Of Interest to Women.

Every woman naturally should be healthy and atrong, but a great many women, unfortunately, are not, owing to the unnatural condition of the lives we lead. Headache, backache and a general tired condition are iprevalent amongst the women of today, and to relieve these conditions women rush to relieve these conditions women rush to the druggists for a bottle of some preparation supposed to be particularly for them, and containing—nobody knows what. If they would just get a box of Brandreth's Pills, and take them regularly every night for a time, all their trouble would disappear, as these pills regulate the organs of the femiline system. The same dose always has the same effect, po matter how long they are used.

Brandreth's pills have been in use for over a century, and are for sale everywhere, plain or sugar-coated.

When we pray for any virtue, we should cultivate the virtue as well as pray for it; the form of your prayer should be the rule of your file; every petition to God is a precept to man.
