St. Paul Mother-Daughter Banquet Held at Palatine

The Mothers and Daughters banquet sponsored by the St. Paul Ladies' Aid society was attended by more than 100. The ladies were beautifully decorated with spring flowers. The program opened with group singing, words appropriate for Mother's Day to old-fashioned tunes. A piano solo was played by Miss Heartlett Meyers. Miss Verma Jump gave two readings. The toast to mothers was given by Mrs. Elvora Foster which was responded by her mother Mrs. Alma Arps. The speaker of the evening, Mrs. Elvora of Chicago, gave a wonderful address on Mothers and Daughters of the Bible. She pleaded for the real home Christian life which in so many homes is not found. She urged all to remember that the home was not alone for the family but God too was there to help guide and comfort those within. A candle light service followed under the direction of Mrs. Vooks. The large candle representing Jesus was the first one lighted, from it Mrs. Vooks took his light as a pastor, from his candle leaders of homes and schools took their light, which was given to the mothers and from the mothers received their light from the mothers. It was a pretty scene, all in darkness and finally show a radiance of light. An enjoyable hour followed.

Where Cold Weather Comes From
Cold weather comes from the north southwest in the form of cold air masses, or highs, which blow out of the Arctic basin, says an authority. The most frequent path into the United States is down the basin of the McKenzie river through western Canada, across Montana and the Dakotas, and gradually turning eastward. The Northwest gets the full shock of them, and consequently is normally the coldest part of the country.
