The Hay Fever Grifter.

Prof. Garzer, who is about to return to Africa to resume, in his steel cap, the study of the language of monkeys...

"I don't need no complain, for graft is everywhere." "I know a man who suffers greatly from hay fever in September..."

Isho Jena. Frazer, Martha, Nov. 27th (Special) - Mrs. Martha J. Lee has given for publication the following statement, concerning Dodd's Kidney Pills:

"I was afflicted with Rheumatism three times," she says, "and each time Dodd's Kidney Pills helped me."

The last time they cured me, and now I am able to get around and do all my work, though I am fifty-eight, and I can walk to Sunday School every Sunday..."

Rheumatism is caused by Uric Acid crystallizing in the muscles. Healthy kidneys remove all Uric Acid from the blood...

Dodd's Kidney Pills cure Rheumatism by curing the Kidneys; by healing and strengthening them, so that they can rid the blood of all impurities.

CHADWICK MARRIAGE NOT ACCORDING TO LAW

Wedding in Canada is Void - Woman Financier Says if She Goes to Prison Others Will Suffer, Too.

Cleveland, Ohio, dispatch: According to a decision just made public by the attorney general of Canada, the marriage of Mrs. Canale I. Chadwick and Dr. Leroy S. Chadwick is illegal.

The woman's attorney said: "The marriage was considered illegal in Canada, Mrs. Chadwick would, under the laws of Ohio, be Dr. Chadwick's common law wife."

The master of the Chadwick took place in Windsor when neither was a resident of Canada and the attorney general has notified all justices of peace throughout the kingdom that marriages of nonresidents are invalid.

From the Chicago Journal, Nov. 6, 1906.

When Commissioner Garfield went to the Chicago packers and asked permission to inspect their books, the condition was made that no information be given them therefrom without being in court proceedings against them.

Mr. Garfield gave this pledge. It is stated, and the packers allowed him to study their business in all its details from the instant he was sworn in.

Now, it is announced, the results of his study have been turned over to the government department of justice to be employed in legal prosecution of the packers of Chicago.

Commissioner Garfield would not have ventured to give the pledge that was demanded by the packers without instructions from Washington. He pledged, not his own word, but the government's. It is not his good faith, but the government's, that is in question now.

The Journal has no concern for the packers, except as they are citizens of Chicago. If it can be proved that they are guilty of engaging in a conspiracy in restraint of trade, they ought to be punished.

But their guilt, if they are guilty, must be fairly proved. They must be given a square deal.

Since the government has elevated its vision to such a height as to overlook the nest of defiant criminal trusts in New Jersey, almost within the shadow of the capitol dome, in order to fasten upon a thousand miles away upon Chicago, the government and the President cannot be too careful to avoid suspicion that they are more than ready to be punished.

Some of the methods already employed in this case have not been particularly distinguished for decency. When the government breaks into a man's house and steals his private papers, when it drags the wives of packing-house employes into court and fastens upon them heavy bonds, it is hardly dignified, not to say honorable, nor even respectable.

Out of the Mouths of Babies. "When you were a baby," says the man to his little son, "it was the best behaved boy in town. My parents would not allow me to play in the street, they made me keep my face washed and my hair combed, they compelled me to be well mannered at all times, and I was sent to bed early every night and awakened early the next morning. My parents trained me to be modest, polite, boy. Why can't you be like I was at your age?"

"But, papa," answers the lad, "what would be the use? It doesn't seem to have done any good in your case."

European Breakfast. Mark Twain, in speaking of the typical European breakfast, says: "The only way that I'll do it all night a piece of cuttle-fish on the chimney, and every morning I'll hop up on the mantel and take a peek at it with a tin can. It will be just as simple and much cheaper than a European breakfast."

It is evident that Mr. Clemens prefers the typical American breakfast of Pillsbury's Vitos with good cream and sugar.

His Experience. "It is true that when people have lived so long together they begin to think alike." "I guess it is. I know I always make a practice of thinking just as my wife wants me to think."
