### Lions Club Founder Commends Group on Achievements

10th anniversary of Local Unit Observed by Banquet Monday

The Lions Club of Barrington is the largest organization on the South American continent from the membership enrollment, 200 members of the club. The club was organized in 1910 and has since that time held its 10th anniversary banquet Monday night.

Mr. Jones, who has been secretary since the international organization came into existence, said that the club is now firmly established and that every year it now leads all other organizations in 25 states of the United States.

The club's 10th anniversary banquet was held at the Hotel Hamilton and was attended by 120 members and guests. The club has since that time held its 10th anniversary banquet Monday night.

### Passing Truck Jars House, Causing Invalid to Break Arm and Hip

Thrown from her wheel chair when a passing truck jarred the porch where she was sitting, Miss Mrs. Wolhausen, 414 S. Hough street, sustained severe injuries Monday afternoon. Her right arm was broken and her right hip fractured.

Miss Wolhausen had been ill for the past year and has only been able to sit up in the wheel chair for the last six weeks.

Monday afternoon, she was enjoying the sunshine from her porch when a large truck went by. The heavy vehicle caused the house to shake, jarring her chair.

Moving forward, the chair tipped sideways, throwing Miss Wolhausen to the floor.

A doctor was called and Miss Wolhausen was again put to bed in her home. She was reported to be suffering intense pain.

### Estimate 40% More Light by Metering Ornamental Circuit

Village to Discontinue Flat Rate Basis; Savings Expected

A contract to change the Barrington ornamental lighting system to a metered current basis has been awarded to T. H. Reynolds, local electrical engineer.

Mr. Reynolds estimated that the system will save the village \$382.95, less the new value of the metering system, in use on the Sauter-switch now in operation.

Since its installation current used in the system has been estimated to be 40 per cent less than that which the village will obtain through the present flat rate plan.

The metering system will be installed by the village engineer, T. H. Reynolds, at a cost of \$1,000.

The metering system will be installed by the village engineer, T. H. Reynolds, at a cost of \$1,000.

### Prime Industry by Revolving Pensions, Townsendite Urges

Noted Organizer Outlines Plan at Men's Club; December Meeting Cancelled

A group of more than 90 men gathered at Salem church parsonage Thursday night for the monthly dinner-meeting of the Barrington Men's club, and heard Edward P. Trefz, of the Chicago headquarters of the Townsend organization, explain the principles on which the Townsend national revolving pension plan is based.

Following the speech, several pertinent questions were asked by K. M. Lillen and Ralph Keeling, members of the audience, who appeared very skeptical about the feasibility of the plan. After one or two replies, he refused to answer any more questions.

In his talk Mr. Trefz traced the history of the plan from its origin in the mind of Dr. Townsend in California to its present growth of millions of followers all over the country.

The plan, which is designed to stimulate business immediately, according to Mr. Trefz, is briefly as follows: The revolving pension fund of \$200 a month for persons reaching the retirement age of 64 and who are eligible to receive it.

To be eligible applicants must give up all other salaried occupations in order to spend the entire pension each month.

The pension funds would be raised by a tax of two per cent on all business transactions made for profit.

Mr. Trefz stated that it had been estimated that there are seven and a half million persons over 60 now who would be eligible for the pension, and that if only four of five million of them were placed on the plan it would be enough to pay the \$200 a month pension for all pensioners each spending \$200 a month would alone put one billion dollars into industry and business.

To carry out the plan, Mr. Trefz said, would be handled by competent pensioners. Mr. Trefz said the sum of \$200 per month monthly would be paid to each pensioner.

Mr. Trefz said the sum of \$200 per month monthly would be paid to each pensioner. Mr. Trefz said the sum of \$200 per month monthly would be paid to each pensioner.

### Applcs, Chickens, Rugs, Radio Sold by Small Want Ads Last Week

"We've sold between 25 and 30 baskets of winter apples from our classified ads in The Review last week and people are still coming," Arthur Stabler reported early this week.

Another pleased user of the "want ad" department was Mrs. John Algrin who sold her entire brood of spring chickens as the result of one 50c insertion in the last issue.

Mrs. C. F. Brooks of Liberty street advertised a linoleum rug for sale and in one of the last week's issues had in answer to her notice.

Mrs. J. J. Mulholland sold the radio she advertised to one of several persons who responded to her advertisement.

Mrs. Dan Pomeroy sold a baby bed to the first person who answered her classified ad in last week's issue.

The Review is read in a large majority of homes in the community which includes Barrington village and rural, Lake Zurich village, Palatine, Dundee and Graysville rural routes and the village of Cary and Fox River Grove. When a newspaper ad gets results.

### Scout Leaders and Guests to Be Feted at Christmas Party

A Christmas party and program for scouts, scout leaders, members of the scouting club and their ladies is being planned for Wednesday evening, Dec. 11, by the leadership training committee of the Northwood Loyal Order, 1234 S. Barrington street.

The party will be held in the Community hall of Des Plaines Congregational church starting at 6:30 p. m. Although the party is a celebration of the completion of the university of scouting and one of the features of the party will be the presentation of certificates to those men who have completed it, the event will be a festive affair to which everyone is welcome.

Even Santa Claus has been invited and those in charge report that he will be there with gifts for all. There will also be entertainment and a speaker, J. O. Carr, chairman of the leadership training committee of the council, will act as master of ceremonies.

The party will be held in the Community hall of Des Plaines Congregational church starting at 6:30 p. m.

### Chicago Brokers Pay \$907 Premium for Village Bonds

\$21,000 Refunding Issue Sold; Proceeds to Retire Old Debts

Rogers and Tracy, Inc., of Chicago bid \$21,907 for the new and first village general bond issue of \$21,000 with interest at 4 1/2 per cent at a special bond meeting Tuesday night and was awarded the purchase of the bonds over seven other bidders.

This issue is a refunding issue, the proceeds of the sale to be used in retiring outstanding indebtedness incurred prior to this year.

It will make possible a tremendous saving for the village in that several persons or firms holding bonds in the village have agreed to slash their claims deep if paid in cash before the end of this year. These debts could be paid the year without a bond issue. At least two creditors were prepared to forego their claims against Barrington if they were not paid this winter. This, of course, would have resulted in additional expense to the village.

Among old debts which will be paid from the proceeds of the sale of bonds are attorneys fees to Benjamin F. Lanoworby, engineering firm of Chicago, for preparing plans for street lighting owed the Electric Service Co. of Northern Illinois.

Mr. Lanoworby represented the village in the original sewerage injunction case and held a claim for more than \$6000. He agreed to settle for \$3500 each to be paid before January 1, 1935.

The engineering firm had made comprehensive plans and specifications for expanding the sewerage system and completing the network of sidewalks through the village. The original injunction suit was filed, but the original suit was dropped after the sewerage system was completed.

Mr. Lanoworby represented the village in the original sewerage injunction case and held a claim for more than \$6000. He agreed to settle for \$3500 each to be paid before January 1, 1935.

### Thanksgiving a Quiet Day in Barrington; Many Family Parties Planned

Consoling turkeys at genial family gatherings will constitute the principal activity of Barrington residents Thanksgiving day according to news reports of various families furnished. The Review, almost every household expected guests for the day or had made arrangements to go elsewhere for a family dinner party.

Mild weather precluded winter sports but the usual exchange of greetings, walks, attendance at Thanksgiving rites, rides and visits to local amusement centers were planned.

The only community event of the day is a sunrise prayer service scheduled to be held at the Methodist church Thursday evening under the auspices of the local Young People's commission.

The program includes music, numbers, reading of the president's proclamation, invocation by Rev. J. J. Mulholland, a sermon by Rev. W. A. Stauffer and benediction by Rev. H. L. Kagle. Breakfast was served at the church at 7:15 a. m.

### Grading of Route 59 Scheduled to Begin on Monday

Equipment on Location for Work on 5.19-Mile Stretch

Equipment was moved into place on Route 59 early this week and grading is scheduled to start Monday on the 5.19 mile stretch from the intersection of Hough street and Route 22, to Wauconda, Ill. J. J. Mulholland, village engineer, is the grading contractor.

The proposed route will go north from Route 22 cutting off a part of the highway on the Byfield estate and continue along the west side of Bloomer country road, saved from the power lines. One or two miles from Wauconda the road will swing further west and continue along the gravel road into Wauconda. This will cut off several miles from the original route of the highway from Barrington to Wauconda.

The grading job will go on during the winter as weather permits so the road will be ready for paving in the spring of next year.

Employers on this job must register through the Illinois Employment Agency.

### Cook Voters Pass Plan to Increase Non-High Tax Rate

Approve Boost in 5 to 1 Vote Through Non-High Districts

The non-high school board of Cook county announced Tuesday that the proposition to provide sufficient funds with which to pay for the tuition of non-high school people attending the high schools of Cook county and Chicago, passed by the overwhelming majority of 1883 for and 243 against.

The election was necessary because of the rapid increase in the number of students attending high schools from the non-high school district. About 2500 pupils residing in the district attended high schools during the school year of 1934-1935.

Even with 100 per cent tax collection, the board had insufficient levying power to provide enough funds with which to meet this tuition bill. For the past three years the condition has been the same. With the increase granted in the election, the non-high school board will be able to meet the bills in the future, according to John J. Puffer, secretary.

### Three "Leagues" to Give Program at St. Paul Church

Three young people's leagues of St. Paul church will present a program in addition to installation services for the new pastor at the church Sunday evening. The program will begin at 7:30 p. m.

A play "Broad," has been prepared by members of the Senior League with the following persons having leading roles: Ardis Weston, Vivian Richter, Ruth Wickbeck, Lenora Davis, Norman Howe and Delbert Nagata. There will be special musical numbers also, including songs by the Junior choir.

"Broad" depicts the efforts of a farmer to cope with the existing economic conditions and the efforts of his wife and other for the attainment of a better standard of living. The two struggle, one for the necessities of life and the other for the attainment of culture are graphically portrayed in this widely known play by Fred Eastman.

Norman Howe portrays the role of the farmer and Ardis Weston impersonates the wife. When the play is over, the pastor will give a short address.
