Biggest Boulder

Chert is a huge boulder two and a half miles long and is well within the Mediterranean, instead of on the Atlantic, as is popularly believed. Across the strait, on the African side, gleam the white houses of Tangier, in Morocco.

Members may bring guests to the reciprocity meeting at the usual guest fee. In accordance with the new by-law, guest tickets cannot be honored at this meeting.

The Arlington Heights Woman's club will also hold its reciprocity day on Wednesday, March 20 at 2:30 p. m. when Mrs. Sylvia Honeywell will entertain with "Three Portraits of a Lady."
