

IT PROVES IT'S WORTH

The HOLSMAN Automobile

PERFECT IN CONSTRUCTION, CHEAP IN PRICE AND COST OF OPERATING. When you see the HOLSMAN machine it will make you its friend at once for these reasons:

1. Solid tires, admitting of no punctures.
2. Air cooled. No water to contend with, or broken jackets which occur in frosty weather.
3. No live axles.
4. No transmission gears.
5. No drive gears.
6. No speed gears, in fact, not any gears to contend with. No clutches. The machine rides as easy as the best made carriage and is controlled by two simple hand levers. Is started, guided, stopped, speeded, reversed and fully controlled by these two simple levers.

Should you have a breakdown, repairs are quickly secured. However, the chances of a breakdown are slim in a Holman.

Write me for catalog and descriptive matter.

PROGRAM PRESENTED BY W. R. C. LAST EVENING.

(Continued from First Page.)

acquiring an improved stage presence and are more at ease in delineating the character assigned each.

Not only were the situations of the play brought out quite clearly, but really good plays were made by several and every atom of humor was received by the audience with almost too much laughter for the composure of the actors. When these players learn to follow instructions about holding up their heads and cease their restless walking to and fro, their productions will be above the average amateur acting.

To bring a play to such a state that it can really be called good, requires much perseverance, patience and fore-thought all of which is certainly possessed by Mrs. Spinner. To a degree that should be appreciated.

Miss Robbie Brockway recited a poem telling of the singing in camp during the Civil War, the verses being interspersed with music, the idea of which was very pretty.

Old Friends Meet.

Many towns particularly in eastern states are setting aside one week in the summer for "Home-coming Week" when word is sent to all old residents to arrange if possible to visit the town that week when all sorts of plans are arranged to bring old friends together. Our home-coming day has always been it seems Decoration Day. People come to Barrington on that day who formerly resided here, and who find so many new faces that they greet with delight and old acquaintances are heard on all sides as "How is So and So?" and "Where is she?" and "So he is dead?" and "I often think of you." Scarcely a family but has relatives and friends from away as guests that day and immense receptions are held on all sides. So many people are seen who once lived here that it would be impossible to secure a complete record of the visitors for the day.

Auction Sale.
