

IT PROVES IT'S WORTH

The HOLSMAN Automobile

PERFECT IN CONSTRUCTION, CHEAP IN PRICE and COST OF OPERATING
When you see the HOLSMAN machine it will make you its friend at once for these reasons:

1. Solid tires, admitting of no punctures.
2. Air cooled. No water to contend with, or broken jackets which occur in frosty weather.
3. No live axles.
4. No transmission gears.
5. No drive shafts.
6. No speed gears, in fact, not any gears to contend with. No clutches. The machine rides as easy as the best made carriage and is controlled by two simple hand levers. Is started, gubbed, stopped, speeded, reversed and fully controlled by these two simple levers.

Should you have a breakdown, repairs are quickly secured. However, the chance of a breakdown are slim in a Holmsan.

Remarkable Rescue.
That truth is stranger than fiction, has once more been demonstrated in the little town of Felora, Tenn., the residence of G. D. Berger. He writes: "I was in bed, entirely disabled with hemorrhages of the lungs and throat. Doctors failed to help me, and all hope had fled when I began taking Dr. King's New Discovery. Then instant relief came. The coughing soon ceased; breathing diminished rapidly, and in three weeks I was able to go to work." Guaranteed cure for coughs and colic. 50c and \$1.00, at Barrington Pharmacy. Trial bottle free.

Full of Local News.
A young fellow said lately to an employee at this office "Your paper isn't any good any more. You don't have any stories, nothing but local news. I don't like that. I know it anyway without reading the paper."
Without knowing it, he was paying around the weekly paper one of the highest compliments. It is the chief aim of a local paper to get the local news above all else. City dailies cover outside news, magazines and books publish stories and a local paper is for local news. Some weeks when little occurs around the weekly paper one of the highest discouraging to try to get the news, so it seems nice to have some one say "your paper is full of local news."
Perhaps to those who work or loaf in the business district no new news is given in the weekly paper, because they are really newspapers themselves, but to hundreds of others in this town and dozens of other towns the Review is a welcome arrival. It travels from the Atlantic to the Pacific, from Florida to Canada.
