Hard Times in Kansas.

The old days of grasshoppers and drought are not forgotten in the prosperous Kansas of today; although a citizen of Cole, Carl Shamberg, has not yet forgotten a hard time he encountered. He says, "I was born at and discouraged by coughing night and day, and could find no relief till I tried Dr. King's New Discovery. It took less than one bottle to completely cure me." The safest and most reliable cough and cold remedy and lung and throat healer ever discovered. Guaranteed by Barrington Pharmacy 50c and \$1.00. Trial bottle free.

His Dear Old Mother.

"My dear old mother, who is now eighty-three years old, writes on Electric Bitters," writes W. B. Branson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, runy children, too, are greatly strengthened by them. Guaranteed for stomach, liver and kidney troubles, by Barrington Pharmacy 50c.

Murderous Poachers.

A French provincial paper has a story of a gamekeeper who, going his round one night, saw a poacher and pursued him, but lost him on the highway in the darkness. Soon a motor car came up, and the keeper accepted an offer from the occupants to get in for the purpose of following the poacher. But nothing could be seen of the culprit, and when the keeper asked to be let down there was a burst of laughter and an intimation he would find himself in Paris before morning. In the twilight the motor stopped in the Place de la Concorde, the keeper was thrown out, and the party which, of course, included the poacher—drove away. The unlucky keeper had to pawn his gun to pay his train fare back.

Humorous Poachers.

"Think of the patient, uncomplaining industry of the busy bee," said the man who makes perfunctory efforts to be cheerful.

"The busy bee," replied the business man, "has no occasion to complain. He is one of the few manufacturers who are not being bothered constantly by the tariff or the pure food law."
