BARRINGTON, ILLINOIS.

Work and patience propel the plow of prosperity.

The hearty daily laborer is happier than a dyspeptic prince.

Zaneville (O.) eggs are passing for currency. Got change for an egg?

Gold is still coming our way—speaking, of course, nationally, and not personally.

New York. It is reported, rests upon a bed of garnets, but the pickings above ground are richer.

A coal man has been fined for selling 1,916 pounds to the ton. That's a weight they have sometimes.

A buldog figured as a witness in a Chicago case. Opponent counsel refrained from cross-examination.

It is unsafe to trifle or temporize with anything that makes a noise like a grip germ getting in its work.

Spain produces over three billion coals every year. No wonder potatoes regard Alfonso as a corker.

A Detroit prisoner has admitted stealing 1,000 fountain pens. A fitting punishment would be to make him fill them.

Some Ohio authorities are using pictures in an attempt to cure the insane. Not, however, souvenir postal cards.

If the sultan of Turkey is not permitted to make overdrafts on his bank the poor man is horribly circumscribed.

A Philadelphia man has just given his daughter a \$100,000 coming-out party. That's right. Put the money in circulation.

The czar, by banishing all the editors from Russia, would leave the political novelist an exclusive possession of the field.

A wise person should ever be in confidential relations with his digestion and not allow any tough traveler to hinder its solidity.

Variety of thought is as universal as the leaves, blades of grass or innumerable stars that glitter in the sphere of omnipotence.

Over 27,000 women in New York support their husbands. A husband is a convenience about the house if a woman can afford one.

People are now utilizing the telephone to talk through their chests, but the process of talking through the hat requires no telephone.

A lady poet declares that it is pleasant to die for those "dears." If it is not impertinent we would like to ask whether she has ever tried it.

Eleanor Glynn, the English novelist, has called the "Pilgrim Mothers" of New York a parcel of "mumbo jumbo" and a Kilkenny time of it impends.

When the Rev. Dr. Aked wants to raise a specific sum of money he refuses to dismiss the congregation until he gets it. Put up or stand up.

One hundred brand-new ten-dollar gold pieces. Can you imagine a prettier sight?—Atlanta Georgian. Yes. Two hundred brand-new ten-dollar gold pieces.

Although clouds, rain and storms prevail in the realm of the weather, there can ever linger in the brave heart and soul the sunshine of immortal hope.

According to the annual report of the Flitaker agency, there doesn't seem to have been any decline in the prosperity of the bank-burglary business, anyway.

In Pittsburg a man refused a present of \$100 in gold coins because they did not bear the motto: "In God We Trust." He was a minister, however; not a millionaire.

A Kansas man killed himself because he was tired of getting up at three o'clock in the morning to milk the cows. Apparently it never occurred to him to get married.

The cigarmakers' union of Boston has decided to bar married women from the shops unless their husbands are invalids. What lock for those poor men who married for homes.

A prominent Washington physician says that "mince pie is not injurious if you can digest it." It might be added neither are carpet tacks—so much depends upon that little word "if."

Wearing a peckaboo shirt waist in winter is highly recommended for women who want to catch the grip. Plenty of men catch it without any special rules, thus demonstrating again the superior ingenuity of the sterner sex.

One of the college professors wants to know why a profession man should be more highly esteemed than a chef. Perhaps this college professor has been overeating the sandwiches as invalids. What lock for those poor men who married for homes.

## THE HORRIBLE EXAMPLE.

### EVELYN REPEATS STORY

#### JUSTICE DOWLING REFUSES TO EXCLUDE THE PUBLIC.

Mr. Jerome is Pillaxed, and Subjects the Witness to a Severe Cross-Examination.

New York.—Mrs. Evelyn Nesbit Thaw took her story Monday for the second time. The repetition lacked the vitality of the first recital, but the great crowd in the courtroom where her husband, Harry Kendall Thaw, is on trial for the killing of Stanford White, listened intently to every word. Justice Dowling had ruled that he found no warrant in the law for closing the doors against the public.

Mrs. Thaw's story was broken into bits by constantly repeated objections from the prosecution, who sought to exclude all details on the ground of immateriality. The frequent objections led Justice Dowling to request Mr. Littleton to cut his examination as short as possible. Mr. Littleton took this course only to find that on cross-examination Mr. Jerome insisted upon reading from last year's record nearly every word the witness had then uttered. He did this under the privilege of framing new questions.

Mr. Littleton objected to it, declaring that the district attorney by reading the former testimony in a disagreeable manner, was trying to discredit the witness. He was then asked to discontinue the examination. Mr. Jerome made no attempt to disguise a tone of contempt in reading the testimony. Contempt also characterized most of the questions he put to the witness, whom he attacked in the loudest voice he has yet used on the trial. Mr. Jerome plunged at once into the more intricate details of the testimony and made no delicate choice of words in framing his interrogations.

Mr. Littleton's objections on the ground of immateriality and "impropriety" frequently were sustained by the court.

But one new feature appeared in the testimony of the witness. This was when she told that Thaw swallowing the contents of the bottle of laudanum at Monte Carlo in 1904 in an attempt to end his life.

#### RENT RIOT IN NEW YORK.

New York.—Forceful resistance by tenants upon an upper East Side tenement house, has resulted in the gathering of a crowd of 2,000 or more sympathizers in the neighborhood, who made so much trouble for the police that the precinct reserves were called out. The immediate purpose of the demonstration, however, was effected, the marshal deciding not to attempt the serving of more dispossession warrants at the time.

### "MADE IN FRANCE."

#### Story of Battleship Pilot First Came from Paris.

Paris.—"Made in France" is the label that should be put on the story that there was an anarchist plot to destroy the American battleships at Rio. The warning to the Brazilian authorities was cabled from Paris.

Some time ago certain suspicions, indicating the existence of a plot to destroy the whole or a portion of the fleet, either at Rio Janeiro or in the Straits of Magellan, were aroused here and naturally communicated to Rio and Washington. A chartered steamer was reported to have conveyed explosives for the use of the conspirators to Rio Janeiro, arriving there about the middle of December, and John Peether, whose name is mentioned in the Rio dispatches, was one of the men whose name was revealed here as implicated in the conspiracy.

The alleged plot is supposed to have some rather startling ramifications, but the evidence along this line is far from conclusive and rests chiefly upon the statement of an individual whose record was subsequently proved to be anything but credible. Consequently the whole affair is regarded with some skepticism and indeed the presumption has been raised that it may have been a deliberately concocted scheme.

Washington.—That the American government was cognizant of the existence of the belief of all terror designs against Admiral Evans' battleships in the harbor of Rio Janeiro was admitted Monday in an administration circle. The news first reached here by way of Paris, where somebody communicated it to the American embassy. There the officials at Washington, which in turn sent it forward to the American embassy at Rio and also forwarded it to the navy department.

## EX-BANKER GUILTY NO MERCY FOR ABE RUEF

### JOHN R. WALSH CONVICTED OF MISAPPROPRIATING FUNDS.

#### IS HELD ON 54 COUNTS

##### Jury Returns Verdict in Case of Chicago Financier. After 14 Hours Deliberation—Appeal to Be Taken.

Chicago.—Following a trial covering a period of nine weeks, John R. Walsh, the former financial and political chief, was Saturday found guilty of misappropriation of funds of the Chicago National bank. The jury returned the verdict after having been out 17 hours.

Formal motion for a new trial was made by Attorney Miller, and Judge Anderson set the motion for a new trial for argument at ten a. m. Tuesday, January 28, continuing the bail bonds of \$50,000 on which Mr. Walsh has been set at liberty.

#### "Fight Just Begun," Says Walsh.

Immediately after the reading of the verdict Mr. Walsh was appealed to for an expression.

"The fight has just begun," he said. "I have nothing more to say."

The law does not permit the substitution of a fine for prison term. The section of the law under which Mr. Walsh was found guilty provides a penalty of not less than five nor more than ten years. The verdict of guilty on 54 counts would make possible a sentence of 540 years should the maximum be pronounced. It is the custom in cases of this sort, according to attorneys, for the sentences to run concurrently.

#### From Newbury to Financier.

John R. Walsh was a unique figure in the history of Chicago. His growth has been practically coincident with the growth of the city. As a boy he came here when the city was a village, and as a man the village that he knew has grown to as great proportions as himself. Irish emigrant, newsboy, small merchant, politician, banker, railroad president and newspaper publisher mark the chapters in the life of John R. Walsh, central figure in the great trial that closed Friday. From a humble cottage in Leitner, Ireland, to

The corpses are those of Domingo Minichello, who was a partner of Nerio in a market gardening business; Antonio Buffetti, an employe at the garden, and Mrs. Frank Palmetto, who had been Nerio's housekeeper. Nerio disclaimed the hiding place of the bodies when threatened with immediate hanging if he did not tell all that he knew about the murders. However, he declared that the murders were committed by Joseph Minichello, the missing man, and not by himself.

#### LYNCHED NEGRO NOT DEAD.

##### Man Was Too Hasty and Intended Victim May Recover.

Dothan, Ala.—The negro, Grover Franklin, who Sunday night was taken from Sheriff Butler and his deputies and strung to a tree, is again in the hands of the law and stands a chance for recovery. The man was so closely followed by the officers and lawyers that he was able, if possible to avert the lynching, that they did not have time to get their victim from the tree. The negro was hurriedly strung him up to the first tree and thinking they had rid themselves of him, fled. On the arrival of the officers the negro was still alive and was immediately cut down and placed in the county jail.
