Prime Minister Not Elected
The prime minister, or premier, of England, is not elected. He is named by the crown. The nomination is somewhat restricted, however, since a prime minister could not carry on the business of government without the confidence of the house of commons, and such a vote of confidence is essential to retention of office. That is, when one party loses power the prime minister resigns, and with his resignation his cabinet is dissolved. There usually is a recognized leader of the opposition party, to whom the formation of a new cabinet can be entrusted.

Do Not Forget Famous Dates
Far be it from the Organizers to forget their famous dates in history. They may forget the particulars of what occurred, but forget the date—never. A daily lesson is taught to both grown-ups and children alike, and to visitors, too, many of the most important thoroughfares are named to commemorate dates of significance to Tregeay's history. The most important of these is the Avenida 18 de Julio, or 18th day of July avenue, so named in honor of that day in 1800 when the constitution of the country became law. Two others of importance are Calle 25 de Mayo and Calle 25 de Agosto, or 25th of May and 25th of August streets, the former named to honor the independence of the colonies of the River Plate, obtained from Spain in 1810, the latter being the day in 1820 when the independence of the republic itself was proclaimed.—Washington Star.

"Soldier" Imperialist
The soldier in Russia is the "Red Army Man," the word soldier being imperialistic and bourgeois.

Other, a Destroyer
That the other is a destroyer of fish life has been proved many times, says the Detroit News. It is as far back as the days of Noah that the other was considered a menace to fish life. In 1840's "Angler" we find this bit of lighted discourse: "Fiscator: I pray honest boatmen, let me not solve you, but I have heard the question has been debated among a great many clerics, and they seem to differ about it; yet most agree that her fall is fish; and if her body be fish too then I may say that an otter does so sometimes five or six or ten miles in a night, to catch for her young or get herself with fish, but sir I am sure the other do you're much more fish and kills and spoils much more than she other."

Rock Talks Weather
Pried by collectors of the "rock barometer," a beautiful piece of green stone, which turns a dirty green when there is an increase of moisture in the air. The stone is unidentified.

More Money for Sewer
Postponed Letting to Be Held Jan. 10 May Alter Plan
Village Officials Busy Series of Special Meetings

This Barrington's proposed improvement, partly paid for by a grant of \$83,500 to the public works administration has developed into a difficult problem has become more and more apparent since contract was awarded it as more a case of an act at the public letting Dec. 2. It is no secret now that contractors declined to bid because stipulated maximum contract price was lower than what estimate the cost of the job was. Many contractors called and were represented at the meeting December 2 when bids were to have been opened. But one bid for sewer construction of 1000 feet of pipe was submitted. No one contractor entered a bid for both. The trustees, village president, village attorney, engineers and village director of the public works administration have given time and thought toward working out some kind of plan that will keep the PWA's contract valid and make the improvement possible. Tentatively, another bid has been planned for January 10. Bids are called to be submitted by the PWA or some modification in plan or increase in maximum cost of sewer improvement. A special meeting of the trustees, engineers and attorney will be held at the engineers' office. Continued on page 5

Public Library to Be Kept Open on Friday Night
Decision Made at December Meeting of Library Board

Barrington public library is to be kept open on Friday nights four days a week, starting Jan. 1. It was decided at the December meeting of the board. "Library hours will be from 10:30 a. m. every Monday, Wednesday, Friday and Saturday to 10:00 p. m. on Friday nights, according to Miss G. Nelson, local librarian. At the same time, the library will be closed Christmas Day. Since the organization in 1935 has been kept open to the public three days a week, for many years, it was closed 4:30 to 6:30 p. m. on the Friday nights. The additional hours make it more convenient for library patrons to return books for new ones. More library days will be possible a quicker turn-over of books so that fast readers can have additional service and entire community enjoy profit additional reading time, it reported. Grade school children recently organized a Reading Club in the direction of Miss Doherty. Their group will have a book sale party at the library at 2 p. m. Saturday.

J. Schwartz Reports 1935 Assessment Schedules Are Being Mailed
John Schwartz, Barrington township assessor, reported that 1935 assessment schedules are being mailed out this week. Property owners will find a schedule on the schedule. It is with that those receiving schedules return them on the 4th stipulated. Mr. Schwartz will be at home, 142 W. Lake street, every day to receive schedules that will be returned. Those schedules without specified date can be turned in soon as they are received.
