Try to Count 'Em. The average person has about 120,000 hairs on the head. Blonda, because their hair is of much finer texture, often have as many as 180,000 hairs. Brunettes usually have about 110,000, while the red heads usually produce a crop of only 90,000 hairs.

Bargains in Scotia. A woman bought a millionaire's castle at a Glasgow auction for 80 cents. She probably used the change downtown to pick up some real bargains—Toledo Blade.

School and Villa Fail to Agree Arbitration

Continued from page 1

money was in the closed State the claim that the trustees had lived up to a previous friendly until an agreement is reached the village went ahead and hired an audit to be made with final approval of the school and that the village, without consulting the school trustees, consulted the school trustees for the whole amount of the claim.

The village attorney stated the trustees did not have an audit to pay to whom the money is to be sent back since it is handled as a rotating fund school trustees, on the other hand, state they are entitled to the money in the Pittston bank, which according to trustees belongs to the school.

The school officers maintain that they have drawn on the village fund for \$100,000 in the amount of more than \$100,000 in the village. The village chief of trust on the basis of the money drawn is not set aside until the money is to be set aside.

The village trustees instructed lawyers to take the necessary steps to determine for a litigation as to Mr. Harwood's plan.

though they have drawn on the village fund for \$100,000 in the amount of more than \$100,000 in the village. The village chief of trust on the basis of the money drawn is not set aside until the money is to be set aside.

The village trustees instructed lawyers to take the necessary steps to determine for a litigation as to Mr. Harwood's plan.
