Conference Grid Season Completed; New Champ Reigns

Another Northwest conference campaign is over... and this year the Leyden Eagles of Franklin Park reign as champion of the conference. The Cardinals of Arlington are the top spot. Not highly regarded at the start of the season as only three out of 18 letters returned, the Eagles came along fast under expert guidance of coach L. R. Watson to finish undefeated. Leyden was victorious over all five of its conference opponents—a true championship performance.

Conference Slate

The B.H.S. football campaign with a record of two victories and five defeats! Although definitely "in the red" there is some consolation when it is realized that three of the defeats were by one touch down margin or less.

Cardinals Defeat Bronchos 13 to 0 in Season Finale

After being clearly outplayed in the first half, the Cardinals of Arlington Heights came back with two touchdowns in the third quarter to defeat the Bronchos of B.H.S. 13-0, in the season football finale at North Park, last Saturday.
The largest crowd of the season watched the game as the Cardinals gained their fifth straight win over the local high school. This victory gave Arlington third place in the final conference standing—Barrington, 4th. It was largely through the fine running of two backs, Johnson and Deane, in the third quarter, that the Cardinals won.

125,000 PEOPLE IN THE CHICAGO AREA ARE LIVING BETTER BECAUSE OF GAS HEAT...

The THERMOSTAT

does all the work in Gas Heated homes

No bed-time bother with the furnace. No early rising to tend the fire. Sleep hours longer and find the house warm when you awake. Gas heat removes every furnace worry, and it costs but a few cents a day more than old-fashioned methods.

TIME for bed. In some homes it is the time for scurrying around in the basement, banking fires, setting dampers, poking up, so that fires will last until morning. But in a gas heated home, time for bed brings none of this work and worry. Just sound sleep, unbroken by fears that fires will go out, that a chilly house awaits in the morning. With gas heat the house is warm when you wake, and there's no shivering trip to the basement at daybreak to tend furnaces.

Sleep hours longer
In thousands of homes men and women are sleeping hours longer in the morning, thanks to gas heat. The minute they wake they realize the joy of having this ideal, automatic heating system. The house is cozy and warm. There's no coal to shovel, no icy trips down basement stairs. No ashes to sift and haul. No messy, dirty jobs to start the day wrong.
Moreover, gas heat is clean. It eliminates hours of heart-breaking, back-wrenching toil. There's no constant scrubbing, no soot, no grime to keep you forever cleaning. With gas
