

KIDNEY TROUBLE

Suffered Two Years—Relieved in Three Months.

MR. C. B. FIZER, Mt. Sterling, Ky., writes:
"I have suffered with kidney and bladder trouble for two years past. Last March I commenced using Peruna and continued for three months. I have not used it since, nor have I felt a pain.
"I believe that I am well and I therefore give my highest commendation to the curative qualities of Peruna."
Peruna for Kidney Trouble.
Mrs. Geo. H. Simmer, Grant, Ontario, Can., writes:
"I had not been well for about four years. I had kidney trouble, and, in fact, felt badly nearly all the time."
"This summer I got so very bad I thought I would try Peruna, so I wrote to you and began at once to take Peruna and Manalin.
"I took only two bottles of Peruna and one of Manalin, and now I feel better than I have for some time."
"I feel that Peruna and Manalin cured me, and made a different woman of me altogether. I like the way you put in the little book and read of your Peruna."
It is the business of the kidneys to remove from the blood all poisonous materials. They must be active all the time, else the system suffers. There are times when they need a little assistance. Peruna is exactly this sort of a remedy. It has saved many people from disaster by rendering the kidneys service at a time when they were not able to do their own business.

Use for Worthless Stocks.
"Wildcat mining stocks are not altogether useless — or worthless, either," said a downtown broker who handles cheap mining stocks, the other day as he hung up the telephone receiver. "Here's a man who has offered me \$50 for enough mining stocks to have a face value of \$50,000. He wasn't particular what stocks he got if they only had a paper value of \$50,000. I closed the deal and shall make money on it, too. What did he want with such stocks? Well, I haven't the slightest doubt but that he is getting ready to go into the bankruptcy court and wants to show his creditors where his money has been dropped. We often get such requests and are usually able to fill them." — N. Y. Sun.

An Indian's View of an Organ.
After a while curiosity led me back to the red house, and I saw for the first time how the white woman pumps so much air into a box that when she presses on the top, the air comes convulsively. I forgot my bashfulness so far as to listen openly and enjoy the operation, wondering much how the white man puts a pipe into a box, which is furnished with a whole set of black and white teeth, and when he stags to it appears to answer him. This is how the white people teach their children to do things, I thought.—From the "Outlook"—Dr. Charles A. Eastman's "Sketches of an Indian."

The Bright Side.
"Oh, this poverty!" wailed the beautiful wife when her shy-eyed husband came home. "The gas and electric companies have shut off their service because you have not paid their bills."
"Well, we can use candles," consoled the husband.
"And the telephone company has disconnected our instrument because we owe them two months' rental."
"So much the better. If anyone tries to ring us up to spend the evening with us they will think we are not at home."—Judge.

CHANGE IN FOOD
Works Wonders in Health.
It is worth knowing that a change in food can cure dyspepsia. "I deem it my duty to let you know how Grape-Nuts food has cured me of indigestion. I had been troubled with it for years, until last year my doctor recommended Grape-Nuts food to be used every morning. I followed instructions and now I am entirely well."
"The whole family like Grape-Nuts, we use four packages a week. You are welcome to use this testimonial as you see fit."
The reason this lady was helped by the use of Grape-Nuts food, is that it is predigested by natural processes and therefore does not tax the stomach as the food she had been using; it also contains the elements required for building up the nervous system. If that part of the human body is in perfect working order, there can be no dyspepsia, for nervous energy represents the steam that drives the engine.

When the nervous system is run down, the machinery of the body works badly. Grape-Nuts food can be used by small children as well as adults. It is perfectly cooked and ready for instant use.

Illinois State News

Recent Happenings of Interest in the Various Cities and Towns.

WILL GATHER AT OLD HOME.
Former Residents of McLean County to Meet at Bloomington.

Bloomington.—The long prepared for home-coming of the former residents of McLean county, Ill., will be held here Thursday, Friday and Saturday, June 12, 13 and 14, 1907. No county in the state, it is asserted, has sent out to its different sections of this country, and to distant parts of the world, a larger number of citizens who have been an honor to her than old McLean.
Gov. Deneen and other distinguished persons have been invited, and are expected to be present at the home-coming and address the people. Thousands of ex-residents, representing almost every state in the Union, are expected.

STATE SENATOR HUGHES DEAD.
Banker and Politician of Dixon, Ill., Expires at Excelsior Springs, Mo.

Dixon.—Senator Charles H. Hughes died Sunday at Excelsior Springs, Mo. Senator Hughes was thrown from his horse two weeks ago and sustained the injury which caused his death. Mr. Hughes was just entering on his third term as state senator. He was a Mason and an O. K. He was cashier of the Dixon National bank. Mr. Hughes was prominent as a campaign manager for Col. Frank O. Lowden in his campaign for governor of Illinois.

Firebug Wipes Out Town.
Marion—Information has reached this city of a fire which almost wiped the little village of Gorvville, in Jackson county, from the map. Out of 25 business houses but seven are now standing.

Y. M. C. A. BUILDING TO BE ERECTED AT BLOOMINGTON.

for life, the remainder of the estate of \$250,000 going to the La Harpe school district in trust. An attempt was made to prove Johnston was insane. The daughter, who brought the contest, will appeal.
Rev. Theo. Smith to Visit Jacksonville, Jacksonville.—An announcement has been made that a baccalaureate sermon to the graduating class of Illinois college will be delivered by Rev. Thomas W. Smith, of St. Nicholas avenue Presbyterian church of New York city. The college commencement addresses will be given by Prof. Frank H. Hall, of Aurora, Ill., formerly superintendent of the state institution for the blind of this city.

New Illinois Railroad Licensed.
Springfield.—A license to incorporate was issued by the secretary of state to the Rockford, Oregon & Southern Railway company, with principal offices at Oregon, and capital stock nominally \$10,000. It is proposed to construct the road through the counties of Winnebago, Ogle, and Lee, to Dixon.

Railroad is Fined.
Pass.—The Chicago & Eastern Illinois Railroad company in Shelbyville were fined for blocking two crossings in that city. The fines in the two cases were \$10 and costs. The company made no defense and paid the money the city charged up against them.

Foley Asks a Divorce.
Woodstock.—Dr. E. A. Foley, former first physician at the Northern Illinois Hospital for the Insane at Joliet, has been sued for divorce from his wife, Katheryn, naming Dr. C. B. Sturm, former city physician of Joliet, as the defendant.

Fishermen Are Fined.
Havana.—Ace Parker, Jesse Brown and Wilbur F. Duffield were each fined \$25 and costs for fishing on the preserve at Owl's Nest in Fulton county.

Sullivan Dry for Good.
Sullivan.—Sullivan will be dry as long as the local option bill is in force, is the opinion of Mayor Ellis. Sullivan is dry itself and the town will only serve to strengthen it against any repeal.

County Enjoins Liqueur Men.
Woodstock.—A license to manufacture was granted here by the circuit court against cold storage in Douglas county. The decision marks another step in a long fight against the liquor interests.
