The HOLSMAN Automobile

PERFECT IN CONSTRUCTION, CHEAP IN PRICE AND COST OF OPERATING
When you see the HOLSMAN machine it will make you its friend at once for these reasons:

1. Solid tires, admitting of no punctures.
 2. Air cooled. No water to contend with or broken jackets which occur in frosty weather.
 3. No live axles.
 4. No transmission gears.
 5. No drive gears.
 6. No speed gears. In fact, not any gears to contend with. No clutches. The machine rides as easy as the best made carriage and is controlled by two simple hand levers. It is started, guided, stopped, speeded, reversed and fully controlled by these two simple levers.
- Should you have a breakdown, repairs are quickly secured. However, the chances of a breakdown are slim in a Holzman.
Write me for a catalog and descriptive matter.

RIVERVIEW TO OPEN

Saturday, May 25, the Day for Opening of Chicago's Great Natural Park.

Riverview Park has undergone a transformation since last season. The new Riverview can be described only in superlatives, for it is largest in acreage and shows it has the longest Velvet Coaster, the longest Scenic Railway, the longest Chutes structure and the largest Roller Skating Rink in the country. It will also produce this season the most stupendous spectacular show ever attempted in this country outside of Coney Island.

A number of the best bands have been booked for the season, which opens with Kryn and his Band, in the beautiful new Band Shell among the trees.

"Big Otto and his wild animal show is one of the season's features. There is a new "Howey" slide from the "Hill Country" Hill Gate, one of the spectacular successes of Coney Island last year, is reproduced here.

The "Big Show" of the park this season is "The Great Train Robbery," which was the leading feature at Coney Island last season and which, owing to the unlimited space, is reproduced here on a much larger scale. The principal feature of this production is a real engine and train of regular passenger coaches. Over thirty trained horses are used in the production, and nearly one hundred and thirty people.

The very many new shows and riding devices, together with the shade and grass that has always been one of Riverview's chief charms, will make this one of the most enjoyable pleasure resorts in the country.

Advanced Vaudeville.

Elwin Stepp, the famous comedian, raconteur and dramatic star, will be headliner at the Majestic Theatre, Chicago, for the week of May 27th in a new comedietta entitled "An evening with Heloise." With the assistance of Miss Tina Marshall, Mr. Stepp will portray some of the most notable and enjoyable characters created by the great novelist, following closely the drawings originally made under the supervision of Dickens by Charles Dickens, Seymour and Howard. Mr. Stepp's ability as a comedian and entertainer justifies the expectations of an unusually brilliant and novel feature. The beautiful woman and charming singer, Hester Wynn, who has distracted audiences all over the country in "The Wizard of Oz" and other noted musical comedy successes, will be the musical feature of this bill. With new songs and brilliant costumes this charming young lady is certain to contribute her full share to the enjoyment of the Majestic audience. Jessie Cothoun, whose name has been familiar to audiences for some years, will doubtless please her numerous friends in a playlet entitled "11:30 P. M." which possesses more than the ordinary dramatic value. Miss Cothoun's experience in character comedy work has been so extensive that there is no doubt of her ability to portray characters of unusual value and create strong dramatic effects.

In the way of broad comedy, Mazur and Maudette may be relied upon to add that element of nonsense which is said to be refilled now and then by the most of men. Their act is probably the most original in the entire line of comedy acrobatics and develops some of the most entertaining wren weather features that have yet been invented by eccentric comedians. During a former visit to the Majestic Theatre they created more laughter than any team of the kind yet seen at this house. Warren & Blanchard constitute another team of fun makers whose humor is the sort that excites the visibilities without taxing the imagination. They have a bountiful supply of fresh jokes and stories and are regarded as among the most reliable fun makers in vaudeville. "Lime and Lawrence in a lively sketch called "An Auto Elopement," and McWaters, Tyson company in a sketch called "Vaudeville" will demonstrate how many kinds of fun a team can produce.

Niagara Falls Excursion.

The Publishing fraternity of Chicago, under the auspices of the Chicago and Suburban Publishers Association, will make a trip to Niagara Falls this summer. A trip to Toronto, Can., on the river, is also on the program. The trip will be made under the direction of a competent guide, who is thoroughly familiar with the great falls, and special rates on the Gorge railroad, the steamers and other conveyances, as well as the hotels at Buffalo and the Falls, have been secured. The train will leave Chicago at midnight

Friday the 12th of July, and returning will arrive in Chicago Tuesday morning, July 15th. Everybody who desires to make the trip is welcome. Tickets and complete information can be obtained from Theo. A. Kolb, Sec., 741-743 Unity Bldg., Chicago. Telephone Central 5354.
