NAME PLATES FOR TOWNS.

An Idea From Abroad Which Might Prove Valuable Here.

Automobiles, which have become an important part of our life, have frequently won their way into the streets of our cities and towns, and it is not surprising that the automobile has become a familiar sight in the streets of our cities and towns. It is not surprising that the automobile has become a familiar sight in the streets of our cities and towns. It is not surprising that the automobile has become a familiar sight in the streets of our cities and towns.

With characteristic British thoroughness, the English Automobile Association has taken the matter of the right to the officers of that organization to fix name plates on the first and last buildings in all towns and villages throughout the kingdom in order that motorists as well as other travelers may learn the name of a town or village as soon as they come to it. It would seem that this is an idea which might be considered by the various state associations of the American Automobile Association.

D Sunday School Convention.

Two meetings were held Sunday in the Zion church at the annual Sunday school convention of Barrington township. The afternoon session about half filled the church while in the evening the attendance was so large that the church was completely filled. Frank Plazge who is township president presided as chairman. The convention represents the Cook County Sunday School Association. Five churches of the village took part and many people from the country were seen. Charles E. Hartz of Chicago, secretary of the association, was the principal speaker. Dr. F. R. Moorehead was called to Springfield after starting for Barrington. Larkin C. Smith addressed the meeting. The lectures were eloquent and productive of good effect and much was offered. New officers appointed by nominating committee are president, F. H. Plazge; vice-president, Miss Lydia Benishoff; St. Paul's 2nd vice-president, S. E. Ritzke; Zion's secretary, E. Wilmer; treasurer, Arnett C. Jones; Baptist.

Not A Luxury.

Even washerwomen, employed at a small wage, and telephone service is profitable investment. This fact should be full of comfort to the women who believe the telephone is a luxury. CHICAGO TELEPHONE CO.

Model School Grounds.

The school and its grounds should be beautiful models in every way that the children and their parents may wish their homes beautiful and sanitary, says the Garden Magazine. The vines that cling to the brick walls of the school, replacing its starting end with waving masses of foliage, or those that adorn the iron gates of the school, may be done to transform the humble home of the mechanic or the pretentious but unlovely mansion of a wealthy banker into a beautiful exterior. Beauty has a market value that is rising rapidly. A home with a well kept garden, neat lawn and pretty shrubs or trees is a necessity for far more, will sell for more, than any adjoining property, even though the latter bears a large or costly garden. The beautiful home attracts population; business and prosperity. The citizen with a home that is making more beautiful his home is a factor in his worth to any employer as well as to his family and his fellow citizens. The school garden that sends children home to ask their parents to start home gardens, even if these must be only in boxes, is doing its community good service.

Saved Her Son's Life.

The happiest mother in the little city of Avon, Mo., is Mrs. S. Rogers. She writes: "One year ago my son was down with such serious lung trouble that our physician was unable to help him, but by our druggist's advice I began giving him Dr. King's New Discovery, and I soon noticed improvement. I kept this treatment up for a few weeks when he was perfectly well. He has worked steadily since at carpenter work. Dr. King's New Discovery saved his life." Guaranteed best, cough and cold cure by Barrington Pharmacy. 5c and 10c. Trial bottle free.

Think This Over.

Wisdom is the science of happiness. Get a telephone to make your home both pleasant and safe. It is not costly. Other people are already enjoying the service. Why not you? CHICAGO TELEPHONE COMPANY.

A few moments in the kitchen at the home of William Schaefer near Barrington Center on Saturday night, but the fire was quickly put out and little damage done.

THE MAIL ORDER OCTOPUS.

Quit Feeding an Organization That Is Eating Your Town's Wealth.

There is a new octopus, with a big O. It is being fed and fattened by the farmers and the residents of small towns and the lesser cities throughout the United States. Without being conscious of the fact these well intentioned people are feeding together into a great, bulging, insatiable octopus that is reaching out its tentacles to seize and swallow thousands of local enterprises.

Let me describe briefly what the mail order octopus eats. First he gets your dollar. You may now and then get your goods by mail, but if you would look around at home you might find a considerable number of things for sale at the same price. The octopus eats up your dollar and your neighbor's dollar, and so on, and pretty soon he has swallowed the whole store of your neighbor in town, who closes up and goes out of business.

But that is only a bite for this octopus. When the storekeeper goes out of business he goes out of town—goes to some town where he can make a trade of his goods. He takes with him his family and his clerks perhaps. That decreases the population of your town. Thus the octopus eats a slice out of your population.

Perhaps five years ago your town had a thousand people. Now it may have fallen off to half that number. You own lots there or you own a farm land near by. Your lots and land are not worth so much in or near a town of 500 as they were in or near a town of 1,000. Thus the octopus eats off a considerable slice of the value of your real estate.

This octopus also eats up that fine new schoolhouse which you might have if your town kept on growing. It eats up your children's opportunities to get a good education. It eats away their and your social progress by reducing the population. If your town remains stationary or goes backward, you are not going to have an open house, or a public library, or a lecture course, or a young people's club—not very serious, never if you keep on handing pennies to the octopus.

This octopus is only about a dozen years old, but it is of adult size, and yet it is still growing, most abnormal, by eating itself at the expense of your community. If all of you in your own community would quit feeding this octopus and feed your local enterprises, your town would take a forward movement and you would be feeling yourselves in the end.

Did the story seem to you?

Think it over.

How to Remain Young.

To continue young in health and strength, says Mrs. N. Brown, of Danbury, Conn., did. She says: "Three bottles of Electric Bitters cured me of chronic liver and stomach trouble, complicated with such an unhealthy condition of the blood that my skin turned red as fire. I am now practically 2 years younger than before I took Electric Bitters. I can now do all my work with ease and assist in my husband's store." Guaranteed at Barrington Pharmacy. Price 5c.

Rob Old Winter.

"Cold, dreary, tedious winter evenings are made delightful by a telephone. You talk with friends or relatives and defy cold or snow. Order now and rob old Boreas of his sting." CHICAGO TELEPHONE COMPANY.

Three Things are Required to make a good lawn.

Time, soil, climate and intelligent labor, says the Garden Magazine. In England they have a saying that a lawn that is not made in the first year will never be made. A good lawn is a good lawn. In the United States, where we are already trying to make a lawn, the soil is not so good and where a month or two seem a very long time, people are too impatient. It speaks well for their ambition that they want lawns as soon as they move into their homes, but they are really expecting too much. At the very best it requires no less than three years to make a presentable lawn and five or ten years to make what we merciful Americans call a good lawn.

Your Income.

If your salary is small, you do not order quality, blue points or holsters for breakfast. Yet you eat. Our highest residence rate is about ten cents per day—but we can quote you a much cheaper rate if you wish. CHICAGO TELEPHONE COMPANY.

Found at Last.

J. A. Harmon, of Lismore, West Va., says: "At last I have found the perfect pill that never disappoints me and for the benefit of others afflicted with torpid liver and chronic constipation, will say: take Dr. King's New Life Pills." Guaranteed satisfactory. 2c at Barrington Pharmacy.

Dumas' "Camille."

Dumas' famous play "Camille" is a dramatic novel. The book is called "The Lady With the Camellias" and the author, Alexandre Dumas, Jr., based his central character on Marie Duplessis, a Parisian actress, to whose kindred and patronage he owed much of his early success. He stopped one day, through missing a train, at a common little inn at St. Germain, frequented by laborers and carriers. The idea of the story struck him while there, and he began it, writing on a corner of the inn table. He remained there three weeks, at which time it was finished. The first publisher of the story gave the young author \$240 for the privilege of printing two editions, aggregating 2,500 copies. When Dumas proposed a third edition he was told to go about his business, which he did, making an immense sum for himself and his next publisher.

Worked Like a Charm.

Mr. D. N. Walker, editor of that spicy journal, the Enterprise, Louisa, Va., says: "I ran a nail in my foot last week and at once applied Bucklen's Arnica Salve. No inflammation followed; the salve simply healed the wound." Heals every sore, burn and skin disease. Guaranteed at Barrington Pharmacy. 2c.

Not a Diplomat.

Lady: Yes, I want a good parlor use. Why did you leave your last place?

Applicant—The mistress was too bossy.

Lady—Too bossy!

Applicant—Yes, m'am. She was always telling me to do things instead of asking me to do 'em.—Houston Post.

South Barrington.

B. Moore is a strip to Conrad, Ind. last week to look at real estate.

John Thieling and family had a party at their house Saturday evening in which several neighbors participated and had a good time.

Alke Krizan has moved from the J. H. Thies farm to the Dodge farm west of Barrington.

J. W. Toppel will play for the "Dorkey Dances" to be given by W. K. Lawrence at Spring Lake Saturday evening.

R. F. D. No. 1 has a new carrier, W. Leucht of Danville, who succeeded Chas. Wench. Mr. Leucht was appointed directly by the government which speaks well for him.

A. E. Adams is undecided where he will make his future home and is still staying at the old homestead, but thinks he will take up a large tract of land somewhere for himself and seven sons.

Ed. Block had his wood sawed by C. Plante of Palatine who owns a gasoline sawing machine.

Mr. Johnson of Belvidere has moved to the W. A. Cappelk farm formerly owned by A. E. Loomis. He had his household goods and farming tools shipped by railway to Barrington and all the neighbors turned out and bailed a load for him. That is the way to "love thy neighbor as thyself," but it is a bitter pill for some neighbors to have to swallow.

John Hovey visited old friends here the first of the week. He has come to try to work.

Spring Opening.

The ladies attention is called to the annual Spring Opening of the untold millions store, Thursday, March 21st, Friday 22nd and Saturday 23rd, when all are welcome to inspect as fine at line of hats for spring and summer wear as was ever shown in Barrington. Including all the latest styles and fashions, made just strictly up-to-date. Come to inspect our stock and compare quality and workmanship as well as prices. All-ages welcome.

MISS HETIE R. JONES.

S. Peters has high score at the bowling alley this week, bowling a score of 244. This is the first double century ever bowled on the alley. Mrs. Freeman holds the ladies' score of 117.

The "Problek Achi's" Last Party.

The last party of a series of eight which the young ladies of the "Problek Achi" club have held this winter took place Tuesday evening at Miss Iva Robertson's where the eight girls were hostesses to eight young men friends, Messrs Rex Henderson, Roy Collins, Arnot, Robert, Bennett, Emil Myers and Emil Fricks. Mrs. Abbott and Miss Robertson were the winner and loser among the girls and Emil Myers and Rex Henderson among the young men. A luncheon was the closing event of the evening.

Hessie Moore is somewhat better today after a three days' illness.

Mrs. Fred Wolf of Washington street is very low today.

This great stock medicine is a money saver for stock raisers. It is a medicine, not a cheap food or condition powder. Though put up in conifer form than Thudford's Black Draught, renowned for the cure of the digestive troubles of persons, it has the same qualities of invigorating digestion, stirring up the torpid liver and loosening the congested bowels for all stock and poultry. It is carefully prepared and its action is so beautiful that stock grow and thrive with occasional dose in their food. It cures hog cholera and makes hogs grow fat. It cures chicken cholera and rook and makes them lay. It cures constipation, distemper and colds in horses, murrain in cattle, and makes a draught animal do more work for the feed consumed. It gives animals and fowls of all kinds new life. Every farmer and raiser should certainly give it a trial. It costs 25c a can and saves ten times its price in profit.

It costs 25c a can and saves ten times its price in profit.

PREPARED BY J. B. HANSON.

Have been using your Black Draught for some time. I have not all stock of the kind I have had. That is the best for my purpose.
