## Hans-Killip

Miss Norma Hans of Berwyn became the bride of John Killip of Lyons at a nuptial mass in St. Anne's church Saturday morning at which Father J. A. Duffley officiated. The ceremony was performed in the presence of members of the immediate families of the bride and groom and Miss Mary Killip and T. Hans served as attendants. After the service, a wedding reception was held at the home of the groom's parents. The bride, garbed in white, wore a long train and carried a bouquet of white blossoms. Her bridesmaid wore purple velvet and also carried a mixed bouquet. Following the reception, the young couple left for Niagara Falls. They will make their home in Barrington when they return. Mr. Killip, a free surgeon, is engaged in business in this community.

### Woman's Club

Doubtless there are many members who wish to present names for consideration to the Executive Board before the next meeting books go to press. We wish to remind our members of the recent revision governing membership. Section I, Article II, Membership, now reads as follows: "The name of candidates for membership shall be proposed in writing, such names to be recommended by three members of the club. To be eligible for membership a candidate shall have resided in Barrington or the surrounding community for at least a year. Members shall be elected by a unanimous vote of the Executive Board." An application blank may be found in the back of the year book and additional blanks may be secured from the president. All applications must be in the hands of the corresponding secretary, Mrs. Howard Breitinger, Tuesday, Sept. 17. It is necessary that applications be turned in promptly so that all names may appear in the new year book.

## Well Trained Servant

Newspaper advertising is most polite. It does not shout at you when you are trying to concentrate on something else; it does not obscure and mar the landscape; it does not interrupt your enjoyment of a good grand opera program; it does not clutter up your mail and waste basket; it does not make you turn to page 38 and then shuffle through 18 more pages to finish the story; it does not clutter up your front yard or obtrude itself onto the seat of your motor car on Saturday evening. Newspaper advertising is like a well-trained servant—never intruding or making itself obnoxious, but always quietly at hand ready to give service when called upon.

An adequate health examination and a comprehensive program for the future of every child in the home should include control of contagious diseases, healthy school environment, and hygienic standards in the entire curriculum life and extra-curricular life of the school.

"A program of health and physical education based upon the latest scientific materials, progressively arranged throughout the grades and upper schools and directed toward personal accomplishment and social ideals."

Plan Blue Revision

The school board has arranged for a bus service for children living out of town to represent the school in contests. Harford private cars have been used for transportation and although no accidents have happened, they feel that safety measures must be adopted. Students leaving town as spectators will use private cars if they have in the past.

Construction of a home in Liberty square will be started soon by the building trades club. They are to do most of the actual construction work and the more important things will be done by skilled labor.

Plans are being made for "open house" in the near future. Residents of Barrington will then have an opportunity to inspect the school building with its many new improvements. Display of school work will also be made by the many different grades and departments.
