

BARRINGTON REVIEW

VOL. 24, NO. 32

BARRINGTON, ILLINOIS, THURSDAY, OCTOBER 29, 1908

\$1.50 A YEAR IN ADVANCE

DENEEN SPEAKS HERE

Governor and Others Addressed Barringtonians

Yesterday.

The republican rally held yesterday noon was well attended, considering the weather. The speakers arrived on the noon train and took dinner at the Commercial hotel. The meeting was called promptly at 12:30 o'clock in the public square the Barrington Band furnishing excellent music. Governor Deneen made the principal address. He told of how he had fulfilled every pledge made four years ago when he addressed the people of Barrington.

Illinois Corn Exposition. November 6 has been appointed Corn Carnival Day for each district school by the state superintendent of public instruction, Francis G. Blin, and on that day a "corn show" will be held in each district school. On November 12, which has been appointed Exposition Day in each county, the best of the ear corn exhibits will be collected in the county superintendent's office, or at some place designated by him. The county superintendent, or a committee appointed by him, shall then select the school having the best exhibit and send same to Springfield for the state show, which shall be the district school exhibit from that county; or the county superintendent, or committee appointed by him shall make a collective exhibit from as many of the schools of the county as they choose and send same to Springfield for the state show, as the district school exhibit from that county. At the Illinois Corn Exposition, each

A BOLD ROBBERY

Albert Ebel of Algonquin Sandbagged by Two Men and Robbed of \$80 on Own Farm.

A daring robbery occurred on the Charles Jaynes farm, five miles west of Barrington, last Saturday night. Albert Ebel, the tenant on the farm being the victim. He was relieved of about \$80 in currency. Mr. Ebel made his regular trip with milk to Algonquin Saturday evening and stopped in one of the saloons while there. He bought a drink, it is said, for Henry Lang of Dundee and Charles Kalal of Cary who were also in the saloon. When Mr. Ebel tendered payment for the drinks he exhibited a "roll." It is said that Kalal and Lang noticed that he had quite a sum of money and followed him from the saloon and drove to Mr. Ebel's home ahead of him. They lay in wait for Mr. Ebel and after he had his horses taken care of they struck him over the head and relieved him of his money. Mr. Ebel pretended to be unconscious until they started to run, away when he told them that they need not run that he knew who they were. Gene Andrews, constable at Algonquin was notified and caused their arrest at the home of Kalal, 11 miles east of Cary Sunday morning. Lang, confessed and told where \$65 had been hidden in the telephone, which amount was recovered. He said that Kalal had \$15 of the money, but when searched the constable was unable to find it. Kalal pleads that he is innocent. Both Lang and Kalal have barely passed their 21st birthday. They were given a hearing before Justice Mason at Algonquin Monday morning and were bound over to the grand jury in \$1000 bonds. They were unable to secure bondsmen and are now in the county jail at Woodstock. Lang at one time worked for Ebel and both were considered to be friends of Mr. Ebel.

INVESTS IN HIGHLANDS.

Chicago Man Going to Recover Money Sunk in Chicago Highlands Properties.

The Chicago Tribune of Tuesday says: Failure of a boom town caused Herbert J. Fisher to bring suit yesterday to recover \$3,000 from the Chicago Highlands were worth \$310,000. Title and Trust company, H. W. Ostrander, Edward Hackett, and other Chicagoans. Fisher said he invested \$3,000 after he had been informed that lots in Chicago Highlands were worth \$310,000. He said that \$300,000 was being spent in grading streets and laying sewers and water mains, that every street was sixty feet wide, that a factory employing 400 men was in operation, that plans were concluded to bring a \$1,000,000 car coupling plant to Chicago Highlands, that many houses were being built and people living in tents because they could not get places. After investing his \$3,000, according to the bill, Fisher found none of these representations are true.

SHOULD BE RE-ELECTED

Republican Candidates Who Have Shown Their Abilities.

Whether Taft or Bryan will be the next president will be decided within the next ten days. The voters have a choice between a man who has had experience in executive office and one who has not had such experience. In Taft they have a man who has proved himself a safe and sane leader, a man whose experience on the bench and in high executive position has especially fitted him to carry out the Roosevelt policies. The Republican party never nominated a man for presidency better qualified for it by practical training and education. His administration in the Philippines, his labors in Cuba and Panama and his record on the bench and as secretary of war assure the people before the election what Mr. Taft will do after he is elected. The same may be said of Governor Deneen. He has proved his capacity as an executive. He has been an exceptionally hard worker and has carried out the pledges made to the people four years ago. He has begun much important work he ought to complete.

Under his administration the county institutions have been economically and efficiently managed. An investigation of the hospitals in a number of eastern cities by a committee of the board last year failed to discover any charity hospital that rendered better service or was managed as economically as the Cook Co. institution. At the Boston City Hospital the cost per capita per day was found to be \$2.13 per patient at New York City hospitals, \$2 at Montreal, \$1.75 at Baltimore, \$1.25. At the Cook County Hospital last year the cost was 98 cents. Mr. Buse was chairman of the special committee which had charge of the preparation of a new set of abstract books which are now producing a set income of \$25,000 a year. Cook county has the best equipped abstract department in the country and is making abstracts more speedily and cheaply than any private concern in Chicago. Mr. Buse made the county farm, which had been the source of annual loss, yield a profit of \$10,000 last year. He actively supported the bill before the last legislature which provides for turning the insane asylum at Daning over to the state. It will have cost Cook county \$300,000 a year. The charity side of the board's work has not been neglected. A new county farm has been purchased on which a new infirmary is being built. After this has been done the insane asylum is to be turned over to the state. Before the purchase arrangements were made with the Rock Island railroad company for passenger and freight rates much cheaper than the county is now getting for Daning or than could be had on the Northwestern road. Construction work has begun on the new infirmary and a new consumptive hospital, both of which will be models of their kind and will be built on the most approved, modern scientific basis. The same business principles that made great successes of the new courthouse and the Justice Court building are being applied in the new building operations. The retiring members of the board from the country districts besides Mr. Buse are August G. Hooper, Blue Island; Joseph Carlan, River Forest; William C. Hartray, Evanston; and Alfred Van Steenberg, Lansing. Mr. Buse is a candidate for county commissioner as president of the County Board. Vote for him twice. Once for Commissioner and once for President of the Board. FOAM FOR BEER ILLEGAL. Supreme Court of Illinois Rules on Law Regulating Sale of Five Gallon Quantities. Decisions made by the Supreme Court in the case of Ola Nylin, proprietor of a rooming house in McCook county, are of interest to Barrington people. Nylin was heavily fined for selling beer in so-called five gallon cases. He gave tickets calling for the number of bottles, permitting customers to take a bottle or two at a time, punching the tickets accordingly. This the court declared was a violation of law. The contents of the bottles of a case of beer were poured out. It was shown there were four and one-half gallons in the case. Nylin insisted the foam should be measured to make the five gallons. The Supreme court decides to the contrary. Election Returns. As a practical demonstration of its long distance service, and as a favor to its many subscribers, the Chicago Telephone Company has arranged to provide half hourly election bulletins on the evening of November 3rd. Patrons may secure returns by calling the local operator at 9 o'clock and each half hour thereafter. Clubs, organizations or individuals who desire continuous bulletins may arrange for this service by making application to the manager before 1 o'clock, Saturday, October 31st. Dance. The Oak Glen will give a dance at Castle Hall, Fox River, over, Carr, Saturday evening, November 7th, for the benefit of the band. Music by the good Chicago orchestra. Tickets 50c. Supper extra. 25c. Advertiser Letter List. The following list remains in the Barrington post-office unclaimed. Mr. Gene Burton Mrs. Lena Carvin Mrs. Rex Edwards (3) Mrs. Cora Fuller Raymond Mackay H. K. Brockway, P. M.

CHARLES S. DENEEN.

The primary law, he said, was lacking in as much as democrats were allowed to vote the republican ticket and republicans the democratic, but this would be amended. He said that he was accused of taking fees of the office received while state attorney of Cook county. The Governor did not deny that he took the fees, but pointed out how he was entitled to what he took under the law, which was made before he was elected state attorney. His talk was well received. John E. W. Wayman, republican candidate for state's attorney of Cook county, appealed to the voters for their support to the whole republican ticket. He said that a fight had been made on him, but that he was gaining in strength daily. He said that a vote for Kern meant the same as a vote for Kern. Cooney Hoffman, who is a candidate for re-election made a good talk. He was followed by state senator Humphrey. The party left by automobile for Palestine where a meeting was held at 2 o'clock. DANCING SCHOOL FAILS. Stott's Social Dances and Dancing School Not Financially Successful. The dance given in Stott's hall last Friday evening was enjoyed by those attending but was not financially a success. The dancing school, too, was not as well attended of late as it should have been and Mr. Stott, seeing that his efforts to give the Barrington people an evening of instruction and entertainment each week are not appreciated, has decided to abandon the school. The moving picture exhibition held in Mr. Stott's hall Monday evening was quite well attended, however the pictures were not up to the usual standard. Two men met in the street, and one said to the other, "Why are you not working, Jones?" "Well, do you see," said Jones, "I went at a place putting upon a demon, and I am playing today because they are making nothing but double blanks."

YOUR DUTY TO VOTE

Before Another Issue We Will Have Elected a New President.

The campaign is practically closed. The spell binder has not cut much of a figure in this campaign. The voters of the United States are intelligent and able to think for themselves. This we believe applies to Barrington. We know that you do not want us to tell you what to do and we are not going to. However, we may say what our own honest judgment is without pretending anyone. It is the opinion of this paper that the people of the United States will, as they have in the past, be better taken care of with the election of Taft and the entire republican ticket than it would be in the election of Bryan, and that the "people will continue to rule." It is the duty of every voter to go to the polls next Tuesday and cast a vote for the party of his choice. Anyone not doing this should be counted as one of the "undesirables." The proposed amendment to state constitution providing for a twenty million dollar bond issue for the construction of a deep waterway between Lockport and Utes with equipments and power plants for development and utilization of water power, should receive the favorable consideration of every voter. It is not a party issue. Everyone familiar with this proposed work is in favor of it. Not one dollar of the taxpayers' money of the state will ever be used to pay these bonds, but they will be paid out of the income from the water power, which is estimated at \$3,000,000 per year. To carry the amendment it is necessary to have a majority of all the votes cast at the election. Anyone not voting on the question will be counted against it. Get out early Tuesday morning and vote. Polls are open from 7 o'clock a. m. to 6 p. m.

PROHIBS HOLD RALLY

Prohibition Candidates Gave Interesting Talk at Village Hall Thursday Evening.

Those who attended the prohibition mass meeting at the village hall last Thursday evening were addressed by John Whitton of La Grange, prohibition candidate for representative from the seventh district, and William A. Brubaker of Chicago, prohibition candidate for lieutenant governor. Mr. Whitton delivered one of his customary addresses, appealing to the voters to support the prohibition ticket and save themselves, their wives and the future generations from eternal damnation. He is not an orator but carried his point well. Mr. Brubaker who was the principal speaker, appealed to the voters from a business standpoint and gave his listeners many apparently good reasons why they should pledge themselves to vote for none other than the prohibition candidates. LAKE ZURICH. Miss Emma Schaefer is visiting with friends at Jefferson Park. Mr. and Mrs. J. Ellison attended the wedding of Mr. Ellison's sister at Capron, Wisconsin, Thursday. Fred Hapke is employed at Geary Brothers. Emil Frank and family returned from Germany Friday. Miss Alis Powers was unable to attend the school Friday and Monday on account of an attack of tonsillitis. E. F. Thomas returned from Wisconsin Monday. Standard oil 10c per gallon; Pennsylvania oil 12c per gallon at A. W. Meyer's. Employer—Are you addicted to the use of intoxicating liquors? Applicant—No, sir. I drink a glass of beer occasionally. Employer—How often do you call occasionally? Applicant—Only when I am alone or with some one, sir!

YOUR DUTY TO VOTE

Before Another Issue We Will Have Elected a New President.

The country ticket is equally as worthy the hearty support of the people as the national and state tickets. The country districts should be especially interested in their representatives for the reason that they have made exceptional records in the offices they have held and for which they are seeking re-election. William H. Vetter, the republican candidate for assessor, has been a member of the board of assessors since its organization and has gained experience that makes his services of great value to the taxpayers of Cook county. His record has earned him a re-election. Peter M. Hoffman has made an excellent record as coroner. He has given the office an importance and a position before the public it never before occupied. If results count the retiring members of the county board, who are candidates for re-election will be kept in their present positions. The five country members have been especially efficient and have contributed more than their proportional share to the marked achievements of the last two county boards. The president of the board, Hon. William Buse is a country member. During the ten years he has been on the board he has devoted his time and labor to introducing business principles in the county institutions. As president of the board he has installed a modern business system in the various fee offices and is now exerting every
