

BARRINGTON REVIEW.

VOL. 23. NO. 45.

BARRINGTON, ILLINOIS, FRIDAY, FEBRUARY 7, 1908

\$1.0 A YEAR IN ADVANCE.

CASTLE NEW ATTORNEY

Howard P. Castle Appointed Village Attorney and Ed. Kirby Night Watchman.

Night Watchman.

The meeting of the village board held Monday evening was short, in fact so short that the appointment of a night watchman, to fill vacancy caused by the illness of J. M. Topping, had been adjourned. Edward Kirby was chosen to fill position.

President Spinner announced that William H. Holly, village attorney, was forced to tender his resignation on account of his time being so closely occupied with other matters. He appointed Howard P. Castle, of the firm of Castle, Williams, Long & Castle, Chicago, to fill vacancy. The appointment was confirmed by the board and meets with general approval. Mr. Castle is in Barrington evenings of each week.

The following bills were allowed and ordered paid: Howard P. Castle, night watchman, \$40.00 John Donlea, marshall, . . . 40.00 A. L. Robertson, lighting streets, 75.20 J. H. Robertson, pumping water, 75.00 Henry Pingle, labor, . . . 12.75 J. H. Hatje, repairs, . . . 10.28 Barrington Review, printing, . . . 2.00 Mrs. H. Zabritz, cleaning hall, 2.00 L. H. Bennett, office supplies, . . . 4.39

Total 265.08 A bill from the Northwestern Gas, Light & Coke Company for installing lamp in fountain square was referred to committee who had the matter in charge.

S. E. Smith of the Shufeldt farm asked the board to pay him \$4.33 on account of 25 pounds of milk spilled in a tin over on Main street after a storm about two weeks ago. The road was blocked and he thought the board was at fault. Street commissioner Donlea said the street was cleaned as soon as possible and every care taken to care for the traveling public. The bill on motion was laid on the table.

Roy C. Myers, Theo. Bros., and Fred Stott applied for license for pool tables and bowling alley. The licenses were granted.

J. H. Forbes asked for the transfer of his saloon license to McFall & Dale who recently purchased his business. The request was granted and bondsmen of McFall & Dale approved on motion, by the following vote: ayes, Donlea, Dockery, Hager, Lagaschulte, Peters and Plagge; nays, none.

The board then adjourned on motion Trustee Donlea.

To Vote on Local Option.

The Good Citizens organization is active in securing names of legal voters of this village to a petition to be presented to L. H. Bennett, village clerk, submitting to the voters of the Village of Barrington at the annual election to be held Tuesday, April 21th, the proposition "shall this village become anti-saloon territory?" Frank H. Plagge has charge of the petition in Lake county.

If the petition filed contains the names of twenty-five per cent of the legal voters at the preceding election the clerk is required to cause said proposition to be plainly printed upon all the ballots to be used at the next election of officers in this village below the list of candidates named thereon.

The vote under the provisions of the local act becomes operative on the thirtieth day after the day of the election at which such vote is cast. Section 1 provides that the proposition cannot be again submitted to the voters for a period of eighteen months, which practically means two years, as the next election would be two years from the date of the vote on the proposition.

Overturned in Snowbank.

Saturday evening at six o'clock, while on the way to a farm two miles east of Lake Zurich on a professional call, Dr. Arthur Weichel's team of horses ran away, overturning his sleigh just north of the first bridge out of town on the Lake Zurich road and throwing the doctor into a snow bank.

He was obliged to walk to the American farm near Anderson's corner through the drifts and cold. He secured horses and drivers there and continued on to Lake Zurich, reaching home after midnight. His horses ran a long distance and were caught at Tekampe's on the John Robertson farm near the Pomeroy school. Either the doctor nor horses were hurt by the accident.

Milk Statistics.

The University of Illinois Press Bulletin of January 29th, states:

"Almost 29 per cent of the milk consumed in Illinois is below the legal standard for butter fat, and nearly two-thirds of the milk contains a visible amount of sediment. When one considers that this sediment is made up largely of cow manure launched from the udders into the buckets in the process of milking, this statement is not a dairy food for thought."

The figures are the result of a careful investigation of 800 samples of the milk supply of Chicago and twenty-six other towns, made by John M. Truman for the station.

Of 150 samples of milk collected in one district in Chicago, where the poorest working people live, 75 per cent were below the legal standard for butter fat. Of 95 samples collected in one of the richer districts of Chicago, only nine per cent were below the legal standard for butter fat.

The conditions in the towns outside of Chicago are found to be even worse than in the city.

Of 225 samples of milk collected in 26 Illinois cities over 10,000 population, over 19 per cent were found below the legal standard for butter fat. Of 70 samples of milk collected in hotels and restaurants in 28 Illinois towns, 44 or over 62 per cent were below grade in butter fat.

The investigation shows conditions bad in a majority of dairies. In this case when sitting on the sidewalks is forbidden, when some of best grocery firms examine their clerks every morning to see whether or not their clothes are clean, when thousands of dollars are spent to make dry-grocery stores light and sanitary, we permit men to handle in dust, dirty, filthy and foul smelling stables the milk which we and our children are to drink.

We permit men with colic and coughs to operate on the cows, the cows are to eat, and on every part of the floor where the milk is handled. Men in dirty clothes that have done service for months without washing, sit down by cows whose thighs and udders are covered with manure, and proceed to milk into a pail fourteen inches in diameter.

The writer has repeatedly observed these conditions the past two years, and they were found in these out of two he visited one day within two weeks of the time of this writing."

Surprisers Stormed In.

A party of Barrington young people went to Wauconda Tuesday evening to a card party at the home of Mr. and Mrs. Harry Graham which had been arranged as a surprise for Mrs. Graham by her sister, Miss Fern Hutchison. They left here at half past six in the evening. The ride was made in a bob-sleigh and despite the cold was much fun, and the party later, also.

But during the evening the storm became so severe that they were unable to return home and were obliged to remain at the Graham home, playing games and trying to keep awake, until seven o'clock in the morning when a start home in the rain was made. The roads so soft in places that passage was had to be dug through snow-drifts. The party reached here, wet and cold, at ten o'clock Wednesday morning.

Those who took prizes were Miss Beck of Wauconda and Mrs. Graham, ladies' first and second; and Jack Howard, gentlemen's first. Walter Lagaschulte, second; Robert Bennett, consolation. Others from here who attended were Misses Georgia Tunney, Alta Powers, Genevieve Fletcher and Iva Robertson, and George Meier.

Heydecker for State's Attorney.

A law suit between Fred Vogt and A. Gaertner was decided in favor of the former Saturday and Mr. Gaertner will have to pay \$42 and costs for pigs his dog supposedly killed.

Mrs. Helen Wilson of this place is now with a theatrical company that is giving plays at all towns that have opera houses within a radius of 100 miles of Chicago.

William Kolbank, A. Ost, L. C. Kramer and Herman Beckman, suffered the loss of from six to eleven pieces of skin that the wound of Harry Kuebler might be healed. Dr. Stark did the skin grafting.

The village board met Monday morning and transacted routine business. An ordinance will be passed prohibiting the planting of corn within twenty-five feet of the sidewalk. A bill of \$400 for extras at the pumping station was presented.

INCOLI

By MARY AUSTIN

RUDE toil his thorns had cast.
Keen grief and biting blast
His sure soul knit to serve our keener need.
It seemed the skies grew wide to give him room.
The sound, deep rooted peasant soul in whom
The sap of all old liberties was freed.
EARTH bore him, and his will
Was toward the earthborn still.
But his no need to mind the rable shout:
It is for kings to spere and ape the part.
A poised and constant needle was his heart.
And toward our proper star he put the prow about.
SO did, and martyred passed.
And in his dying cast
A hyacinthine radiance on our skies.
The warning and the warrant that the sun,
Once his appointed arc in heaven is done,
Prompt to the need of each new day will rise.

Photo of Lincoln by Corwin K. S. McArthur.

PALATINE

Emeline Keubler spent Sunday at home.

Don't forget the M. W. A. masquerade dance February 11th.

Mr. Nolt's four year old son died of pneumonia Thursday morning.

J. A. Burlingame and wife returned Saturday after spending a month in Florida.

Miss Elmore Arps was at home Sunday. She will teach another month in Racine, Wisconsin.

Henry Quindel had the misfortune to fall on our key cement walks Wednesday, breaking a rib.

Miss Marguerite Young left Thursday for Florida with a party of Rockford friends for an indefinite period.

The younger crowd gave a dance at the M. W. A. hall Thursday. Mr. DeVoe furnished music and all had a fine time.

A law suit between Fred Vogt and A. Gaertner was decided in favor of the former Saturday and Mr. Gaertner will have to pay \$42 and costs for pigs his dog supposedly killed.

Mrs. Helen Wilson of this place is now with a theatrical company that is giving plays at all towns that have opera houses within a radius of 100 miles of Chicago.

William Kolbank, A. Ost, L. C. Kramer and Herman Beckman, suffered the loss of from six to eleven pieces of skin that the wound of Harry Kuebler might be healed. Dr. Stark did the skin grafting.

Fitzmorris-Bierman.

John Fitzmorris and Miss Lily Bierman, both of Chicago, were united in marriage at Crown Point, Indiana, Monday, February third. Miss Bierman, who has been visiting at Edward Theis' in Barrington, is a sister of Mrs. John Theis of Plum Grove. She is well known among our young people as a lively young lady who will add much to the vivacity of Barrington's young people. Mr. Fitzmorris is still better known here, as in 1897 when the American Malthead plant was in operation at Chicago Highlands he was one of the best moulders there and was familiarly known as "Jack" to the young men. Last Sunday the young couple with Miss Sallie Block, as bridesmaid and Charles Theis as master of ceremonies, went to Crown Point and the ceremony was performed Monday noon. They returned that evening to Barrington Tuesday noon. Mr. and Mrs. Edward Theis gave a wedding dinner for them. Mr. and Mrs. Fitzmorris intend to make Barrington their home until next fall.

Real Estate Sale.

I will sell at public auction on Monday, February 17th, 1908, at 10 o'clock a. m. on the premises in the Village of Barrington the following described premises:

Lots Two, Three and Four, and Lot Six, except the East Seven feet and the South Sixty feet of the West Fifty-foot thereof, and Lot Seven except the South 60 feet thereof, all in Block "K" in the Village of Barrington, Lake County, Illinois. The premises are located between Liberty and Washington Streets and 12th and North Hawley Streets, and are improved by a one-story frame cottage of Lot Three and by a frame dwelling house on Lots Six and Seven.

The title is good and a merchantable copy of the same is to be presented to the purchaser. The premises will be sold in single lots or in groups as the purchasers may desire.

RALPH L. PECK, Owner.
William Peters, Auctioneer.

Pass Engineers' Examination.

Last Thursday and Friday Franklin Wooding and Thomas Neuzel were in Chicago making Chicago and North western railway engineers' examination at the main offices. Both were unusually successful in their results. Mr. Wooding passing 100 points in the two examinations taken, and is now to own Tuesday. Mr. Neuzel, chief engineer of the engineer, or one who is qualified to substitute for a sick or absent regular engineer. The "rain order" and "signal order" examinations were the ones passed and in April other test will be taken to qualify for a complete diploma.

A Pleasant Surprise.

A surprise party was held at the home of Mr. and Mrs. C. P. Hawley on Wednesday, February 5th, in honor of the 78th birthday of Mrs. R. A. Waterman, mother of Mrs. Hawley and Dr. H. H. Richardson. The guests present were Dr. and Mrs. Richardson; two sisters, Mrs. Jordan; two grandchildren; Verne Hawley and Wendell Richardson; Westames Prouty, Williams and Holstern. Numerous presents were received and a sumptuous repast served. The table was decorated with carnations and ferns. All present enjoyed the day.

Enjoy a Cinch Party.

Mrs. Mary Jukes and Miss H. Jukes gave a very pleasant social evening last Saturday for the Royal Neighbors lodge, their gentlemen and invited friends. The severe weather made the attendance of lodge members from the farms small in number, but the town people who loved the storm had a very good time with cards and dancing for entertainment. In the cinch game first prizes were given to Mrs. George Constock and Jack Howard; seconds, were taken by Mrs. C. Kendall and George Constock. A finely prepared supper was served.

Help the Carriers.

Patrons of the rural free delivery must keep the snow away from their mail boxes if they expect carriers to serve same. Also, buy stamps of carriers and not leave in the boxes loose money that is like to be torn to fee for with bare hands. Remember when a carrier leaves the post office he travels 25 miles before he returns and help him all you can.

TO BUILD MODEL ROAD

"Object Lesson" Highway Traversing Several Counties Planned.

A campaign designed to interest farmers in the good roads and good bridges movement has been started by the Illinois highway commission, says the Chicago Tribune.

The Illinois highway commission has issued a "special letter, not money" is the slogan on which the commission bases its appeal to the agricultural taxpayers. Farmers' institutes throughout Illinois have been invited to cooperate with the commission, which has offered to send speakers to their meetings to explain in detail the plans for a campaign in each county there is a farmers' institute, and 100 of the 102 such bodies in existence have signified their acceptance of the commission's offers for co-operation. Circulars containing printed suggestions of topics to be discussed by the speakers and the audiences at these gatherings are being mailed to the farmers of the state. Many of these suggestions deal with the details of scientific road and bridge building.

One of the special projects of the commission is to construct in the near future a so-called "object lesson" road. This highway will traverse several counties of the state. It will be an ideal county highway, emphasizing in a special way the safety and inexpensiveness of dirt roads.

Earth road drags will be utilized to a large extent. These drags are made of loose, heavy timbers with these drags are laid and finished with amazing speed. They are good at least a few months in every year. In the winter they are becoming quite the vogue among the farmers. The number of miles of road made with these drags is now upward of 15,000. Desirable and bridges will be made a special feature of the commission's work. The farmers will be told and shown how to build these structures at the right price. The special value of re-enforced concrete for this class of work will be emphasized by all the lecturers.

The corps of lecturers selected to permeate among the farmers' institutes includes the following: A. N. Johnson, chief engineer of the state highway commission; Clifford Older, C. P. Terhune, T. H. McDonald, W. S. Gehardt, H. E. Bilger, etc.

Coming Auctions.

POSTPONED AUCTION.

L. A. Porter has rented his farm, situated 3 miles northwest of Barrington and one mile south of Langenhelm, and on Tuesday, February 11th, will sell at public auction at ten A. M., nine head of cattle, all his farm machinery and supplies and household goods. See auction bills for description. Good lunch at noon.

Wm. Libbelle will sell 25 head of cattle, 4 horses, and all of his farming tools, on the old Williams farm, 4 miles east of Barrington, 3 1/2 miles east of Cary and 1 1/2 miles e. of Cuba Station on Wednesday, February 12th, commencing at 10:00 o'clock a. m. The cattle are nearly all Holstein. Two Holstein heifers, raising three years old will also be offered for sale.

Having sold our farm, known as the old Kennett farm, two miles north of Barrington, we will sell at auction on the premises, Thursday, February 12th commencing at ten o'clock, livestock, poultry and tools. EDWIN D. JONES, postmaster and auctioneer.

Wm. Peters will be the auctioneer at these sales.

Teachers' Association Meets.

The fifth regular meeting for this school year of the Cook County Teachers' Association will be held at the Association Auditorium, corner La Salle Street and Arcade Court, Saturday, February 8, 1908, at 10:30 a. m. This is the month when thoughts of patriotism should be instilled with special care. We are pleased to announce that an address will be given by Eugene W. Chapin. Subject: "Lincoln—The Man of Sorrows." Vocal solos, Laura Johnston Soule.

All the teachers are not only requested but urged to be present. Please invite the pupils of the higher grades. Read this notice to them. We would like to see the gallery filled with tea boys and girls.
