

Barrington Bronchos to Compete in Palatine Relays Next Saturday

Local High School Track Men to Face Tough Opposition

Arriving this week for the annual meet at Palatine, Ill., the Barrington Bronchos will have to compete for this year's honor in the Palatine Relays. The following are the members of the team: Fred L. ...

Virginia Booth Ranked 8th in National Table Tennis

Virginia Booth of Barrington was honored with eighth place in the national table tennis ratings released last Saturday by R. G. Hammond of Chicago, chairman of the ranking committee of the United States Table Tennis Association. Miss Booth recently competed in the national meet, held a few weeks ago in Chicago, and advanced to the quarter-finals before being eliminated.

W. Altenburg Released by Peoria Ball Club

Willie Altenburg, local ball player, was released by the Peoria club of the Three-I League Monday after a week's tryout with the class B minor league organization. About 80 players were tried out by the Peoria club including several sent down by the Chicago Cubs.

Test Pontiac No Glare Windshield; Give High Rating

Although Pontiac engineers had beauty of design in mind when they adopted the "V" type windshield and devised the distinctive silver streak grilled radiator and hood it has been demonstrated by scientific tests that the combination of grille and sloping windshield actually has reduced glare and reflection in the driver's eyes by 50 per cent.

electric cell or "electric eye." In this way any variable human factor was eliminated. The "electric eye" was placed inside the front compartment at the approximate position of the driver's eyes. Then a 1000 watt light was located above and ahead of the car corresponding to an early morning or late afternoon sun, a position that is most distressing to a driver. The light intensity reading on the "electric eye" when the car with the lacquered hood and straight windshield was used was 119 or 1-10 of a foot candle. The same test applied to the new Pontiac with its chrome grille and 31 degree angle "V" type windshield gave an intensity reading of only .05 or 1-20th of a foot candle.—Adv.

Mineral Oil

Liquid Petroleum HEAVY A good thing to have on hand at this season when large intestines tend to become sluggish.

Tennis Nets Up

The nets at the Jewel Tea tennis courts were put up for the season early last week, and quite a few local and out-of-town players took advantage of the ideal tennis weather Saturday and Sunday to get in their first "work-outs" for the year.

Friendly CHANGE-OVER Service-

Let this Friendly Service for Winter-worn Cars Save you Money

There's a new freshness in the air... Mother Nature and the open road are calling.

But don't forget... it's all a sign that your car needs spring "change-over."

Let the Friendly Service man... your Mobilgas-Mobiloil dealer... do the job for you. He'll put your car in shape for the long drives... the hot days ahead, and he'll do it quickly, expertly... at very low cost. Every motorist should know how important this service is. Winter is hard on engine and chassis alike... with winter-worn oil in your crank case and the wrong lubricants at other vital points. You get less enjoyment out of your car... you risk costly parts.

Then, too, think of the many little "extras" that cost nothing but mean a lot to care-free motoring. Tire inflation, battery inspection, and many more.

Get your car ready for spring and summer now. Drive in today at any dealer or station that shows the sign of the Flying Red Horse.
