VOL. 23, NO. 26.

BARRINGTON, ILLINOIS, FRIDAY, SEPTEMBER 6, 1907

\$1.50 A YEAR IN ADVANCE.

NEWS OF THE SCHOOL

School Opened Monday Morning.

Reception Was a Success.

The reception given the teachers by the people of Barrington Saturday evening was a complete success. All teachers were present and were greatly delighted to meet the large number of parents and friends of the school that had come to greet them.

The program preceding the introduction of the teachers was such as would have done credit to a city of 30,000 people. Not only was the program fine but what is equally as creditable to Barrington, it was well appreciated. Every number won hearty applause. The audience refused to be content until Mrs. Spunner gave a second reading.

An introduction committee consisting of Mrs. Lines, Mrs. Hesse, Mrs. Spunner, Miss Nora Plagge and Herbert Plagge did fine service in breaking down all barriers of conservatism until one teacher said she felt she had lived in Barrington always.

At seven o'clock Monday morning children could be seen hovering near the school house doors. Not a child was heard to express regret that the hour for school duties had arrived. When the doors were opened and teachers and children entered every thing was found to be delightfully neat and clean on the inside, desks scraped and varnished, steps freshly oiled, wood work touched up, laboratory tables enameled, pipes regilded, tables covered with new felt and many other little improvements that show forth the careful work of the janitor.

Notwithstanding one more teacher has been employed than was last year each room is well supplied with children and the additional room is so crowded that more seats are needed.

On Monday the pupils were assigned to their respective rooms and grades and on Tuesday the work of the school progressed with little interruption.

In the high school a feeling of loneliness was felt because of the large class that graduated in June. Yet the attendance bids fair to be equal to last year's attendance, even though a class of seventeen were graduated and the eight grade class removed to another room. This is due to the fact that quite a number from neighboring schools have entered. Others would come if places could be found where students could make a home at a cost that would not make their schooling too expensive in the judgment of parents.

Parents and friends of the school are requested to assist in overcoming tardiness and irregularity of attendance, which are always a hindrance to the successful working of a school. Business men are especially requested to see that pupils do not stay about their respective places of business during school hours.

PROF. S. J. FULTON.

Death by Imagination.

Prussic acid had a singular part in the end of Payne Knight. His name may not be familiar to you, but I think those who have noticed the fine collection of coins, bronzes, gems, etc., which he bequeathed to the British museum cherish a tender place in their hearts for him. He was a great sufferer and repeatedly longed for death. At last he came to the breaking point. He decided that he would once and for all end his misery. Prussic acid was the medium chosen, and he laid in his supply of the strongest. He poured out a terrible dose and for a moment sat contemplating it. He raised the glass to his lips, then fell back dead before a drop had wetted his tongue.—London Sketch.

The Blissy Man.

He went to the Christian Endeavor meeting with two pennies, a quarter and a dollar bill. He wouldn't put the dollar in the envelope and really begrudged the quarter, but was perfectly willing to give up the two coppers and so placed them in the envelope. The wife of his boss perceived him to do put the quarter in another envelope, and then he sat hoping that the basket might not come his way. It didn't, and so they went on to the meeting where they passed a weighing machine which took the two pennies.

He took the quarter out of the envelope, also throwing away the bits of paper, and when they reached home he found that he had thrown away the dollar bill.—Columbus Dispatch.

The Greek athletes of the golden age trained on new cheese, dried figs, millet grain, mastic and warm water. He ate what he wanted.

ECHO RALLY.

Delegation of About Eighty Persons Met at Salem Church

Saturday Afternoon.

On Saturday afternoon last a delegation of about eighty persons, representing the Christian Endeavor Societies of the Northwestern division of Cook county, met with the Christian Endeavor society of the Salem Evangelical church in Barrington. The visitors arrived on the three o'clock train and were escorted to the church where a good musical program was rendered. The Reverend Ford of the Presbyterian church, Arlington Heights, led the devotional services.

A most interesting description of the trip of the Christian Endeavorers from Chicago to Seattle, Washington, by the northern route through British Columbia, returning through California and Yellowstone Park was given by one of the delegates. It made one wish for time and means to visit the wonderful scenery of our country, with fears that many of us might be content to hear and read about them. One of the Chicago delegates gave a full report of the proceedings at the Seattle Convention which was enjoyed by all.

The delegation then spent a short time in a social way with Barrington members in Salem Park in the rear of the church. Chairs were placed in a large circle and refreshments were served by the local society. The entertainment of so large a party somewhat concerned the ladies, but the committee on entertainment were successful in their efforts and the visitors expressed themselves as well pleased with the reception given them. Several Kodak pictures of the crowd gathered on the lawn were taken while the luncheon was being eaten and also of a group in the front of the church. These rally meetings are a means of mutual encouragement and are generally enjoyed. The next one is to be held in Irving Park about the last of November.

New Jewelry Store.

W. T. Burkhardt, late of Sibley, Ill., has moved to Barrington and opened a jewelry and repair shop in the South building. At present he is doing nothing but repair work as his show cases and jewelry stock have not arrived, but he expects to display a good stock in about two weeks. Mr. Burkhardt intends to bring his family here in about a month. There is a good opening here for a business of that kind and the REVIEW wishes him success.

The Lake County Fair.

The 54th Annual Lake County Fair was in progress this week at Libertyville, Illinois, and was attended by large crowds each day. Thursday being the great day, when it is estimated that 12,000 people were present. Barrington people went in larger numbers this year than ever before.

Nothing in that Paper.

We found this good clipping in our mail box this week and, thank the unknown friend who appreciates the trials of finding news when there is none.

"Something for the fault finders to think about." A FRIEND.

"Frequently you pick up one of the local papers, and after glancing at the head lines, wearily thrust it aside remarking, 'Nothing in that paper today.' Did you ever stop to think what that phrase—'nothing in the paper this week' means? asks the Chicago Democrat. It means that in the week just past that no misfortune has befallen anyone in our city; that no fire has wiped out a neighbor's worldly goods; that the grim angel of death has crossed no threshold of a friend; that no man, driven by liquor, hatred or fear has taken the life of a fellow human; that no man, haunted by the past or the misdeeds of some other, has crossed the divide by his own hand; that many things that ought not to happen have not happened. So the next time you pick up a paper that announces no tragedy give a little thanks instead of grumbling because there is no news."

Mrs. Charlotte Kelsey.

We received a letter this week from Mrs. H. C. North of Bellview, Florida, who is formerly Miss Nellie Thompson of Barrington, requesting us to publish the notice of the death, several weeks ago, of Mrs. Charlotte Kelsey, of Florida, who was a resident of Barrington for many years. Older people here will remember the Porter family. Mrs. Kelsey was Miss Lottie Porter, a sister of Alfreda Porter Spunner, mother of George W. Spunner. Mrs. Kelsey married a brother of Dr. Forest Kelsey and left Barrington over twenty years ago. At one time she was a teacher in several of the district schools of the vicinity. Her last years were spent as a recluse and she finally became insane and died in a Florida state asylum.

New Concrete Bridge.

The board of Auditors and Commissioners of Highways of Barrington township met Tuesday at the town clerk's office for the purpose of acting upon bills and auditing accounts. It was voted to raise \$1,000 on each \$100 assessed valuation on all taxable property in the township for road and bridge purposes.

The board of commissioners voted to build a concrete bridge about one mile east of this village, the estimated cost of which is \$800; Cook county bears one half of the expense. A similar meeting was held in Cuba township the day before, the proceeds of which will be used for missionary purposes. No admission will be charged, but a free-will offering will be taken. Special music and singing will be rendered. This is offering the people of Barrington a treat, and we trust that a large number will avail themselves of this opportunity.

"Twentieth Century Knight" Eldor.

Rev. W. A. Shutte, Presiding Elder of Chicago District of the Evangelical Association will deliver a lecture on "Twentieth Century Knight" at the Zion church of this city on the evening of September 12th at 8:00 o'clock. This lecture will be given under the auspices of the Young People's Alliance, the proceeds of which will be used for missionary purposes. No admission will be charged, but a free-will offering will be taken. Special music and singing will be rendered. This is offering the people of Barrington a treat, and we trust that a large number will avail themselves of this opportunity.

William Hall.

Wm. Hall of Honey Lake died Wednesday evening at ten o'clock at the Augustus hospital near Lincoln Park. About two months ago he went there for treatment for gall stones, and was operated on two weeks ago. He was improving in condition and death was not expected, but pneumonia developed and was fatal. Mr. Hall was forty-nine years old and his death is particularly sad as he leaves two motherless young girls, an aged mother and two sisters who were dependent on him for protection and care. The funeral will be held Sunday at ten o'clock at the Hall farm and burial will be at Fairview.

Notes of the Diamond.

The Whites beat the Quentins' Corners Sunday on the Leonard Bros. farm, 19 to 4.

Saturday afternoon, Sept. 7th, at 3 P. M. the Y. M. C. A.'s will play the Picher Hamiltons of Chicago.

September 14th, the Y. M. C. A.'s will cross bats with the Haynes class of Chicago which is a strong league team.

The Colonel Plumbers defeated the Y. M. C. A.'s Labor Day, score being 7 to 4. It was a good game, well worth seeing. The Kimball club team of Chicago was defeated by the association team last Saturday, 6 to 2.

Last Monday afternoon the Barrington team played at Wauconda team, at Ford's lake park, Wauconda, and was by a score of 6 to 4. The Wauconda team consisted of picked players, most of them from Chicago teams, and they put up a good game, the score standing 2 to 2 for five innings. Next Sunday, September 8th, the Barrington team will again play the Palatine team at Palatine and they have been strengthened so that victory is almost certain.

Hurt by Ice Pike.

Last Saturday morning about half past ten o'clock, Ira Banks, oldest son of George Banks of Williams street, a boy aged about sixteen, was hurt quite badly in an ice car at the Boyman Dairy plant. He was working with Dan Pomeroy and moving ice from the car to the company's refrigerator when a large piece of ice struck him on his heel, making him lose his balance and fall, striking an ice pike which entered his right leg above the knee, cutting a gash about two inches deep. Although in pain and weak from the great loss of blood, he walked home, refusing assistance. His physician reports that the wound is healing nicely and that with care he will soon be well again.

A class spirit and interest is developed by monthly social meetings. Miss Ultsch made the evening very pleasant with games, music and a luncheon, using the class colors, yellow and white for decorations. Miss Gorman will be the next hostess.

Special services will be held at the St. Paul church Sunday called a "Mission Festival" and the congregation of St. Peter's church, Lake Zurich will join in the service.

THE CLASS OF 1907.

The First Class to Graduate From

the New School. What They

Are Doing.

The high school opened Monday without the attendance of seventeen students who felt a little heartache Monday morning, perhaps, when the bell rang and they responded not, as they had done so many falls in succession. The class of 1907 are now following lives away from the new school building from which it was the first class graduated. Only one member has returned, Miss Jennie Lines who will review eight grade work, a plan recommended by many educators who feel that the arithmetic, history and other branches of the advanced grammar school grade need refreshing in the mind of a student free from the "ologies" of the high school.

Verne Hawley, a talented member lies very ill at St. Luke's hospital in Chicago.

Miss Alta Powers will be the "school nurse" at the White school, northwest of town.

Elmer Gieske will speak honeyed words of knowledge to the children at the Honey Lake school.

Miss Amber Tuttle will be the lady in charge at Quentia's Corners school, east of Lake Zurich.

Edward Volker is a hustling salesman at A. W. Meyer's general store and Miss Maud Meyer is assisting her father at the same store.

Miss Emma Hager will continue in student work and will soon leave for Northwestern university, Evanston, while George Froelich will go to Illinois university at Champaign, where he hopes his talents as comic actor and his skill as photographer will be appreciated.

Miss Lydia Sott and Louise Boehmer will be at home this winter. Roy Collen is working for "his Uncle Sam" as a rural postman.

Miss Lucy Walker has received a Lake County teacher's certificate and is planning to teach. The Misses Edna Kasper and Midge Bennett are also preparing to be teachers.

Milo Ehrlich, at present working on the Charles Schoppe farm near Deer Grove.

Elmer Preecham died suddenly, August 13th, of heart failure.

If Each Young Man Believed It?

Two young ladies named "Ann" and "Mamie" mistook our little news box near Hawley's store for a U. S. mail box this week and dropped therein fourteen souvenir postal cards of Chicago scenes which they had no doubt brought from the city to mail from here. The cards were addressed mainly to young men and to each one they wrote, "I am lonely without you." Who are "Ann" and "Mamie"?

Is Doing Nicely.

Verne Hawley, son of Charles Hawley, was taken to St. Luke's hospital, Chicago, last Saturday afternoon and an operation for appendicitis performed immediately. At present he is doing nicely but will no doubt recover slowly owing to other complications. Mr. and Mrs. Hawley accompanied him and have lived at the hospital this week.

New Proprietor.

Paul Miller has been obliged by ill health to give up his saloon business and Saturday night, Charles Kosmin, of Chicago, a brother-in-law of Miller's, took charge of the place. The Miller family will occupy the new house on North Hawley street, known as the McIntosh house. The Kosmin family will live in the flat in the Miller building.

Spend Two Days at Ba

The Barrington Cornet Band went to Wauconda Monday afternoon to spend two days at the Ba family in a cottage on the west side of the lake. Most of the fourteen members were present at the short party, and Barrington callers. We can imagine the fun occasion by the outgoing. Tuesday evening they gave a band concert down town in the village.
