Overheard in the Courtroom. First Lady—I wonder why the judge leterred sentence until to-morrow. Second Lady—Probably he wanted to talk the case over with his wife.

Hundreds of dealers say the extra quantity and superior quality of De-fiance Starch is fast taking place of all other brands. Others say they can-not sell any other starch.

There are a lot of mean things you can do to a man, but one of the most exasperating is to intimate that you do not think his dog is smart.

Physicians Recommend Castoria

CASTORIA has met with pronounced favor on the part of physicians, pharmaceutical societies and medical authorities. It is used by physicians with results most gratifying. The extended use of Castoria is unquestionably the result of three facts: First-The indisputable evidence that it is harmless: Second—That it not only allays stomach pains and quiets the nerves, but assimilates the food: Third—It is an agreeable and perfect substitute for Castor Oil. It is absolutely safe. It does not contain any Opium, Morphine, or other narcotio and does not stupefy. It is unlike Soothing Syrups, Bateman's Drops, Godfrey's Cordial, etc. This is a good deal for a Medical Journal to say. Our duty, however, is to expose danger and record the means of advancing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge, Castoria is a remedy which produces composure and health, by regulating the system-not by stupefying it-and our readers are entitled to the information. - Hall's Journal of Health.
