Look at its GRIP!

GOODYEAR

Those CENTER diamonds dig in, hold, stop your car quick! (Tests show other new tires slid 14% to 19% farther.) And this "Goodyear Margin of Safety" now lasts 43% longer. With blow-out protection in EVERY ply—a guarantee against road hazards and defects—all at NO extra cost, no wonder more people buy "G-3's" than any other tire. See it!

Owners first won by Pontiac's beauty soon discovered that the 1935 Pontiac is one of the most economical cars on the road today! Not merely remarkably free from the need for repairs, but so saving on gas and oil that it amazes even those used to driving smaller, lighter cars.

Since the 1935 Pontiac is a big, full-weight car such economy may sound incredible. But the report comes straight from owners. We do not quote sensational figures because such figures are usually obtained under special conditions. But if you want PROOF of Pontiac's economy, we are ready to supply it. Come in—and get the facts!
