Alley News

Several changes have been made in the 1935-36 basketball rules which are expected to greatly benefit the game. Here are the major alterations.

Rule 14, Section 13—An important change occurs here. A player may not remain in his free throw area, WITH or WITHOUT THE BALL, for more than three seconds while the ball is in play and in possession or control of his team.

Rule 15, Section 4—The first sentence of this section covers one of the important changes in the rules. If the free throw resulting from a personal foul is successful, the ball is to be put into play from out of bounds by an opponent of the free thrower.

Rule 7, Section 18—The definition of a dribble is revised. A fumble or attempt to gain control of the ball is not a dribble; that is, after mauling or fumbling, or tapping the ball from a group of players, a player may then recover the ball and start a dribble.

First Use of Name "Voleopoda" The name "voleopoda" was first given to the contrivance of the Frenchman Blanchard and Masuriet, introduced in 1770. It consisted of two wheels placed tandem and connected by a horizontal bar upon which the rider sat astride, propelling the machine by a motion of the legs as in walking, but pushing forcibly backward upon the ground.

Byron Loved His Dog For years Lord Byron had as his inseparable companion Boatswain, a specimen of Newfoundland dog. On the death of the dog Byron wrote the following epitaph for its grave: "Near this spot are deposited the remains of one who possessed beauty without vanity, strength without insolence, courage without ferocity, and all the virtues of man without his vices."

The Yellow Sea This large but shallow arm of the Pacific ocean is almost at all times characterized by waters of a yellowish hue. Responsible for its yellow muddy color are the sands that flow over it from the (lost) deserts and the yellow silt that empties into it from the yellow river of China.

Tides in Okhotsk Sea The tides in the Okhotsk sea, Russia, which occur only once in 24 hours, reach a height of 37 feet, according to Russian investigators.

Decide to Continue Church Basketball League This Season

At a meeting last Friday night it was decided to continue the Church Basketball League This Season. Five churches are included in the league—St. Paul, Salem, Methodist, Baptist, and St. Anne.

The first league practice is tentatively set for next Monday night and the regular schedule will probably get underway the second or third week in December.
