When you see the sun is sinking in a sea of sickening rays...  
When the butterflies are skittering in the glee atmosphere...  
When the little picanninies pick red peppers by the peck...  
When the farmer's bulging bellows, when you look him in the eye...  
When the barly "bug" potatoes with the latest new machines...  
When the gentle Carrie Nation knocks saloons to smithereens...  
When the catbird's chinnations in court contagion from the sky...

State University Scholarship.  
WILMETTE, Sept. 18, '05.  
EDITOR REVIEW:—It appears to me that the sons and daughters of my constituents have a right to know at this time that the last General Assembly passed an act authorizing each member of the general assembly to nominate and appoint annually one person of school age, and otherwise eligible from his district who by virtue of the appointment should receive a certificate of scholarship in the state university.

The method of making the appointment is to file with the president of the university on or before the first Saturday in June the name and address of the student named for the scholarship. The candidate must then present himself for examination before the county superintendent of schools in the county where the student resides.

Every applicant must be at least sixteen years of age, and a resident of the county in which the examination is held, and no student who has attended the university shall be eligible to the examination.

Are You Engaged?  
Engaged people should remember that after marriage many quarrels can be avoided by keeping their digestion in good condition with Electric Bitters. S. A. Brown, of Bennett's Bitters, S. C., says: "For years my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor, and became a mere wreck of her former self. Then she tried Electric Bitters which helped her at once and finally made her entirely well. She is now strong and healthy." The Barrington Pharmacy sells and guarantees them, at 50c a bottle.
