### Maple Sirup and Sugar U. S. and Canada Yield

Maple sugar and maple yield are abundant only in the United States and Canada. Not only is it purely an American industry, but a very important one that we took over from the aboriginal inhabitants.

The earliest explorers found the Indians making sirup from the sap of maple trees in the St. Lawrence valley and elsewhere in the north.

For many years among the early settlers of the northern part of the United States, maple sugar was the only sugar used. The imported cane sugar being beyond their means.

Strip and sirup are produced chiefly from the sugar maple and the black maple. These trees are abundant throughout the eastern United States and Canada and as far south and west as Georgia and eastern Kansas.

### U. S. Grant Product of Methodist Environment

Ulysses S. Grant was a product of a Methodist environment. His father was a Puritan descent, a book lover and a skilled laborer.

His mother also was a keen student of scriptures, a woman of sincere piety and of solid temperament. Both parents were active in the church.

As President Grant and his family attended the old Foundry Methodist Episcopal church, Rev. J. P. Cannon was their pastor.

### Original "Uncle Tom"

It is commonly believed that the prototype of Uncle Tom, in Harriet Beecher Stowe's "Uncle Tom's Cabin," was Josiah Henson, who is buried near Dresden, Ont.

According to the inscription on the tombstone, Henson was born on July 26, 1780, and died on May 5, 1858, at the age of ninety-three.

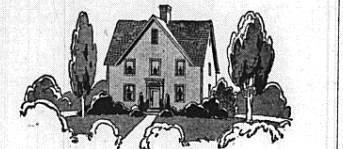

### Hurry Up That Milk Bottle

A baby never notices that you're lonely.

### A Little Planning, a Little Work, the Result

BEFORE PLANTING

AFTER PLANTING

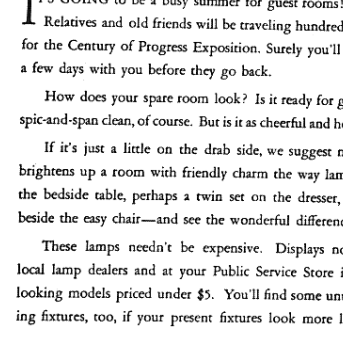

Crumbling Church is an Ancient Rome Reminder

Strange vestiges of the days of ancient Rome when paganism was being supplanted by Christianity have come to light amid the crumbling remains of primitive churches at Spoleto, Italy.

### Palatine

The newly elected officers of the Palatine Parents' Teachers' association are: president, Robert Goddard; vice president, Helen Wente; secretary, Dorothy Wierhall; treasurer, Dorothy Skibbe; and historian, Edna Metz.

### Is your SPARE ROOM ready?

Relatives and old friends will be traveling hundreds of miles to Chicago for the Century of Progress Exposition. Surely you'll want them to spend a few days with you before they go back.

How does your spare room look? Is it ready for guests? We know it's spic-and-span clean, of course. But is it cheerful and homey as you'd like it?

If it's just a little on the drab side, we suggest new lamps. Nothing brightens up a room with friendly charm the way lamps do.

These lamps needn't be expensive. Displays now featured at your local lamp dealers and at your Public Service Store include many good-looking models priced under \$5.

Electrical helpers like a vacuum cleaner, a washing machine, an automatic ironer and a food mixer will make it much easier for you to keep your household running smoothly when company comes.

They let you speed through your chores without tiring yourself out. They're economical, too. A penny or two an hour is all they cost to operate.

Your Cheapest Convenience

Electricity is probably the cheapest thing you can buy for your home. Don't skimp on good lighting—it's one of the prime secrets of a hospitable-looking house.

For less than two cents you can light three reading lamps for one hour in the average home.
