An Inconsistency
There is a way to travel. And yet remain at home. It really is quite possible. Just use the telephone.

The Impressive Part.
Jim D. Sweeney told a story many years ago to illustrate the fact that some people are beyond the power of the evangelist and remain unmoved in the presence of the greatest demonstration. "A newspaper man told me," Sweeney said, "that he had sneaked in at the 'great women's meeting' which we held in Madison Square Garden, in New York, from which we endeavored to exclude all men. He got into the top gallery and from there looked down and was enthusiastic in his description of the 10,000 women singing and waving their handkerchiefs in unison. I asked him what impressed him most at the meeting and the reporter said, 'Seeing 10,000 bonnets at 10 two alike.'"

A Daring Race.
Where are the fair-haired people we used to admire? Look where we will, brown hair or dark hair predominates. There are some who tell us that the time is coming when the genuine golden haired beauty will be as rare as the "cooper," butterfly and that to have a head like a wheat sheaf will be to proclaim aloud that the coiffeur's artful aid has been invoked.—London Lady.

Toll Traffic Increases
It is a notable fact that the telephone toll business increases during hard times. This demonstrates the value of the toll service in saving money as well as time in making a trip to Chicago. Chicago Telephone Company.

"Papa," said the bright boy, "has the teacher any right to punish me for what I haven't done?"
"Certainly not, my boy," replied the father.
"Well, that's what happened to me today. He punished me because I hadn't done my lessons."

Bankrupt
To avoid insolvency the merchant of today must be a deep student of business economy. Over the long distance telephone lines he may order goods from the Chicago wholesaler, thus saving expenses of travel and time lost in making a trip in person Chicago Telephone Company.

"The physically unfit should be removed," declared the new thinker of old thoughts.
"I'm glad to hear you say so," responded the gentleman chauffeur. "It will make me feel easier in my mind when running over a decrepit pedestrian."—Philadelphia Ledger.

Evolution in Travel
First—Walking
Second—Stage-coach
Third—Railroad
Today—By Telephone. For economy, speed, comfort it excels all others. The most convenient way to visit Chicago. Chicago Telephone Company

Gargle—If I miss you don't get better by me. "Tomorrow fortnight I'll see fer' doctor."
Farmer—Why not before, Gargle?
Gargle—Well, till he forty year ago "Tewaway fortnight since we had 't doctor, an' I'd like 't make it even forty."—London Tatler.

Seven Years of Proof.
"I have had seven years of proof that Dr. King's New Discovery is the best medicine to take for coughs and colds and for every diseased condition of the throat, chest and lungs," says W. Y. Henry of Panama, Mo. "The world has had thirty-eight years of proof that Dr. King's New Discovery is the best remedy for coughs and colds, la grippe, asthma, hay fever, bronchitis, hemorrhage of the lungs, and the early stages of consumption. Its timely use always prevents the development of pneumonia. Sold under guarantee at Barrington Pharmacy, 50c and \$1.00. Trial bottle free."

Preserved Currants.
I asked the waiter at a hotel in Paris to find out how the currants which were served with soft cream cheese and bread for dessert were cooked. To my surprise he informed me that they were not cooked at all. The large red and white currants were simply covered generously with sugar and let stand three days, the result being delicious. They should be served very cold.—Good Housekeeping.

How is Your Digestion?
Mrs. Mary Dowling of No. 228 8th Ave., San Francisco, recommends a remedy for stomach trouble. She says: "Gratitude for the wonderful effect of Electric Bitters in a case of acute indigestion, prompts this testimonial. I am fully convinced that for stomach and liver troubles Electric Bitters is the best remedy on the market today." This great tonic and alterative medicine purifies the system, purifies the blood and is especially helpful in all forms of female weakness. 50c at Barrington Pharmacy.

Regularly prepared manuscript sheets were circulated as newspapers in China, Rome and Venice long before the invention of printing.

ROAD EXPERIMENT.

Oil Containing Asphalt to Be Used With Sand at Cape Cod.
The Massachusetts highway commission is to conduct an interesting experiment in road building on Cape Cod, where there is no stone to speak of. A heavy grade of Texas crude oil containing a large percentage of asphalt will be used with the sand. The sand road will first be shaped with a road machine, and heated oil will be spread over the surface. A second lot of oil will be sprinkled on when the first coat has been on for two weeks. The surface will then be cut up with a disk harrow so as to mix the sand and oil to a depth of four inches. After this has been done the road will be rolled and the surface sprinkled with a thin layer of sand to absorb the surface oil. A little work of this sort was done under the highway commission's supervision about two years ago which has resulted satisfactorily.

Importance of Good Roads.
The Gaffney (S. C.) Ledger gives the following fact and comment, which afford a practical argument on the subject of highway improvement in a nutshell:
Some Cherokee county land sold the other day at public outcry and brought from \$16 to \$37.50 per acre. This land was twelve miles from the county seat at that. If we had macadam roads the same land would have brought \$50 to \$100 per acre. Half a million dollars spent in building good roads in Cherokee would mean an increase of a million dollars in the value of odd farm lands alone. Will people never awake to their own interests and begin doing something for themselves, or will they continue to abide in the mud?

Republican Candidate for Circuit of Supreme Court.
"Hang it all."
The village clerk had given so generously of his services and sound advice toward rebuilding the school that when it was completed the villagers agreed that he should be asked to speak after the luncheon which was to follow the opening service. The day and the carpenter's speech came.
"Ladies and gentlemen; dear friends," he began, his brown face very red indeed. "I am a great deal better fitted for the scaffold than for public speaking." Then he realized what he had said and sat down amid roars of laughter.—London Telegraph.

J. Mc'GAN DAVIS,
Republican Candidate for Circuit of Supreme Court.

Watched Fifteen Years.
"For fifteen years I have watched the working of Bucklee's Arnica Salve; and it has never failed to cure any sore, boil, ulcer or burn to which it was applied. It has saved me many a doctor bill," says A. F. Haxley, of East Wilton, Maine. 25c at Barrington Pharmacy.

Mind Your Business!
If you don't nobody will. It is your business to keep out of all the trouble you can and you can and will keep out of liver and bowel trouble if you take Dr. King's New Life Pills. They keep biliousness, malaria and jaundice out of your system. 25c at Barrington Pharmacy.

Rod Taps in Russia.
Duties on imported goods in Russia are not high. In one instance, a journalist had to get permission from the different police and authorities before he could work unimpeded—the secret police, the ministry of the interior police, the gendarmes, the palace police, the Revel police. Each police official acts independently, so as to make the confusion as complete as possible. One of the first precautionary measures adopted by the Russian police was to photograph the special correspondent and circulate his portrait among the police authorities. He was then encircled by a cordon of secret police of both sexes, who kept up a vigilant espionage. He was kept perfectly free to do his work.

Warning a Serpent.
"Down in Bermuda," said a Cincinnati, "I heard Mark Twain make a speech about snakes to a group of little girls.
"The speech was great. The only trouble was that the little girls could not appreciate it. It flew over their heads."
"I remember the humorist's conclusion."
"Never warn a serpent in your totem," he wound up. "It is far wiser to warn it by placing it under the pillow of an intimate friend."
Too many characters in modern plays have "no character to speak of."
