We've Signed

on the dotted line

We, the undersigned stores of Barrington, take pleasure in notifying our customers and friends that we have signed the President's Re-employment Agreement — and that we are giving our whole-hearted co-operation to this great movement to put workers back to work.

The business concerns whose names appear here are doing everything possible to make the great NRA program a success. The Merchants and Business Men who have taken this step can't bring Barrington to the fore in the movement alone—they need your help, your sympathetic co-operation and support.

If we, one and all, will pledge ourselves to buy from concerns which have signed the President's agreement—if we will ask for goods marked with the NRA symbol—bread-lines will vanish. Prosperity will come.
