The steady use of a particular set of muscles tends to chronic fatigue, which produces flaccid or difficult motion, trembling, and even paralysis.

"For years my hands would become so numb at times that I would drop anything I attempted to lift. Later they became so bad that I could not sew any longer, and at last I could scarcely do anything at all with my hands."

"The result was surprising. By the time I had taken my first box I could see a gain. Thanks to Dr. Williams' Pink Pills, I am now all right. I can sleep peacefully and for two years I have been as well as ever."

Dr. Williams' Pink Pills feed the nerves by making new, rich blood and in this way cure all nervous diseases of every description from simple restlessness to paralysis.
