

Libertyville Wildcats Defeat B. H. S. Bronchos on Last Minute Pass

Score Touchdown on Last Play of Game for 12-7 Win

B.H.S. Gridder's Take 7-6 Lead and Then Weaken; No Gain This Week-end

It is never "too late" when the "wild" was more than in the Libertyville Wildcats' victory over the B. H. S. Bronchos which was scored on the last play of the game.

Leap Year is Needed to Average the 365 1/4 Days

Leap year comes from the addition every four years of one day to the total of the ordinary year of 365 days. This is to make an average of 365 1/4 days to correspond more closely to the solar year of 365 1/4 days.

Discovery of Electric Light

It is uncertain when electric light was first produced by artificial agencies. The first successful display occurred in 1810, when Sir Humphrey Davy, with a battery of zinc elements, introduced the Royal Institution by producing an electric light with an arc 3 inches long between carbon points.

"Neither Fish, Flesh, Herring"

The expression, neither fish, flesh, nor good red herring means suitable for no class of people; for no particular use. Not fish, food for the monk; not flesh, food for people generally; not red herring, food for the poor.

To Tell Mahogany

Genuine mahogany may be recognized by pores which look like tiny pin holes in the end grain of the wood, such as are found at the end of a leg or arm of a chair, or at the edge of a table.

Chevrolet Sales Force Attends Dealers' Meeting to See New 1936 Models

Coincident with the announcement, today, that a shipment of the new 1936 Chevrolets is en route to Barrington, where these new cars will be presented on November 2, members of the Schaubert Chevrolet organization returned from Chicago, armed with detailed information about the new product, and highly enthusiastic over the outlook for the coming year.

They spent an entire day in Chicago, undergoing a course of training under the direction of G. Smith, a manager of the Great Lakes region, who with his sons, managers and several members of his staff recently returned from Detroit after a three-day training program along identical lines. Some 1000 members of Chevro-

let's wholesale organization attended the factory session, and the instructions they obtained are now being passed along to 35,000 dealers and dealers' salesmen throughout the field.

"We look forward to the best year we have ever had," said Fred Schaubert of the Schaubert Chevrolet Sales. "We have orders for new cars on hand already, but when the public sees these new models, it's going to keep us busy filling the demand. We had word today that the first shipment was on the way to Barrington, assuring not only plenty of cars for display on announcement day, but enough units for prompt delivery of the orders now on hand. Production has reached a rate which promises prompt handling of orders this year, but those on file prior to the announcement date will, of course, get preferred position on delivery."

Local men attending the session at Chicago included J. P. Schaubert, Fred Schaubert and Tommy Pettis.

125,000 PEOPLE IN THE CHICAGO AREA ARE LIVING BETTER BECAUSE OF GAS HEAT...

The THERMOSTAT does all the work in Gas Heated homes

No bed-time bother with the furnace. No early rising to tend the fire. Sleep hours longer and find the house warm when you awake. Gas heat removes every furnace worry, and it costs but a few cents a day more than old-fashioned methods.

TIME for bed. In some homes it is the time for scurrying around in the basement, banking fires, setting dampers, poking up, so that fires will last until morning. But in a gas heated home, time for bed brings none of this work and worry. Just sound sleep, unbroken by fears that fires will go out, that a chilly house awaits in the morning. With gas heat the house is warm when you wake, and there's no shivering trip to the basement at daybreak to tend furnaces.

heat, the clean fuel, this drudgery from old-fashioned heating is banished.

On the first cold day you'll appreciate the comfort and convenience that gas heat can bring to your home. Learn about it now. This is an ideal time to install gas heat. Luxury that it is, you'll be surprised how little more it really costs. Call your Public Service office for complete details and for free estimate of what it would cost to heat your home with gas. Act now and enjoy gas heat all winter long.

Ask for free estimate

Moreover, gas heat is clean. It eliminates hours of heart-breaking, back-wrenching toil. There's no constant scrubbing, no soot, no grime to keep you forever cleaning. With gas
