CONCERNING POLITICS

Town Elections are Quiet. Good Citizenship League Holds Caucus.

The annual town elections were held Tuesday, April 2, at Cuba and Barrington townships with little excitement as there was little contest among candidates excepting in the run for collector on the Barrington side.

The vote in Barrington numbered 273 and the results were as follows: for supervisor, A. H. Boehmer, 273; assessor, J. C. Plagge, 247; clerk, J. F. Gieske, 230; collector, W. C. Haszard, 111; T. H. Gould, 102; J. Brinker, 55; high way commissioner, George W. Humphrey, 224; school treasurer, F. L. Waterman, 225. The vote on judge of the Superior court was: Ben Smith, rep., 186; Wm. Witty, dem., 45; Wm. Street, prob., 39. To fill vacancy for judge: W. H. McSaurley, rep., 172; Wm. Dever, dem., 29; Walter Cadiak, prob., 28; T. J. Morgan, socialist, 7.

On the Cuba side, F. H. Plagge received 71 votes for clerk, E. W. Riley, 69 for assessor; August Semp, 74 for collector; Wm. Gieske, 73 for road commissioner.

Friday evening 24 members of the Good Citizens League held a caucus in the town hall and nominated Frank L. Waterman for president of the village board; H. J. Laeschulte, G. F. Stiefenhofer and J. R. Freeman for trustees. Saturday evening about a hundred men gathered in the hall and nominated on the People's ticket, G. W. Spunner for president; Wm. Peters, F. O. Willmarth and George Hager for trustees.

The issue of the election on April 16th will be the licensing of dram-shops and will be hard fought as everything in public improvements and issues seems to have been set aside and the one question is paramount.

Aside from the regular teachers, a number of friends were invited. After the program light refreshments were served.

The Rainy and the Dry Days.

The owner of the ranch in one of the arid regions of the great west was entertaining an eastern relative. He showed him over his broad acres, spoke of the difficulties that had been overcome in making the desert blossom as the rose and outlined his plans for the future.

"But it is possible," asked the visitor, "to make more than a bare living on such land and in such a climate as this?"

"It is," I have made considerably more than a bare living on this land. I am glad to hear it, Cyra. Then you have something to bid for a rainy day, have you?"

"Not exactly," rejoined the host with a laugh. "On the contrary, with the help of an occasional rainy day, I have managed to lay something by for the dry days."—Youth's Companion.

Spend Japanese Afternoon.

"A little nonsense now and then is relished by the best of men", so thought the ladies of the Thursday club this week when they all donned the flowered kimonos and high hair dressing of the Japanese women and met at Miss Eva Castle's for a Japanese day. The house was made into a home like those in the "Land of Flowers" with fans, umbrellas, lanterns and everything a Japanese. The whole effect was odd and pretty.

Miss Eva Castle served a luncheon with a menu favoring of the Orient with yellow jonquils for decorations. She gave for mementos Japanese dolls and water flowers.

Mrs. P. N. Lapham read a paper on "Japanese Women", Mrs. Emily Hawley told of the tea houses of Japan and Misses Esther Kampert and Francis Dolan gave readings. The afternoon was one of the most delightful of the club year.

Why Do Country Boys Flock to Big Cities?

he is lonelier there than at home—nearly always so; and even more frequently he finds that riches do not grow on ten story walls.

BUT STILL HE GOES TO THE CITY. In going there the boy simply follows his daddy's dollars. For years his daddy and his mother and his big sister and his Aunt Mary Ann have been mailing their money to the big city for Mail Order bargains.

Result: Home merchants don't thrive, grass grows in the streets, no jobs are to be had, no opening for a new business, and the young man goes to the city because it is a place where people have traded at home and built up their own community and provided opportunities for outsiders as well as for themselves.

IF YOU WANT TO KEEP YOUR BOY AT HOME BUILD UP YOUR TOWN SO THAT HE CAN BUILD UP HIS CAREER AMONG HIS HOME FOLKS.

ALL APRIL FOOLS. LAST PARTY THIS SEASON.

Young Ladies Spend a Very Pleasant Evening Nevertheless.

April Fools' night there was seen to get on. Miss Grace Palmer's of Station street a party of the completed young women in all sorts of clothing, fine and anything but fine. The principal article covered them was burnt cork and it made them unrecognizable as eight girls of the Sunshine class of the Baptist church who were the Misses Mabel Peck, Mabel Gorman, Mabel Fulton, Ethel Wilmer, Hazel Wooding, Viola Lines, Violet Ullrich and Florence Colten. Miss Palmer made the evening very pleasant for the girls who found great amusement in laughing at one another's looks. Various games were played and one contest game, in which the answers to questions were names of berries. Mabel Peck was the best berry guesser and Ethel Wilmer failed to remember many. Mrs. John Gillen, teacher of the class was also present. A late supper was served.

A Beautiful Easter.

A very beautiful day was granted to mankind this year for Easter with bright sunshine and blue sky and a bracing chill in the air. The churches were filled with worshippers who listened to eloquent sermons and enjoyed sweet vocal and instrumental music. There was quite a display of Easter bonnets and light clothing in accordance with the custom of man and supposedly Nature donning a new aspect at Easter time, and while the custom is a pretty one, it should not be the main issue on that day. Easter means the resurrection of the Christ, proving his divinity and is therefore a time to be observed with solemnity and reverence.

Von Moltke.

Von Moltke was originally an officer in the Danish army. At the age of nine years he was entered as a royal cadet—i. e. he was to be educated at the expense of the king. Frederick VI. in the Copenhagen military academy—and, having taken his examinations, he wore the Danish uniform until he, as a subalternant at the age of twenty-seven, petitioned the king for three years' leave to proceed to the continent to study the military art, he says in his petition, "to be able on his return to employ his acquisitions for the good of his country." This petition was granted, but the count asked to be allowed to retain his pay, and as the king refused he took his discharge and entered Prussia's army.

Importance of Pepper.

Black and white peppers are universal spices. The world consumes upward of 42,000,000 pounds of pepper a year, and its physiological and psychological effect upon nations is tremendous. It is used as a stimulant in place of liquor in some places, and as a remedy for colds among the loggers of the northwest. Half our popular dishes would lose their attraction if pepper was cut out of cookery. Appetites would decline, and the effect upon the mind would be most disastrous.

Left for New York.

We are informed that G. C. Hall, of the C. F. Hall Company, of Dundee, is spending two weeks on business in New York. The reason given for the trip is that since the enlargement of their store the firm's sales have so increased as to obligate them to buy in larger quantities and they find the eastern markets offer far better values than are to be found in Chicago.

The Village caucus last Saturday was rather a spirited affair, their being eight candidates in the field for the three alderman positions. H. T. Fuller had no opposition for the Mayor's nomination. The detailed vote follows: For Mayor, H. T. Fuller, 69; trustees, 3 to be nominated, B. C. Kent, 50; H. Golding, 47; P. A. Nimgearn, 25; H. L. Grantham, 25; V. D. Kimball, 23; F. Clark, 18; R. R. Kinlerly, 13; O. E. Whitcomb, 12. The tie for the third man was tossed for, and won by Grantham.

BARRINGTON NOT ASLEEP

Queer Mistake of Chicago Papers.

Vote Was Polled on Judicial Issue.

Barrington is not asleep despite Chicago papers and the county sheets which copied the city articles, despite the joking friends who have cut out and mailed to Barrington people, a carload more or less of clippings stating that we are dead politically. Voters of Barrington township turned out with interest, found the polls manned by able judges and clerks. A vote of 273 was cast on the judicial issue of Cook County and we want the world to know that we are very much awake and hustlers. Why this joke has been played on the town is an enigma.

The only solution of the mystery that can be given is that had telephone connections must have confused the reporter, for it is known positively that those who sent the news said there was no vote on drainage trustees as we are not in the district.

We hope all papers will spread this denial as rapidly as they spread the untruth.

Benefits of the Cement Walk.

Think of the spreading benefits of a nice cement walk. When the old, rotting, broken, hideous, dangerous, old boards are removed and a level, wide, pretty and durable cement walk is laid, immediately a property owner feels that the new walk deserves to be banked by a parkway to the curb line, which must be well shaped and sodded or grass carefully grown. Next the old fashioned fence is removed, revealing the yard more openly and what is the result? A good raking is necessary, grass and weeds must be kept trimmed, rubbish must be cleared away, woodpiles neatly laid, walks swept and everything made "ship-shape," all to harmonize with the new walk. Miles of cement ways have been laid here in late years and the accompanying tidiness is noticed. An untidy yard and walk might lead the public to suspect untidy rooms within the house. Appearances do count for a great deal after all so neglect not your yards. Few wooden walks will be left in the village in two more seasons, thanks to the cement walk-owners.

The Mohammedan Oath.

One of the most picturesque forms of administering the oath is that followed by the Mohammedans. The witness places his right hand flat upon the Koran, puts the other on his forehead and then brings his forehead down until it is in contact with the book. Then he stands erect and looks steadfastly up for some seconds. The officer of the court asks the witness, "Are you bound by the ceremony you have performed to speak the truth?" The answer is "I am."

To the Buddhist witness the officer of the court says: "You declare as in the presence of Buddha that you are unprejudiced, and if what you speak shall prove false or if by your coloring truth others shall be led astray, then may the three holy existences—viz. Buddha, Brahma and Puro Sangha—in whose light you now stand, together with the glorious devotees of the twenty-two Avatars, punish you and also your entire portion." The witness places his hand on the zendavesta and says, "I swear that the evidence I shall give shall be the truth, by God, by God omnipotent, by God omnipotent, by God Almighty."

The Longfellow Town—Portland, Me.

Few great men have loved their youth and all that pertains to that happy period as did Longfellow. As he returned again and again to the city of his birth, striving among the familiar scenes of boyhood to find and to relive his "Lost Youth," so the literary pilgrim, as to a shrine, visits and revisits Portland, Me. The witness places his hand on the zendavesta and says, "I swear that the evidence I shall give shall be the truth, by God, by God omnipotent, by God omnipotent, by God Almighty."

Waltham is supposed by some folks to cure rheumatism and toothache and for this purpose, they say, should be carried in the pocket.
