Pomery Farm of Cuba is shipping stock in box cars. Brooding the International Livestock Exposition to be held in Chicago from November 30 to December 1. A group of Berkshire hogs were entered in heavy, medium and light classes.

Unfortunately contest failed in showing of brooding stock the grand champion owned by the Pomery Farm was not shown. At the Illinois State grand championships were awarded in the Junior board pig and age cow classes. A heavy Berkshire boar has been developed by A. C. Buchler, owner Pomery Farm, for brooding purposes. This herd showed in state fairs this summer contest in Old Age, Soodor, Junior Yearling Junior Board and Junior classes. A total of 27 champions for first, second, third, fourth and 19 other places, awarded the herd.

Three other noted Lake County farms, Thomas H. Wilson's, the Farm near Waukegan, the other farm at Libertyville, property of William Bartholomew, of Chicago; and Ancher Farms at Barrington, owned by M. H. Karber also made up for the competitions of the International Live Stock Exposition in Chicago.

The Pomery Farm will exhibit purebred shorthorn which has been leading winners at state fairs during the past two months. The exhibitor has also entered the classes for three shorthorn where in recent years their animals have won many of the highest awards. At the 1934 territorial fair, the Pomery Farm won the championship of the Ox team classes and reserve champion on an ewe entry; and Ancher Farms have placed prominent for the Belgian draft horse tests.

The forthcoming exposition marks its 26th year here November 30 to December 14 as the city's foremost annual agricultural show. Secretary-manager H. Heide reports a record entry of 10 breeds that will be represented on the list.

Growers from nearly 40 states in the union and province Canada are sending entries to the International Livestock show, the 17th to be held in connection with the livestock show. It is announced that although the entry closing date for all stock classes, with the exception of carlot competitions, was November 18, farmers have until November 19 for the grain show, entry for the carlot contest of fat feeder cattle, sheep, and swine will be accepted until November 22, a week before the exposition opens.
