**Draw Your Own Comparisons!**

TEXAS is the only State in the Union with room enough for a population great enough to consume its total production of food, fabrics and building material.

Big enough? Yes! Now here is the comparison. Suppose you are an Iowa farmer. According to Government reports the average value of crops in Texas is \$4.00 per acre more than in Iowa, and the average returns on Texas farms are twelve per cent greater. The average acreage of Texas farms is 160 acres compared with 137 acres in Iowa. With products yielding better returns with a minimum amount of labor, and with plenty of room does it not seem to you that Texas promises much?

The possibilities here are ever brighter than now for men seeking to better their condition. In five years' time these possibilities will be gone. You should make the change now while the prices of farming lands are reasonable and investment opportunities are not overdue. Why not locate in a progressive locality and grow up with the country? It will certainly pay you to investigate conditions in whether you immigrate to Texas or not.

I can give you many valuable pointers about locations where prospects are brightest. Write me—tell me what you want, how much you have to invest. I will give you information and gladly assist you in getting in touch with the opportunity.

Write today for a FREE copy of my book "Texas." S. G. LANGSTON, General Commissioner of Immigration, Room 501 Wisconsin Bldg., ST. LOUIS, MO.

**LIQUOR DEALERS FACE HOT FIGHT**

**Anti-Saloon League Plans Local Option Campaign for Illinois.**

**PROPOSE TO RAISE BIG FUND**

Peoria, Ill., dispatch: Local option in Illinois and a fight to the finish was the slogan sounded Monday evening at the opening meeting of the Illinois Anti-Saloon League. The Liquor Dealers' Protective Association will be met at every point.

Flushed with success of overthrowing Governor Herrick of Ohio, for which they claim credit, the national and state officers in attendance at the meeting here declare they will win their fight in Illinois. Plans looking to the raising of \$100,000 to aid the cause will be started at this convention. This is the sum said to have been set aside by the liquor dealers when they met in Peoria several months ago.

"If they increase their fund we will do the same," said National Organizer Baker. "We propose to win this fight and to do it quickly. There will be no middle ground and victory now is almost in sight. We are going into the next state legislature and fight harder than we did last spring and we came pretty close then. We hope to win this time."

**Reform Leaders are Lauded.**

"Thank God for the folks, for the Hazels, for the La Follettes and for the Rooseveltians of today." This sentiment is the climax of the address by Rev. P. A. Baker of Columbus, Ohio, national superintendent of the Anti-Saloon League. The large audience, gathered at the First Methodist Episcopal church cheered the mention of the political reformers with bright applause.

The speaker called attention to the fact that the country's reformers were saying that the fund of success may bring a release due to ultra-conservative. "As ministers of the gospel," said the speaker, "we should teach high ideals. But if we were elected to the state legislature we would not attempt to make laws according to my highest ideals, but would endeavor to lift legislation to a higher plane. In doing so I would not draw laws up to the public, but would have the public and place only those laws on the statute books that would be sustained by the people. Affairs keeping one ideal in mind, that of lifting legislation to a more advanced plane."

**Tells of Ohio Campaign.**

"Now, as to the Ohio campaign. It was positively a nerve-racking campaign. The tariff and highway legislation, which were looked upon as the probable issues, were cast aside by Secretary Tamm in his speech in an Ohio town, when he declared that he would not vote to continue the boom ring in power in Cincinnati. This sounded the keynote for the campaign and the Anti-Saloon Association proceeded to carry out the intention to clear the offices of the objectionable men."

"Governor Herrick interferred with the process of the legislators on the local option measure. The Anti-Saloon Association had demanded that Herrick be not nominated, but party leaders cast aside these pleadings and renominated him. The predicted election by \$2,000. That sounded good, but the moral conscience of the people had not been learned. They had not seen that no man is strong enough in himself to defy the people. Election day came around and Herrick was defeated, running from 65,000 to 80,000 behind his ticket."

**RESENTS INSULT BY MINISTER**

**Town Marshal Called a Pumpkin Head**

Sarasota, Fla., special. The village of Frankfort is excited over the sensational encounter between Rev. M. Wilson of the Presbyterian church and Strawder McNeil, who is the marshal of the town. Frankfort is a dry town but there has been a great deal of whisky and beer imported, and in the pulpit Rev. M. Wilson blamed the marshal for it. The pastor directed the marshal as a pumpkin head and toward for failing to do his duty, and the marshal, who was present, jumped from his seat and called the pastor a liar. A riot was imminent, but the marshal left the church without trouble. Next morning the two men met in front of the postoffice and the marshal slapped the minister's face. bystanders interfered and there were no arrests.

**A GIANT LAID LOW.**

Crippled and Made Ill by Awful Kidney Disorders.

John Fenwick, fruit raiser, Webster, N. Y., says: "I used to lift railroad ties easily but wrenched my back and began to suffer from backache and kidney trouble. I neglected it until the doctor told me that my kidneys were failing. My twigs failed me like a log and made me crawl on hands and knees. I was so crippled for a time that I could walk out with sticks, had headaches and dizzy spells and the kidney secretions were muddy and full of brick-dust sediment. Doan's Kidney Pills made the pain disappear and corrected the urinary trouble. I have felt better ever since." Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

**Spread of Steam Power.**

In 1805 the world had not a single steamship on the ocean, a single mile of railway, and a single span of telegraph upon the continents or a single foot of cable beneath the ocean. In 1905 it has 18,000 steam vessels, 550,000 miles of railway and more than 1,000,000 miles of telegraph, while the very continents are bound together in instantaneous communication by more than 300,000 miles of ocean cables, the number of telephone messages sent aggregates 6,000,000,000 annually, and one-half of them in the United States alone.

**A Great Monarch.**

Whether that any brother sovereign, master of legions, which number over a million; lord of more than one-sixth of the surface of the globe, with subjects of many colors and races, amounting to over one hundred and twenty million of men and women, all the Russias will not be invincible until he adopts Pillsbury's Vitax as his regular breakfast diet.

The November "Arena" is, as usual, bold and outspoken on the political, social and economic problems that are stirring the thought of the nation. It carries a number of timely and other contributions that will appeal to the general reader.

**Ask Your Dealer for Allen's Foot-Ease**

**"A Halt in the Desert"** the initial story in the November "Stars and Stripes" is a tale of the humanities—the one that will profoundly stir the finer chords of your nature.

**Defiance Starch** should be in every household, none so good, besides, it is made of cold water starch, and any other brand of cold water starch.

To read "The World's Work" is to watch modern civilization and the significant happenings in every branch of human endeavor.

**All Up-to-Date Musicians** use Defiance Cold Water Starch, because it is better and costs more for it for same money.

Our north pole may be familiar to the astronomers of Mars. Let them keep an eye on Mr. Peary.

**Lewis' "Single Binder"** straight to the point. The highest price for it is to be had and the highest quality for the smoker. Lewis' Factory, Peoria, Ill.

**Wanted—An automobile warranted never to get tired on a long journey.**

**Miss Curran's Seething Gripe** is the best medicine for colic, infantile colic, indigestion, flatulency, cholera, etc., etc. It is a natural remedy, and its use is recommended by all the leading authorities on the subject.

**No one questions the sex of Lucifer, the fallen angel.**

**THE BEST COUGH CURE**

Many a handsome and expensive trip to Florida, California or the Adirondacks has been saved by the use of

**Have Proved Their Worth.**

The campaign undertaken by interested publications to undermine the faith of the people in proprietary medicines has drawn forth the following words from high medical authorities: "It must never be forgotten that the interest of the manufacturer is to put out a remedy which is not only meritorious but safe. With a small army of enemies constantly on the alert, ready to seize upon and magnify every unfavorable circumstance, how few are the cases of accident or injury to the user of such medicines. Complaints in regard to the use of such remedies are exceedingly rare and utterly insignificant, in comparison with the number of cases of illness of people who avail themselves of these remedies."

Theodore Roosevelt's article in the November "Scraper" describes "A Wolf Hunt in Oklahoma"—The account of his hunting trip made last April. It deals with an entirely different sort of hunting from that told of in "A Colorado Bear Hunt," which appeared in the October number, for this time, instead of being in the mountains, it is on the broad plains.

**Insist on Getting it.**

Some grocers say they don't keep Defiance Starch. This is because they have a stock of high priced brands containing only 13 or 14 in a package, while they won't be able to sell them, because Defiance contains 18 oz. for the same money.

The November Magazine Number of "The Outlook" contains many illustrated articles in addition to the usual historical treatment of the events of the week and editorial comment on political, economic and literary matters.

**Here is Relief for Women.**

Mother Gray, a nurse in New York, discovered a high medicinal brand containing only 13 or 14 in a package, while they won't be able to sell them, because Defiance contains 18 oz. for the same money.

The November Magazine Number of "The Outlook" contains many illustrated articles in addition to the usual historical treatment of the events of the week and editorial comment on political, economic and literary matters.

**Why it is the Best.**

It is because made by an entirely different method than any other brand. It is like any other, better and one-third more for 10 cents.

The good Samaritan doesn't do it as an investment.

**DEAN'S KING CACTUS OIL HEALS WITHOUT A SCAR**

Best prepared for all your driest cases supply you.

**\$16 AN ACRE**

in Western Canada is the amount many farmers will give for 160 Acres of their wheat crop this year.

**25 Bushels to the Acre Will be the Yield.**

The land that this was grown on cost many of the farmers absolutely nothing, while those who had bought the land for \$1000 per acre, can buy land adjoining at from \$10 to \$100 an acre.

**PAXTILE TOILET ANTISEPTIC FOR WOMEN**

Treated with the most powerful germicide, it is a natural remedy, and its use is recommended by all the leading authorities on the subject.

**A KALAMAZOO DIRECT TO YOU.**

Don't buy a barrel of goods of any kind until you get our catalogue and insert order. It is the only catalogue of its kind in the world. It contains over 1000 pages of goods, and is the only one of its kind in the world. It is the only one of its kind in the world.

**FROM GIRLHOOD TO WOMANHOOD**

**Mothers Should Watch the Development of Their Daughters— Interesting Experiences of Misses Borman and Mills.**

Every mother possesses information which is of vital interest to her young daughter.

Too often this is never imparted or is withheld until serious harm has resulted from the growing girl through her ignorance of nature's mysterious and wonderful laws and penalties. I desire to enlighten the confidence from their mothers and conceal the symptoms which ought to be told to their physician at this critical period.

When a girl's thoughts become selfish, with headache, dizziness or a disposition to sleep in bed or under limbs, eyes dim, desires for solitude; when she is a mystery to herself and friends, her mother should come to her aid, and remember that Lydia E. Pinkham's Vegetable Compound will give the system the coming change, and start the menstrual period in a young girl's life without pain or privation.

Hundreds of letters from young girls and from mothers, expressing their gratitude for what Lydia E. Pinkham's Vegetable Compound has accomplished for them, have been received by the Lydia E. Pinkham Medicine Co., at Lynn, Mass.

Miss Mills has written the two following letters to her mother, which will be read with interest:

Dear Mrs. Pinkham— (First Letter) I have been very unwell for several weeks, having dizzy spells, chills, headache and backache. My mother has given me several boxes of your Compound and I feel much better. I can do my school work now and I feel much better.

Dear Mrs. Pinkham— (Second Letter) I have been very unwell for several weeks, having dizzy spells, chills, headache and backache. My mother has given me several boxes of your Compound and I feel much better. I can do my school work now and I feel much better.
