The water works system of this village is more than self supporting. During the past year the cost of operating was \$2,853.31 and the receipts were \$3,076.24, leaving a surplus in the water fund of \$242.93. Of course to this amount should be added so much for each hydrant, usually figured at \$25, where water is furnished by a private company, as a protection to property against loss by fire. Since our water work system was installed we have not had a serious fire. A great deal of property has been saved by the prompt action of the fire department. In fact there has been enough property saved from loss by fire to pay the whole cost of putting in the water works system.

The Chicago & North-Western Ry. company paid for water consumed during the year \$1,288.74, which is more than \$100 per month. The profit to the village on this one account is \$211.45 for the year and still some of our citizens complain that the company is getting its water too cheaply. They are the best consumer we have. They pay for what they use.

If meters were put in for every consumer and a minimum rate charged the cost of pumping water would be reduced materially.

The contract for the pumping, five cents per 1,000 gallons, has proved to be less expensive than if the village were to do the pumping by steam.

What would you say is the crying need of the town? We think it is a sprinkling wagon. Such a consequence is no longer considered a luxury but a necessity. The smallest villages now have their streets well sprinkled to make life more comfortable and healthy. Wauconda has long had a cart pulled by the village and scarcely a place the size of Barrington but has its dust laid daily.

Many places are sprinkled under town control, while in others private carts are run by men who are paid so much a month by the people in front of whose home the street is sprinkled. It is time that either a public or private wagon was run and goods of dirt prevented from entering our homes and lungs.

During the past year in this village the property owners constructed 797.5 feet of five-foot cement sidewalks voluntarily at a cost of \$1,087.75. Of this amount the village contributed as a bonus \$975.00 on the basis of eight feet of crosswalks at a cost of \$242.75.

During the past two years two and one half miles of sidewalk have been built and in one case was it necessary to order a walk built by special assessment, the Jackson society on Grove avenue, the contract for which has been let to Wiseman & Heston and will be built at once.

Some of the citizens of this village are under the impression that the Electric Light company charge the full amount of their contract each month for lighting streets where light is furnished or not. They are in error. The company deducts from their bill for any portion of the time during the month that light is not furnished, by unavoidable accidents, pro rata. They furnish us with arc candle power lamps, while their contract only calls for 32. Do not complain before you investigate the facts.

A number of railroads have erected the depot at various village stations and also beautified their grounds and paved the approaches. In most cases the street leading from the depot is in the worst possible condition where it should be in the very best. It is probable that almost every railroad in the country would be glad to join in conjunction with the citizens of a town or village to bring about needed improvements, and the expense would thus be shared between them.

In fancy one sees the business district improved and beautified, the depot is painted a more attractive and cheerful shade, grass plots and flower beds with pretty shrubbery surrounding it and wide roads covering the platforms; modern buildings to place little old places of business "Burdock Park" is no more and a sprinkling cart keeps down the dirt, agreeable and dirty dust. This dream will be a reality in a few years.

There is a move under way to install a gas lamp near the fountain in the downtown district to be kept burning all night. The gas company furnishes the light free under the conditions of their franchise. It is a good move and we hope the village board will not promptly.

Final Special Assessment Notice Number 3, Cook County.

In the matter of the Special Assessment of the Village of Barrington, for an improvement by laying a connected system of cast iron water supply pipes in Main Street from Cass Street to South Linn Street, and in Station Street from Hoag Street to Cemetery Street in the County of Cook, Docket Number three (3) in the County Court of Cook County.

Notice is hereby given to all persons interested that the Board of Local Improvements of said Village has heretofore filed in said Court an assessment showing the cost of the work and amount reserved for interest and also that the improvement has been constructed in substantial conformity to the requirements of the original ordinance therefor.

The hearing to consider and determine whether or not the facts as stated in said certificate are true will be held in said Court on the 27th day of May A. D. 1907, at 10 o'clock or as soon thereafter as the business of the Court will permit.

All persons desiring may file objections in said Court before said day, and may appear on the hearing and make their defense.

The Board of Local Improvements of the Village of Barrington, By JOHN C. FLAUGER, Secretary, Dated, Barrington, Ill., May 6th, 1907.

--- Wanted ---

We want to know the name of any citizen who moved on May 1st and did not have a telephone installed in his new home for a few cents per day.

CHICAGO TELEPHONE COMPANY.
Don't Be Odd.
If other people, whose incomes are no greater than your own, were not already subscribers to our service there might be some reason why you should not have a telephone in your home.

CHICAGO TELEPHONE COMPANY.
A Painter For Growing Towns.
A growing town that forgets to provide parks as it expands will have the experience later on of buying the property needed at ten times its cost before built over.

Bird Intelligence.
Ever notice how the birds sit on the telephone wires and twitter? They enjoy it. For a few cents per day you may sit at the end of a telephone wire and talk to neighbors and friends.

My Best Friend.

Alexander Benton, who lives on Rural Route 1, near Edward, N. Y., says: "Dr. King's New Discovery is my best earthly friend. It cured me of asthma six years ago. It has also performed a wonderful cure of incipient consumption in my son's wife. The first bottle ended the terrible cough, and this accomplished, the other symptoms left one by one, until she was perfectly well. Dr. King's New Discovery's power over coughs and colics is simply marvelous. No other remedy has ever equaled it. Fully guaranteed by the Barrington Pharmacy, 50c and \$1.00. Trial bottle free."

Adjudication Notice.

Public Notice is hereby given that the Subscribing Executor of the last will and testament of John Landwehr deceased, will attend the County Court of Lake County, at a term thereof to be holden at the Court House in Wauconda, in said County, on the first Monday of July, 1907, when and where all persons having claims against said estate are notified and requested to present the same to said Court for adjudication.

WILLIAM BRUNAU, Executor, Wauconda, April 22nd, 1907.

Wonderful Eczema Cure.

"The little boy I had eczema for five years," writes N. A. Adams, Hemmetta, Pa. "Two of our home doctors said the case was hopeless, his lungs being so weak. I tried every kind of ointment but to no benefit resulted. By chance we read of Eczema Bitters; bought a bottle and soon noticed improvement. We continued this medicine until several bottles were used, when the boy was completely cured. Best of all blood purifiers and body building health tonics. Guaranteed at Barrington Pharmacy, 50c."

First Installation Now Due.

I have received the assessment roll for special assessments Nos. 2 and 3 for the cost of extension of water mains on Station and Cook streets. The first installment is now due and payable at all offices. Anyone desiring may pay his entire assessment. Interest will be added at the rate of five per cent from April 22nd, 1907.

WILLIAM BRUNAU, Village collector.

A Narrow Escape.

G. W. Choy, a merchant of Plunk, Mo., had a narrow escape four years ago, when he ran a jimson bur into his thumb. He says: "The doctor wanted to amputate it but I would not consent. I got a bottle of Buckler's Arnica Salve and that cured the dangerous wound." Get at Barrington Pharmacy.

Notice to Water Consumers.

The water tax for sprinkling of lawns was due on May 1st. All parties wishing to use water for this purpose are hereby notified not to use it for the above purpose until the rent is paid as they are liable to a fine for so doing.

Wm. GRUNAU, Village Collector

Don't Pay Alimony.
To be divorced from your spouse, there will be no occasion for it if you keep your bowels regular with Dr. King's New Life Pills. Their action is so gentle that the apparatus never has to be taken out. It is guaranteed by Barrington Pharmacy, 50c. Try them.

AMERICAN INDIANS.
When Columbus discovered America the natives had no such thing as a telephone. No use to live like the Indians under the service. A few cents per day.
