Legion Auxiliary Committees Named for Coming Year

The monthly executive meeting of the Legion Auxiliary was held at Mrs. Carl Olmstead's home Monday night. Mrs. Alice Catronotta the incoming president announced the names of her chairman for the coming year. Mrs. Priscilla Bartel, president; Mrs. Josephine Parent, rehabilitation; Mrs. Helen Freni, legislative; Mrs. Mae Haber, publicity; Mrs. Carrie Jones, finance; Mrs. Helen Musti, music; Mrs. Ida Nagel, membership; Mrs. Ruth Olsen, national defense and Americanism; Mrs. Dagmar Olmstead, child welfare; Mrs. Josephine Stack, refreshment; Mrs. Libby Uccy, finance; Mrs. Borghild Waggon, community service; Mrs. Frances Grubbe, rummage sale. This is a yearly event and will be held two days, August 23 and 24. The Auxiliary will manage the blazo games at the "Yarmark."

Children Born in England

A child born in London, England, of American parents is an American citizen, and also by virtue of the British nationality and status of alien act of 1914, as amended. It is a British subject, because born within his majesty's dominion and allegiance.

Use for Geometry

Geometry is used extensively in the professions, particularly in all branches of engineering, architecture, drawing, carpentry and building.

Mechanical Toys Not New

Mechanical toys which found their apogee in the toy nightgale of Anderson's fairy tales, are not new. The early Greeks had them. They were favorites of Louis XIV, and broke the monotony for women in the harems of Arabia. In the nineteenth and eighteenth centuries, which all moving toys were extremely complicated, those of Nürnberg became world-famous.

Commercial Geography

Commercial geography treats of the distribution of the world's products, of existing demands for these commodities, and means of transportation and exchange.

Cary Club Entertains

GAS HEAT OFFERS THIS PROOF

Of the convenience it has brought to thousands of homes... and at reasonable cost. Read the facts and figures of these typical homes

"Heartily endorse gas heat!"

James Walker, 126 S. 18th Avenue, Maywood, Ill.
Engineer's Heating Cost Estimate . . . \$100.00 yearly
Actual Cost (from bill paid) . . . 20.32

"Perfectly satisfied with cost and comfort!"

Mr. Roy Hink, 7708 Elmore Drive, Elmhurst, Ill.
Engineer's Heating Cost Estimate . . . \$120.00 yearly
Actual Cost (from bill paid) . . . 132.09

MANY thousands of home owners have now had one or even two heating seasons in which to judge gas heat. Now they know its many advantages over other heating methods, other types of fuel. They've saved hours of the wearying drudgery of shoveling coal and hauling ash because gas heat is automatic. After an entire heating season walls and furnishings are still clean. There is no soot, no dirt or grime. They know, too, how comparatively little it costs to have the benefits of this care-free heating service.

Gas heat does not reduce heating costs—but it does give you far more for the money you spend. Gas heat saves you worry, labor. It gives you household cleanliness. It provides you with comfort never before possible. For these services, for these countless conveniences, gas heat asks only a few cents more a week. But in return, gas heat will give you greater dollar and cents value than any other heating method you can name.

Investigate gas heat today. Ask to have an engineer survey your home and give you an accurate estimate. You will learn quickly just how much it will cost to provide your home with all the advantages gas heat offers.

GAS HEAT PLUS INSULATION

Gas heat offers a new service. You may judge a pipe whereby the roof of your home is fully insulated with the finest of materials. This insulation provides a double benefit—besides the heat to your home, keeping heat inside in winter. Heat losses are radically reduced, and billings for fuel are correspondingly less. Insulation plus on a budget basis—small monthly payments meet your gas bill.

NO PAYMENT UNTIL OCTOBER

Install gas heat now. No need to have your heating service interrupted during the heating season. The full payment will be made due in October. You get relief only the nice heating months.

"More than pleased with gas heat!"

Mr. W. H. Hall, 1444 Ashland Ave., Des Plaines
Engineer's Heating Cost Estimate . . . \$150.00 yearly
Actual Cost (from bill paid) . . . 255.04
