Church Basketball Back in Action After Vacation

The local church basketball league will swing into action again Monday after a week and a half lay-off.

With half of the league's schedule completed, Salem's quintet is occupying first place in the standing with four wins and no defeats but apparently is in for a tough time to remain at the top.

Jewel Food Stores Take Headquarters, 24-23, in Fourth Quarter Rally

The Jewel Food Stores nosed out Jewel headquarters by one point in the fourth-quarter of a score match, winding up with a score of 24 to 23 at the high school gymnasium Friday night.

At the end of the third quarter Headquarters were leading by five points. The rally during the final quarter was attributed chiefly to the brilliant playing of Food Stores forward, Du Charsne, who chalked up 13 of the team's 24 points.

Barrington Comets defeated Biechle's Black Demons, two improved teams, 35 to 23, in a preliminary game.

Grand Casper Explored in 1929
The Grand Canyon first was explored by Maj. John Wesley Powell, a one-armed school teacher, in 1869. He dared what Indians and frontiersmen were afraid to try.

Either in Surgery
Dr. John Collins Warren of the Massachusetts General hospital, Boston, first used ether in surgery on October 16, 1846. It is said that this is also the first time that a certain epigram from the French became popular, so that now it is a platitude. The sentence was, "Nothing succeeds like success."

Naming New Chemical Elements
The honor of naming an element is customarily given to the discoverer, and there is no fixed rule connecting properties with nomenclature. Helium was named from its occurrence in the sun. Although more recently discovered elements have usually been given names terminating in "ium," the early discovered metallic elements such as mercury, silver, copper, retain their old names.

Next Monday's games will bring St. Paul against the Baptists in the first game and Salem against the Methodists in the second.

Blood Chimey Color

Frequently, a chimney seems to cut a house in parts. It is important in painting a small dwelling in an attractive color scheme, to make the chimney an integral part of the picture. It may be painted with either stucco or concrete paint.
