A Good Plan

It is a good plan to keep the children looking neat through the school term with clothing mended, dry cleaned and pressed. This gives the boy or girl more self assurance and it preserves the clothes—a good point in economy.

Teachers, high school and college students who have not prepared their wardrobes for the school year, can make arrangements to do so now by telephoning

School Pupils' Vacation Days End Wednesday

Children of Kindergarten and First Five Grades to Report Tuesday

Barrington children will have to abandon their carefree habits and pleasures of vacation days and submit to the more strictly regulated routine of the classrooms next Wednesday morning, the beginning of the 1933-34 school year. This perhaps will not be met with ready submission by a few youngsters who think that the summer has not been long enough and that it should be extended to include a few more dips in the swimming pool or perhaps a few more trips to Enchanted Island, but the opening day will be received joyfully by many children who are anxious to get back to school to continue their education.

All classes will begin Wednesday morning, Tuesday, Sept. 5 will be devoted to registration for those who are not already registered and to enrollment of the pupils in the kindergarten and first five grades. Superintendent Erman S. Smith has announced. Rentals for books and other supplies for the lower grades also will be taken care of on that day and children will be designated to their classrooms and seats, he said.

Enrollment Tuesday
In order to expedite the handling of the rentals and enrollments in these grades the pupils have been divided into alphabetical groups, to appear at different periods of the day. The groupings for the pupils for kindergarten and first five grades and the time which they should appear have been announced as follows: Pupils whose last names begin with A, B, C, D, E, F, G, H, I, J, K, L, M, N, O, P, Q, R, S, T, U, V, W, X, Y, and Z from 2:30 to 4 o'clock.

Supplies May Be Rented
The rental system adopted for these grades, though optional at the will of the parents, is \$1.25 for kindergarten pupils, \$1.75 for pupils of the first, second and third grades, and \$2 for fourth and fifth grade pupils. It is important that rentals and enrollment be taken care of on Tuesday, Mr. Smith stated, as pupils must be prepared for a full day's work on Wednesday.

The following hours will be maintained:
High school—8:15 a. m. to 12:15 p. m. and 1 to 3:15 p. m.
Junior high—8:20 a. m. to 12 m. and 1 to 3:20 p. m.
Kindergarten—9 to 11 a. m. and 1 to 3 p. m.
Grades 1 to 5—Starting time 9 a. m. and 1 p. m. Dismissals from 11:30 to 11:50 o'clock in the morning. The regular dismissal time for the afternoon session will be 3:30 although some will be dismissed earlier.

Old Postal Cancellations
The United States had no system in its early cancellations, and at the introduction of stamps the postmasters were forced to use whatever was at hand. These included many marks which were applied as "pre-paid," and rate marks such as 3, 5, 6, etc., which were useful when no stamps were affixed, but meaningless on letters bearing stamps.
