

Local Persons to Attend Dedication Services at Hanover Township Church

Dedication services for the newly renovated Hanover church of Hanover township will be held at the church Sunday, Nov. 11, at 10:30 a. m. Rev. S. J. Jones, of St. Louis, Mo., will deliver the opening sermon and pastors from neighboring towns will take part in the evening service at 7:30 p. m. Rev. H. E. Koenig will represent Barrington.

The former church building was destroyed in the terrific wind and rain storm last June which wrought havoc throughout that vicinity. A complete building, a tower for the church bells, and the complete remodeling of the interior of the former building were included in the renovations.

Tires Wear Less in Cold Weather, Survey Discloses

Rain, Snow, Cold, Slower Driving Speed, Adds Miles to Casings

Automobile tires applied in the fall or early winter, average approximately 20 per cent longer wear than tires initiated into use during the spring or summer, according to J. S. Gleske, local Goodyear dealer. This surprising statement is based upon information resulting from a study by Goodyear technicians, of the operation of tires on hundreds of buses in all parts of the United States. The reason for the increased mileage is quite obvious when some of the tire's peculiarities are known. Tires are made of rubber, which in summer time, the combination of hot weather and fast driving generate sufficient heat in a tire to greatly stimulate wear.

Local Brevities

The net result is that motorists who replace tires in the fall and winter have the advantage of safe, anti-skid traction when driving conditions are most hazardous and have tires practically as good as new for the summer months. "There are so many arguments in favor of replacing worn tires during the fall and winter that there actually is no logical advantage in attempting to make old, smooth tires last another season," Mr. Gleske said.

Local Brevities

Mrs. Hannah Kamper of North Hough street, who has been ill for two weeks, is recovering slowly. The following Barrington people ward E. Stanley Jones, at Chicago Sunday: Rev. and Mrs. H. E. Dargie, Mr. and Mrs. W. D. Ditterer, Mr. and Mrs. P. R. Dreyer and sons (Gail and Bennett), Mr. and Mrs. William Doherty and daughter Olive, Mr. and Mrs. E. S. Smith, Mr. and Mrs. Frank Pauli, Mrs. M. Andrews, Miss Cora Silber and Mr. and Mrs. Frank Kirchman.

Poison Ivy

Poison ivy, like several other plants with similar names, is not an ivy, but is merely called by that name because of its resemblance to the real ivy. Poison ivy belongs to the same family and genus as the sumac and is a totally different plant from the English ivy.

Black Rat Carrier of Plague

The black rat is the carrier and propagating agent of bubonic plague. It was this plague which, while the aged Europe throughout the Middle Ages and reached its climax in the country with the great plague of London in 1665—London 30,000.

Cleveland's Affliction

About three months after his second inauguration, President Grover Cleveland noticed an ulcerated patch in his mouth. He sought medical care at once. The army surgeon immediately suspected a malignant condition. There was no delay. The President consented to an operation, but only on condition that it would be kept a secret in order that the public might not be alarmed. The operation was performed in a dramatic way, and the details were not revealed until the following day. It was described in a magazine article—Hypertic Magazine.

Many Sad Examples

"History shows many sad examples," said Dr. H. H. the sage of Chinovent, "of men who seek to guide the destinies of multitudes yet who cannot compel peace in their own affairs."

Plan Is Offered to Split Cook County for Tax Solution Home Rule for Rural Territory Suggested in Reorganization Proposal

A radical plan for making home rule more effective in Cook county was proposed by Dr. G. W. Whill, superintendent of Loson Township, high school and junior college, in a letter to the LaGrange Citizens last week. The plan is to split Cook county into two or three counties, and let Cook county and the city of Chicago be the same municipality. The suggestion is offered as a means of obtaining the district unit government in Cook county and Chicago.

The Whill states in his letter, "Various indications of the population of Chicago and environs has been too large for satisfactory local government. Here in LaGrange we were recently told of the great number of tax payers in Cook county. It is impossible to distribute taxes fairly on the basis of less than six or eight cents. This signifies that every property owner has an extra cent or more covering that period of time required for the distribution."

Refers to Other Cities The Whill states in referring to other large cities that New York city is really composed of several counties, and San Francisco, Philadelphia and New Orleans each consist of a separate county. He suggests that three or four counties would not be impossible as an investigation of the geography of Cook county will show.

"Young men" Dr. Whill concludes, "This page county was carved from Cook county and the whole idea of reorganization in LaGrange or Cook would wish that the former were now a part of the latter. The law of Illinois makes provisions for the stipulation of new counties. So there is no legal barrier to the suggested possible solution of the apparently unsolved problem of governing the present county of Cook. Reorganization and re-division of counties could under the organization of new counties, proceed in developing local governments while the city of Chicago is not to be broken into the city of Chicago."

"Vicar of Wakefield" Is Educational Film to Be Shown at School "Vicar of Wakefield" is one of the most popular of all the plays of the English dramatist John Bunyan. It will be shown on the screen at the Barrington school Friday in connection with the series of educational films brought there every other week. President Winkow always the leading actor, and the public has been invited to attend an showing of the picture, according to Superintendent H. H. Smith. The teachers are now running the film in their respective classrooms so that it will be shown practically every hour of the day.

The accompanying picture for next week's program is "Homesickness," the magic carpet, a film especially suitable for the younger children. Members of the high school classes are getting acquainted with the work of the Vicar of Wakefield in connection with literature this week. Mr. Smith reports. By studying the story prior to its presentation, they have a background which makes the moving picture doubly enjoyable, says Mr. Smith.

Library and Clubs Actively Observe Annual Book Week Plans and parties at the library, special programs at the Barrington schools, book reviews at club meetings, and sermons by local pastors were included in the observance of national book week at Barrington this week. Mrs. Walter Harbridge, local librarian, held open house during the 10-day hours and a miniature "World's Fair" made by pupils of the White school, tied with a birthday cake in attracting the attention of visitors to the library. Members of the Book Worm club with 36 school pupils as the guests of honor, presented a play at the library Wednesday afternoon. Members of the club were Vera Green, Betty Giesey, Charlotte Wells, Harold Glusker, Evelyn Juppen and Robert Koenig. The setting of the play was a small library with no funds. Betty McVey then read "Children and the Librarian's Desk." The program will be repeated for children of the White school and the P. T. A. of that district on Monday. Saturday will be "Children's Day" at the library and Mrs. Harbridge is expecting about 60 small girls and their mothers.
