Talk about a tax social, we had none. I should say, Miss D. N. Cross, the teacher in District No. 9, known as the Berrington school, last Friday evening gave a program and box social, assisted by Joseph E. Clifton, who conducted the program, who were some choice selections. Miss Cross played several piano solos and Miss Mary Scholten and Master Irving Park of Chicago gave several recitations. The school children also participated in the program. We had a fair crowd, considering the condition of the roads. The well known auctioneer, George W. Humphrey, cried the time of the highest bidder. One basket sold for \$2.00, another \$4.50 and so on down. Twenty boxes sold on an average of \$2.14 apiece, total receipts \$42.82, which money will be used for good purpose for library books and etc. If any district school has had a letter sale considering the small number of boxes, please let us know through the columns of the Review as we are deeply interested in all that goes to better the conditions of education.
