TAFT IS ELECTED NEXT PRESIDENT

Has Large Majority Over Bryan. Congress Republican by Larger Majority Than Last Term.

DENEEN 100,000 BEHIND TICKET, BUT DEFEATS STEVENSON

Taft Carries 30 States; Bryan Carries 16. The Results of the Election at a Glance.

THE HON. WILLIAM H. TAFT.

JAMES S. SHERMAN Vice President of the United States

CHARLES S. DENEEN.

Chicago, Nov. 5.—Although the election is over and the success of Taft assured the exact number of his electoral vote is still a matter of some doubt, the latest returns to this writing give him, assuming Missouri's vote for Bryan and leaving out Maryland, 291 votes. Mr. Taft's vote in the electoral column has, however, developed uncertainty, and probability of it going to Taft, after all. West Virginia has been placed in the Republican electoral column, with the state ticket in doubt, and Maryland is undoubtedly Taft's by a plurality of less than 200. This means that only the official vote will decide where Maryland stands. Taft has carried Montana, also, while Nebraska is given to Bryan on a plurality, perhaps more. Colorado has gone Democratic, including probably the legislature, which will redress Taylor.

Chicago, Nov. 5.—Charles S. Deneen is being congratulated upon his second victory for the governorship of Illinois. Although killed and sacrificed by rival bosses, the Republican gubernatorial candidate carried the state by a plurality approximating 20,000. Taft carried the state by 175,000 plurality.

been heard from and the political complexion of the Sixty-first congress according to present information, and with eleven districts yet to hear from will be: Republican, 206; Democratic 111. It is possible that the result in several doubtful districts may alter these figures within the next few days. One hundred and ninety votes will control the house. The house representatives in the Sixty-first congress consist of 164 Democrats, 221 Republicans and there are two vacancies.

Quite an overturn in Indiana. Indiana has provided the overturn in the middle west, and though Taft by about 8,000 plurality is Democratic on all other conditions of the state having elected eleven of the Democratic candidates for representatives in congress out of thirteen. The Democrats have possibly also carried the legislature and have undoubtedly elected their candidate for governor, Marshall, by about 15,000 plurality. Among the representatives in congress who are re-elected are Overstreet and Lamb. If a Democratic legislature is elected, John W. Kern is likely to be the secretary of Homestead in the United States senate.

Illinois carried the proposition to loan \$20,000,000 deep waterways bonds and to amend the banking laws. The failure of the Lorimer and Yates forces to deliver the vote against Deneen beat Stevenson. Deneen was beaten in Chicago by about 10,000, but made up largely for that in the country towns. It is estimated that Stevenson's plurality in Cook county will be less than 10,000.

In New York the Democrats have 11, Republicans 21. Pennsylvania Dem. 5; Rep. 27; Tennessee, Dem. 8; Rep. 2; Virginia, Dem. 10; Rep. 3; Wisconsin, Dem. 1; Rep. 2; Indiana, Dem. 11; Rep. 2; Iowa, Dem. 1; Rep. 10; Kentucky, Dem. 3; Rep. 3; Maryland, Dem. 3; Rep. 3; Massachusetts, Dem. 7; Rep. 11; Minnesota, Dem. 1; Rep. 8; Missouri, Dem. 11; Rep. 2; Nebraska, Dem. 7; Rep. 1; Illinois, Dem. 9; Rep. 19.

As to the other states there is no change in the general results. Of 10 only a matter of exact pluralities. All the southern, northern states—including eastern, western and northwestern—except those noted above, have gone Republican and all the southern states, with the same exceptions, Democratic.

Two districts are in doubt as to the election for the house of representatives, but estimating the returns show the election of 88 Republicans, 62 Democrats, and 2 Republicans.

Indiana's election shows that the Democratic ticket, headed by John F. Shafroth for governor, carried Colorado by about 5,000. The Democratic probably will control the legislature.

Insures Hopkins for Senator. This will give the Republicans on joint ballot for the election of United States senators, 129 votes to 73 for the Democrats. For the prohibitionists a majority of 54. All Senator J. Hopkins has to do to succeed himself in the United States senate is to secure the votes of his own party in the legislature.

Where the Vote is Close. Maryland and Missouri Hardly Know Where They Stand Yet. Baltimore, Nov. 5.—The political pendulum has swung once more, and on the face of unofficial returns Taft has carried Maryland by 121 votes, the vote being: Taft, 112,232; Bryan, 111,117. Neither side is content with these figures, which it must be said, are not so satisfactory as they might be, and unquestionably the official count, which began today, must be looked to for the actual result, and neither side will feel convinced until the result of that count is made known. There must be taken into consideration, too, the possibility of a divided electoral delegation from the city of St. Louis and from rural districts, which is a strong lead of Bryan so that it is impossible to say definitely who has carried the state. The complexion of the next legislature is also in doubt, though the indications are that the Democrats will control. The Republicans have apparently elected Herbert S. Hadley for governor by a least 2000 majority, and the probabilities are that he has carried the entire state ticket with him.

Complete returns show Taft's vote in the entire Democratic ticket, headed by John F. Shafroth for governor, carried Colorado by about 5,000. The Democratic probably will control the legislature.

membership, according to returns from forty-nine counties, including Kansas City and St. Louis. Practically the same precincts gave Stone a lead of 8,200 over Folk for the Democratic nomination for United States senator.

CUMMINS WINS IN IOWA

Governor is Elected United States Senator—Heppburn Defeated. Des Moines, Ia., Nov. 5.—The entire Republican state ticket is elected by pluralities ranging from 50,000 to 60,000. Taft's plurality in the state will be 57,000. Governor Cummins, for United States senator, has won by an overwhelming majority. Returns from nearly every county in the state show his election over Lacey by at least 25,000. The complexion of the next legislature will be progressive Republican.

SCHOOL NOTES.

Edward Meister entered ninth grade Monday. Herbert Fiegel has left to attend German school. Irving Horn returned Monday after one week's absence. Resort cards were issued throughout the school on Monday. Florence Fuesale and Francis Beth were perfect in spelling in Miss Mathew's room. Harold Grebe brought an interesting collection of birds' nests to room four, for the scholar's inspection. Florence Hahn of the third and Herman Hahn of the first room have left school, owing to the return of the Hahn family to the city. School will be closed Friday owing to a meeting of the Northern Illinois Teachers' association at Joliet. All the teachers expect to attend this meeting. The Laurean Literary society held its regular meeting Monday evening in the high school assembly room. The girls are taking a lively interest in these meetings, as they give opportunity and by the quality of their work.

In the third room those perfect in spelling for the whole month were: Verdelice Richardson, Edwin Bluff, Burnell Hettlinger, Ruby Roloff and Mildred Langenholtz. The room is collecting cards for a Chinese and Japanese exhibit for the benefit of the scholars.

The presidential election of the Barrington school was held on Tuesday, November 3. The polls were open from 8:30 until 10 o'clock. The result of the election shows that 104 votes were cast for the prohibition candidates, 31 for the republican, 8 for the democratic and 1 for the United Christian. Two ballots were thrown out because they were not made out in the proper fashion. The election officers were judges, Miss Viola Lines, Miss Lillie Volker and Fred Grimm; clerks—Miss Gertrude Haudenschild, Miss Almida Plarage and Lyle Alverson; constables—Lorell Bennett, Miss Mabel Shaede and Miss Edna Hofflander.

The prohibition rally was held in assembly hall of the high school Monday afternoon at 7 o'clock. Many visitors were present among whom were several prominent citizens and members of the school board. A. W. Meyer, a firm supporter of the prohibition movement, being unable to attend the rally, sent a letter to the meeting, praising the enthusiasm of the party. The assembly room was appropriately decorated with flags, banners and pictures of the prohibition candidates. The program was as follows: Battle Hymn of Republic (revised) school; Welcome address. Viola Lines; Star Spangled Banner (revised) school; Reading of Prohibition Platform. Howard Hardesty; Life of Chaffin; Viola Lines; Life of Watkins, Arthur Heise; Cornet solo, Newton Plarage; Launching of the Battleship—Prohibition, Mr. Dohmeyer; Quartette "We'll Vote Every Day"—Miss grade quartette, Misses Naeher, Groe, Dohmeyer and Plarage; "The Shoe Maker and Little White Shoes," Florence Collins; Temperance vs Intemperance, Gertrude Haudenschild; Quartette—Prohibition Belle—high school quartette, Misses Wooding, Plarage, Lines and Eliebert; A Plea for Prohibition, Almida Plarage; "The Flag and Election Day"—Whittier, Alta Smith; Prohibition—Politically and Financially—Dr. Richardson; America, School.

MISSOURI VERY CLOSE

Hadley is Leading Candidate for Governor of the State. St. Louis, Nov. 5.—Missouri, which apparently at first had gone Democratic by a large majority, is still in doubt on all except the national ticket. The expected plurality of 35,000 for Bryan has been off by late returns from St. Louis, and from the country precincts indicate that the vote is close and that the plurality may not exceed 3,000 or 4,000 either way. The complexion of the next legislature, which will elect a successor to United States Senator William J. Stone, also is in doubt, and the probabilities are that the control that body on joint ballot. Herbert S. Hadley is leading William S. Cowherd by 15,002 votes for the

Halloween passed very quietly in this village last week being observed only by a few jack-o-lantern parties. Two extra light watchmen were added to the force but they were apparently not needed. The boys did little or no damage, which would seem to show that the morals of young America are advancing.

RESULTS AS TO CONGRESS
