Leyden Captures N. W. Conference 1935 Grid Title

Defeated Arlington 6 to 0 for First Championship in History of School

Leyden High's powerful Eagles rounded out the most successful season in the history of the school by defeating the Arlington Cardinals, 6 to 0, at Heights last Saturday, to win the undisputed 1935 Northwest conference football championship. This is the first grid title ever won by the Franklin Park school.

Saturday's title-clinching game was hard-fought with the Eagles having a slight edge. Leyden made its touchdown in the second quarter when Gaaron crossed the goal on a wide end run from the two-yard line.

Basketball Ready to Push Footlight Out of Limelight
With football just about through for the season basketball is right at hand to take over the complete interest of Barrington high school athletes. Practice in the latter sport was started the first part of the week for those who are not out for football, but the first drill with a complete squad will be held next Monday.

Libertyville Defeats Warren by 28-6 Score; Finishes in 2nd Place
Libertyville's Wildcats won from Warren at Gurnee, Friday, by a score of 28 to 6 to finish in second place in the conference grid race.

The THERMOSTAT does all the work in Gas Heated homes

No bed-time bother with the furnace. No early rising to tend the fire. Sleep hours longer and find the house warm when you awake. Gas heat removes every furnace worry, and it costs but a few cents a day more than old-fashioned methods.

TIME for bed. In some homes it is the time for scurrying around in the basement, banking fires, setting dampers, poking up, so that fires will last until morning. But in a gas heated home, time for bed brings none of this work and worry. Just sound sleep, unbroken by fears that fires will go out, that a chilly house awaits in the morning. With gas heat the house is warm when you wake, and there's no shivering trip to the basement at daybreak to tend furnaces.

Sleep hours longer
In thousands of homes men and women are sleeping hours longer in the morning, thanks to gas heat. The minute they wake they realize the joy of having this ideal, automatic heating system. The house is cozy and warm. There's no coal to shovel, no icy trips down basement stairs. No ashes to sift and haul. No messy, dirty jobs to start the day wrong.

Moreover, gas heat is clean. It eliminates hours of heart-breaking, back-wrenching toil. There's no constant scrubbing, no soot, no grime to keep you forever cleaning. With gas heat, the clean fuel, this drudgery from old-fashioned heating is banished.

On the first cold day you'll appreciate the comfort and convenience that gas heat can bring to your home. Learn about it now. This is an ideal time to install gas heat. Luxury that it is, you'll be surprised how little more it really costs. Call your Public Service office for complete details and for free estimate of what it would cost to heat your home with gas. Act now and enjoy gas heat all winter long.
