Dear Review Reader Friends:

YOU NO DOUBT recall some time ago we ran a space in this paper called "Fun & Facts." We wonder how many of you Review Readers have missed this space; also how many of you have enjoyed these items of common interest, wisecracks, catch questions, reasonable paragraphs, good will, "do you remember way back when," etc. In other words, we wonder how many of you readers would enjoy reading this space. We will try to make it as interesting as possible. We want you would call Barrington 225 and advise us in the coming week if you would enjoy reading this space again. Some of you folks may get your names into our poetry occasionally; also, we may decide to write poetry or high brow editorials. But, we'll at least try to be interesting and hope you will call us during the coming week and express your ideas—pro or con—regarding "Fun & Facts." We'll need your help and moral support.
