In addition to enacting new laws we were to enforce those we have already it might help materially.

It has been discovered that Phagok had toothache and the poet. No wonder the toothache fled from him.

It is proposed in Denmark to send an expedition to teach the Eskimos to fish. Are they as hopeless as that?

As a hazardous occupation, sitting on a keg of powder while smoking a pipe isn't to be compared with raising tobacco in Kentucky.

The discovery of an angle worm in a glass of milk might have been a concurring reminder to that Detroit man that it will soon be time to go fishing.

Why does the average person put the stocking on the left foot first? Probably for the same reason that most people remove the right foot last.

A New York woman wandered away from home and found where he lived. Not every New Yorker, however, says the Chicago Daily News, has such a pleasant experience.

After all the encomiums handed to "the man behind the gun" it is a shock to learn that our national marksmanship at Santiago was bad. Still, it answered every purpose.

The action of the New York man who asked to be chloroformed, admitting that he has outlived his usefulness, seems an admission that he is too lazy to do the job himself.

Persons who do the loudest complaining against the length of the winter and the cold weather in general are usually those who had far fewer last fall and prayed for an early frost.

That is, Archbishop Ireland does not believe in war, but if there must be war he thinks it wise and proper to be prepared to knock the tar out of the other fellow. Any fallacy in the doctrine?

Philadelphia is beginning to talk about celebrating the two hundred and twenty-fifth anniversary of her founding next October, and Mayor Reyburn recommends that the old home week idea be adopted.

The question "shall army officers wear corsets" will not down, and ones are becoming alarmed at the prospect. Possibly some of them wouldn't be so corpulent had they been "straight laced" early in life.

The heiresses who married titles and went abroad to live in the splendor of old world aristocracy, are still in the same. They seem to have lost all their desire for the aristocracy, and, incidentally, a good many of their dollars.

In a recent bulletin from the University of California it gives a summary of the evidence prepared by Prof. J. D. Whitney to show that the famous Calaveras skull, found in a miner's shaft in Hale's cave near Alameda, probably came from a cave used by the Indians for burial purposes.

The mayor of Cincinnati wants women in that city decorated from operating automobiles. He says that the only machines women should run are sewing machines. To this remark the Baltimore American, the woman will report that it is just like a mean man to leave them the work, while he takes all the fun.

It has been supposed that smoking makes such slaves of its victims that they rarely seek to lighten the yoke. National figures in regard to the tobacco industry indicate the contrary. When the financial panic of October appeared, the production of cigars decreased 146,000,000 in a single month, and in December dropped off to the extent of another 100,000,000. The manufacture of cigars was also greatly lessened. There was evidently a desire to economize, if not to break off the habit. Or perhaps it was a turning to the seductive pipe.

The wife of the Indiana editor who makes a two-column appeal in her husband's paper for his nomination to a state office has a heart in the right place, but her editorial "we" has its embarrassing and confusing suggestions, remarks the Indianapolis Star. "Our husband," "our vow" and "the marriage altar," we are with him," "we will work for him," etc. are phrases which will work for him. Favor that might mislead the unwary but what does the literary form mean? The lady, she's all right.

ADDS FIVE MILLIONS BRITISH PREMIER RESIGNS

ANDREW CARNEGIE INCREASES FUND FOR EDUCATORS. IRONMASTER IS GENEROUS Professors in State Universities to Receive Pensions from Foundation When Legislature and Governor Approve Application.

London.—It was officially announced Sunday night that the king had accepted the resignation of Sir Henry Campbell-Bannerman, the British prime minister. Sir Henry's condition remains unchanged, according to the physicians' bulletin posted Tuesday. The king, in pressing of his resignation, conveyed an explicit wish for Sir Henry's recovery. No further official announcement with regard to cabinet changes has been made, but the king has summoned Herbert H. Asquith, chancellor of the exchequer, and the latter will start for Biarritz, where the king isjourning. The chancellor, who has been acting premier in place of Sir Henry Campbell-Bannerman, called a meeting of the cabinet Sunday morning to submit the premier's resignation and discuss the course of business. Biarritz.—A special courier arrived here Sunday with the letter of resignation from Sir Henry Campbell-Bannerman, the British prime minister. It was announced later that Edward had accepted the premier's resignation, and that Sir Henry Campbell-Bannerman had been summoned to London to come at once to the king. It is understood here that the king will be offered by the king to Mr. Asquith.

STERLING BILL IS PASSED

BOTH PARTIES IN HOUSE UNITE ON LIABILITY MEASURE. Only One Negative Vote—Senate Passes Army Bill, Giving Appropriation of Nearly \$100,000,000.

Washington.—A truce between the Democrats and Republicans was for a time declared Monday when under suspension of the rules the house took up for consideration and passed the Democratic liability bill. The Democrats broke out into loud applause and handclapping when the reading of the measure had been completed. Mr. Sterling of Illinois explained the provisions of the bill, the main features of which have been published. Mr. Sterling stated that the bill would be applicable to interurban car lines between states and street railroad lines in the territories and the District of Columbia.

The Democrats applauded Mr. Henry Clay when he said the bill was a meritorious and constitutional one, and that a Democratic vote would be recorded against it. In the House of Representatives the section of the bill relating to the same in cases of contributory negligence was an innovation on existing law. He delivered a legal argument in support of the bill was open to the section that was raised against the act declared unconstitutional by the supreme court of the United States. The vote resulted: Yeas, 209; nays, 1; not present, 3. The negative vote was cast by Mr. Littlefield.

On Monday passed the bill appropriating \$250,000 for a naval station at Pearl harbor, Hawaii. The army bill, carrying an appropriation of almost \$100,000,000, was passed by the committee on military affairs. The only amendment adopted was an appropriation of \$20,000 for a system of water works for Fort William Harrison, Montana. The bill materially increases the pay of officers and enlisted men of the army.

The resolution introduced by Senator Foraker was adopted by the house, the secretary of war for the names of all former soldiers of the Twenty-fifth regiment discharged without honor on account of the Brownsville affair who have applied for re-enlistment.

HIS WHEAT WENT 22 BUSHEL TO THE ACRE.

HE REALIZED \$18 PER ACRE FROM IT, WHILE OATS GAVE HIM \$17 AN ACRE.

Moore Jay, Bask., Nov. 18th, 1907. Writing from my farm at Sankatoban, Mr. S. K. Rathwell says: "I have much pleasure in saying that on my farm this year I had 600 acres in wheat and 120 acres in oats. My wheat averaged about 22 bushels per acre, and I had 200 acres cut before the frost, which I sold at 85 cents per bushel, thus realizing on that wheat \$17.00 per acre, not counting cost of twine, seed and labor. With regard to the other 300 acres of wheat, it got touched with frost but is worth 60 cents per bushel, but I do not intend to sell it at that price, as I can make more money by feeding it to hogs. My oats turned out about 50 bushels to the acre, and at 35 cents per bushel will give me \$17.00 to the acre, not counting cost of twine and labor. "On account of the late spring, a percentage of the grain was touched with frost, but on account of good prices, farmers will realize a fair profit on their farms this year. We are as usual up against a shortage of cars to get our grain removed."

Perils of Fence Mending. "I understand that member of congress hurried home to mend his fence. "Yes, but he doesn't appear to have made a neat job of it. His prospect look as if he had gotten into a tangle with a lot of barbed wire."

The General Demand

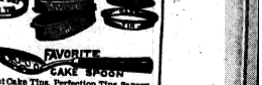

of the Well-Informed of the World has always been for a simple, pleasant and liquid laxative remedy of known value; a laxative which physicians could sanction for family use because its component parts are known to them to be wholesome and truly beneficial in effect, acceptable to the system and gentle, yet prompt in action.

In supplying that demand with its excellent combination of Syrup of Figs and Elixir of Senna, the California Fig Syrup Co. proceeds along ethical lines and relies on the merits of the laxative for its remarkable success.

That is one of many reasons why Syrup of Figs and Elixir of Senna is given the preference by the Well-Informed. To get its beneficial effects always buy the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists. Price fifty cents per bottle.
