivery.
The demand for rural free delivery
keeps up continually. Petitions for
new service to the number of 4,708
were filed in the first week in June
and new routes are being established
at the rate of 600 a month. Thus far
the service has reached about one-
third of the rural population of the
country at a cost of \$20,000,000 a year.

When it reaches substantially every
farm house, as it will before long, it
will cost at least \$60,000,000 and the
deficit will amount to unheard of
figures unless the rules be changed.
The re-organization of the service on
business principles, permitting car-
riers to handle express matter regard-
less of origin or destination, would
probably make both ends meet.

Very Low Rates to San Francisco,
Los Angeles, Portland, Ta-
coma, Seattle, Etc.

Via the North-Western Line. Ex-
cursion tickets will be sold from all
stations, Tacoma, and Seattle daily
and to California points July 25, 26
and 27, and August 10 to 17, inclusive,

count of various meetings. Two fast
trains to the coast daily. "The Over-
land limited" (electric lighted through-
out), less than three days en route.
Another fast train is "The California
Express" with travel room and tour-
ist sleeping cars. The best of every-
thing. For rates, tickets, etc., apply

Railway. aug17

Jeannette Gilder's Cut on Verbe.
Jeannette L. Gilder, editor of the
Critic, was at Cleveland, O., a few
hours recently on the way to Du-
luth, Minn., where she started the
reporter by dropping as many verbs as
possible, says a Cleveland dispatch to
the Chicago Tribune. She said:

"Quaver thing about Cleveland. Must
be rich city. More automobiles than
in New York. So many women drive
them, the big ones. Cleveland women
of more rugged type than New York
women. New York women content to
amble about in little electric run-
abouts. No dash, no go. Great dif-
ference here. By the by, what about
the poor horse? One this morning
bitten to a shreds. On one I
saw. Poor, bony animal. Sorry for
him, honestly."

Japanese on Texas Rice.

Baron Masano Masudaira, a Japa-
nese nobleman, has been traveling in
Texas, which he declares to be a great
country for rice. He regards Texas rice
as almost on a par with the product
of his native country and feels sure that
it can be raised there with good profit.
