

David Copperfield Comes to Rialto

After more than a year of preparation of filming "David Copperfield" comes to the screen. It will open Sunday, March 24 at the Rialto theatre, Elgin, and will run for four days.

The photography in recent years has aroused more advance interest than "David Copperfield." It is a story that has been read by uncounted millions since it first was published, and its presentation on the screen is awaited eagerly.

The liberties have been taken with the original story, according to advance information. It features a thrilling, dramatic and humorous tale of adventure and romance, just as Dickens wrote it.

It is filmed both in English and American. "David Copperfield" boasts an all-star cast of unusual proportions. No less than sixty-five stars are featured players.

The cast of "David Copperfield" leads like a Blue Book of the stars. W. C. Fields plays Micawber, the improvident but lovable comic character.

At an open meeting Friday, March 15 the annual garden program was presented by the garden and conservation department of the Lake Zurich Community women's club.

Mr. Morgan gave a very practical and interesting talk on "Landscaping the Small Home Grounds." Illustrating his talk with beautifully colored slides.

Modernize Now—FHA Terms as Low as \$10.00 a Month. Repair old floors or lay new, patch the roof, insulate the attic, get that extra room and make other improvements.

Peaches and Cream Ham and Eggs Supply and Demand

Are inseparable combinations, almost always spoken of and thought of in pairs. But just as inseparable are the following:

- Spotless Linen and Neat Appearance
Clean Rugs and Healthy Children
Odorless Dry Cleaning and Longer Life for Your Clothes

Satisfied Customers and Barrington Laundry

Phone 26

"Johnny's sick! Hot water quick!" reach for a faucet instead of a teakettle. An automatic gas water heater gives you plenty of hot water, any time you want it. Think of what that will mean to your home, to your family. Any time you need it, just turn the faucet. No waiting for water to heat up. No climbing up and down cellar steps to light the heater—nor to turn it off. And if you depend on furnace coils to furnish hot water, there will be no aggravating or serious delays after the furnace is shut down in mild weather. With an automatic heater there is always enough hot water for the hundred and one demands of household work without ever giving it a thought. And if sickness strikes, sometimes late at night, you have hot water at once, without dangerous delay. The new liberal terms offer an easy way to have automatic gas water heating. For as little as \$11.50 down, the balance in small monthly payments on your G&H bill, you can have it installed in your home. And you have 48 months to pay! Visit your nearest Public Service Store. Ask about the liberal offer. Provide your home with the convenience of an automatic gas water heater. \$1.50 DOWN. PUBLIC SERVICE COMPANY OF NORTHERN ILLINOIS
