Science Lecturer Stresses Need of Spiritual Light

Justice Samuel Greene Speaks at School Auditorium Tuesday

Justice Samuel W. Greene, C.S.B. ... delivered a lecture on "Science and Spiritual Light" Tuesday afternoon, October 29, under the auspices of the First Church of Christ, Scientist, Barrington, Ill.

must be like Him, and is therefore spiritual or spiritual. The human thought has been so prone to think in terms of matter that it is first reborn at the thought of an entire spiritual creation, and comes itself in its material theories by citing the beauties and glories of matter.

"Our chief concern in arriving at some proper understanding of Christian Science is to learn what a whole man has in this God-created universe. We are greatly surprised to find a new and perfect man that is created in God's image and likeness, and therefore partakes of the qualities of matter of God. It is indeed surprising to get a vision of man so different from the man of our material conception, who is constantly afflicted with material ills and who is destined always for death.

"Three Little Pigs" Coming to Catlow Theatre Nov. 16

Benefit Matinee Features "Unfinished Symphony," Schubert's Story

The "Three Little Pigs" cartoon fame has escaped edicts of the New Deal so far and will return to the Catlow theatre to delight those who attend the benefit matinee to be held Saturday at 3:00 p. m., November 16. The feature picture for this occasion will be "The Unfinished Symphony" into which a work of the music and important events of the life of Franz Schubert.

Barrington Hills The last party of the season at Barrington Hills Country club Saturday night was a splendid success. The many guests in costume gave a fine picture, and the dinner and dance made were of their usual excellence.
